

Strife Between Rebels, Troops Spreads in Cuba

Killings and Sabotage in All Six Provinces; Death Toll Now in Excess of 40

Havana — Street fighting broke out today in Santiago de Cuba and clashes between rebels and troops spread throughout the country in the wake of yesterday's abortive uprising. Thousands of troops under the command of Brig. Gen. Alberto del Rio Chaviano were reported at noon to have the situation in Santiago in hand. Troops firing machine guns mounted atop the roofs of key government and office buildings in the heart of Santiago scattered numerous rebel bands roaming the streets on foot and in jeeps or automobiles. The rebels raced about the main thoroughfares of Cuba's second largest city tossing gasoline - bottle bombs against stores and shops that ignored rebel leader Fidel Castro's call for a general strike. They exchanged fire with heavily-armed foot and motorized patrols of troops and police. Thousands of residents in the eastern city fled from the streets and into their homes. Virtually all public utility services were paralyzed. The death toll passed 40 throughout Cuba as bombings, killings and sabotage continued in all six provinces of Cuba. Rebels burned trucks and buses in three towns of Havana province and exchanged gunfire with soldiers. The army said several rebels were killed in this exchange. Rebels shot up three buses in western Havana, wounding a busdriver. Four bombs exploded in southeastern Havana, damaging private properties. Seize Weapons Troops captured a band of rebels who took refuge in a church after sabotaging water and electric power plants at Mariel, near Havana. A worker was killed in Mariel while trying to throw a bomb. Among nearly 30 rebels known killed in Havana was Marcelo Salado. Police called him a communist terrorist. Police seized arms in raids on rebel hideouts in Havana. Troops clashed with rebels who wrecked communications near Santa Clara in Las Villas province. The army said a number were killed on both sides. One band of rebels was barricaded in a church. Rebels bombed a bus station in Pinar del Rio. Police there moved into army barracks to concentrate the armed forces to cope with any rebel attack. All amateur radio equipment in the city was confiscated. Authorities seized a big arms cache in the town of Artemisa, including machine guns, grenades and fire bombs. Telephone and telegraph communications with Oriente province, rebel stronghold in eastern Cuba, still were cut. Police were shooting on sight as they pressed a roundup of rebels in Havana and at Matanzas, 63 miles to the east. These were the only two cities to respond to the rebel call for an armed uprising and general strike yesterday. Killed Hurling Bomb Rebel leader Fidel Castro's lieutenants said they would try again to overthrow Batista, "probably very soon." Instead of the 50,000 armed revolutionaries the rebel chief had said would rise up, probably less than 200 answered the call. The rebels insisted the 21-hour outbreak had been launched as a rehearsal for the long-promised all-out attack. But they were shocked and bitter that the public failed to heed their strike call, broadcast from briefly captured radio and television stations. In the government cleanup heavily armed national police shot to kill any motorist suspected of being a rebel. Turn to Page A15, Col. 1

Truman Suggests Science Pool Under Supervision of UN

Says This Would Create Practical Basis for Nuclear Weapon Control

BY HARRY S. TRUMAN

I think it is time we attempt a fresh start to meet the grave human issues posed by further and unrestricted nuclear experiments.

I would suggest that we might approach it in this way: The United States and Great Britain should invite Soviet Russia to join with them to pool scientific and technical resources in a program to provide for continued nuclear experiments, developments and tests — but under the control of the United Nations organization.

Truman

Since such an arrangement would operate within the framework of an international organization, it would, of course, provide for the inclusion of such other nations that have a contribution to make now or in the future.

In this way we could hope to create a practical basis for realistic control of nuclear weapons without risking the security of any nation.

Working Approach

At the same time we would achieve a truly international working approach to deal with the hazards of nuclear fallout.

There would be a further important gain as a result of this working together. We could free our talents and resources to the fuller development of

nuclear energy for the use of mankind as other sources of energy become depleted and exhausted. We cannot stop in the middle of the greatest scientific development in mankind's history.

I would suggest to the Russians that they give serious consideration to the advantages of

Russians Told Reds Will Stay Ready for War

But Khrushchev Says Communists Will Not Start One

Moscow — Premier Nikita Khrushchev told a crowd welcoming him home from Hungary today that the Soviet Union would never wage war "but we will always be ready if war comes."

"Wars mean killing people," he declared at Lenin's Sports palace. "Why should we want war when we have other means — I mean consumer goods." Khrushchev did not make this point clear, but he intimated there would be a sharp increase in consumer goods production for the Soviet people. "We will soon have an announcement," he said. "We are calculating the situation now. And then we will see in the final analysis who eats most and who has the most clothes."

Praises Kadar The premier praised Hungarian party leader Janos Kadar as "the man we can rely on" in describing his 8-day tour through Hungary.

Khrushchev was in a serious mood as he called Americans supercilious and their leaders "millionaires who always want their own way."

He asserted that the Soviet Union, however, would not give up hope of reaching an agreement with the United States.

On the question of controls and inspection flights for nuclear disarmament, he said: "The Americans want to fly over our country and want us to fly over theirs. We want to do neither."

Khrushchev told his audience he had almost talked himself out during his 8-day stay in Hungary, but spoke for 43 minutes. He told reporters he was "happy about the results" of the tests in the strangulation murder of Miss Margaret Gallagher in 1956. He did not elaborate.

Cleared in 2 Cases

Two newspapers said Cook did not clear a lie test on the slaying of Miss Gallagher, 50, who was killed while sunbathing in Lincoln park July 23, 1956.

The papers said Cook's lie test on the torso slaying of Judith Mae Anderson, 15, whose dismembered body was found in two oil drums in Montrose harbor last August, was "inconclusive."

The papers said Cook was cleared of any connection with the murder of three school boys in October, 1955, and the slaying of the two Grimes sisters in 1956.

Detective shot and critically wounded Cook Feb. 26 when he fled as they questioned him about a series of sex crimes on Chicago's north side. Later, he was named in true bills charging him with attempted rape, attempted robbery and two counts of robbery with a knife.

5 Women Injured in Bargain Sale Crush

Pittsburgh — A department store sale which the proprietors had advertised as "end the recession sale" turned into a near riot today. Five women were hurt when a plate glass window was broken.

The big window at the front of the store caved in under the press of hundreds of people. Four of the women were treated at a hospital for lacerations. Betty Casabona, 45, of Ambridge, Pa., was detained for X-rays of a shoulder injury.

The Bargain Barrel at Liberty and Market streets advertised it was selling a number of such items as television sets and fur coats for \$5 apiece. By the time the store opened a crowd had lined up for two blocks.

More than 30 policemen were unable to control the shooppers. Finally, Police Supt. James Clusser ordered the store closed temporarily. Police remained at the store later in an effort to have the shoppers line up for orderly entry.

Youth Quizzed On Slayings

Said to Have Failed Lie Detector Tests In 2 Chicago Cases

Chicago — A husky youth held under \$120,000 bond on charges of rape and robbery was reported today to have failed to pass lie detector tests in connection with two unsolved gruesome slayings.

Chief of Detectives Patrick J. Deeley confirmed reports that Barry Cook, 21, who has been in jail since Feb. 26 when he was shot while fleeing police, had spent nine hours in a private lie detector laboratory and questioned about four unsolved slayings.

However, Deeley declined to disclose the outcome of the tests. He told reporters he was "happy about the results" of the tests in the strangulation murder of Miss Margaret Gallagher in 1956. He did not elaborate.

No Great Cut In Foreign Aid

Committee Leaders Say Group Won't Make Drastic Changes

Washington — Two top house foreign affairs committee members joined today in predicting committee approval of a foreign aid bill cut far less than in some recent years.

Rep. Morgan (D-Pa), the committee chairman, and Rep. Vorys (R-Ohio) spoke as the house group prepared to start writing an aid bill next week after the Easter recess.

President Eisenhower wants \$3,942,092,000 in new aid money for the year beginning July 1. That would be 42 per cent more than the new funds congress voted last year after chopping more than a billion dollars from Eisenhower's request.

The foreign affairs committee cuts have ranged up to a billion in the past.

Ready to Draft Bill

Morgan predicted it will take his committee a couple of weeks of closed sessions to hammer out a measure designed to survive attacks on the house floor. The group has finished extensive hearings on the bill.

"I think it will come out of the committee with some reduction in the bill," he said. "I don't think the cut will be too deep."

Vorys foresaw "some reduction" but nothing like the wholesale slashing we have seen in laws—if the national legislation recent years," and he said he is approved. Few governors in the past have been willing to along with a "cautious" cut by the legislature into emergency session, because of the inevitability of incidental congressional votes.

Second, even if the state wanted to change its benefit laws—which is not certain—could it take a "loan" from the federal government, as the national administration proposes?

There are serious doubts about it. The state has a rigorous constitutional rule against debt of all kinds.

But there is also a widespread resistance to the nation-

3 Film Firms Named In Anti-Trust Action

Washington — Atty. Gen. Rogers today announced the filing of a civil anti-trust action against Universal Pictures, Inc., Columbia Pictures Corp. and Screen Gems, Inc., charging unlawful combination in the distribution of television feature films.

The action was filed in federal district court at New York City, where all three companies have headquarters.

Screen Gems, a wholly owned subsidiary of Columbia Pictures, was one of six film distributors charged in the same court a year ago with violating the Sherman anti-trust act by "block booking" motion pictures for television use.

The government alleged in that case that TV stations were required to buy films they did not want in order to attain a desired feature. That case is still pending.

Korean Airman Tries in Vain to Seize Plane

30 Years Old and a Native of North Pyongyang Province

Seoul — A Korean airman tried to seize a South Korean Air Force plane in flight today and force it to fly to North Korea.

The plane's radioman was shot and killed and the pilot and engineer seriously wounded before the interloper was subdued.

The co-pilot took over the controls of the C46 and landed it in South Korea at Pyongyang, 40 miles south of Seoul.

The would-be hijacker, who apparently was not hurt, was arrested.

It was the second such incident in two months. On Feb. 16 North Koreans forced the two American pilots of a South Korean civilian airliner to fly to North Korea. Later the communists released the 2 Americans and 24 of the 32 others aboard but are still holding the plane and its cargo.

Air force officials identified the captain who tried to take over the plane today only as Choi. They said he was about 30 years old and a native of North Pyongyang province.

Florida Drenched By Heavy Rainfall

Miami — A Spring storm dumped more than seven inches of rain on Apalachicola and six inches on Daytona Beach yesterday. Most of north and central Florida got a drenching.

Sporting events were cancelled wholesale. Showers also were falling to the south.

Thundersqualls were expected to rumble on the northern borders and leave heavy rains during the afternoon.

Winds at sea picked up.

Proxmire Won't Oppose Nelson For Governorship

Milwaukee — Sen. William Proxmire (D-Wis.) said today that "under no circumstances" would he oppose State Sen. Gaylord Nelson for the Democratic nomination for governor this year.

Proxmire said in a statement, "The only circumstances under which I would run for the highest office within the gift of the people of Wisconsin is if Sen. Nelson expressed a very strong preference for the U. S. Senate."

He said: "My own personal preference is to seek reelection to the U. S. Senate."

The probabilities, he added, "are very strong that I shall run for reelection, but I am not a candidate for any office yet."

In Nelson, he declared, the Democratic party has "a tremendously well qualified candidate, who will make one of the finest governors in Wisconsin's history." On the other hand, he noted, Nelson also "would make a brilliant U. S. Senator."

Five Pilots Who Participated in the famous air raid on Tokyo in 1942 are reunited in Los Angeles in front of a replica of the B25 plane which flew the mission from the carrier Hornet. A reunion of the Tokyo raiders will be held in Las Vegas, Nev., April 18-19. Left to right: Col. Travis Hoover, Howard A. Sessler, Roy Stork, Ted W. Lawson and Griffith P. Williams. Charles McClure, 825 E. Alton street, Appleton, was a member of the raiders. (AP Wirephoto)

State Cool to Ike's Jobless Aid Offer

Governor Would Have to Call Special Legislative Session

5 Children Die As Home Burns

Cleveland Mother, Young Daughter Escape Flames

Cleveland — A flash fire swept through a 21-story frame house today and killed five children, all under 8 years of age.

Their mother, who was preparing breakfast when the fire started, escaped with her 2-year-old daughter and stood in a driveway screaming. Neighbors tried to save the children, but the flames blocked off any rescue attempts. Efforts to persuade the children to jump from a second-floor bedroom window failed.

Killed in the fire were these children of Arthur Hicks, 30, and his wife, Ann, 24: Richard, 7, Robert, 6, Barbara, 5, Roger, 4, and Ronald, 4 months.

Mrs. Hicks said she was in the kitchen of the house with 2-year-old Christine when the fire started. She and the baby girl were burned slightly.

"I was in the kitchen when I heard a thud," Mrs. Hicks told newsmen. "I thought the children had gotten up. I turned and saw the pantry was on fire."

"I ran to the front room to call the fire department. I didn't know the number, so I dialed the operator. When I hung up, I ran back to the kitchen and was going to get the children. The whole house seemed to be on fire."

"All I could do was grab Christine and run out of the house."

"A neighbor coaxed three of the four children upstairs out on the front porch roof. I tried to get them to jump, but they went back in."

"Then he got a small ladder and put it up to the bay window on the south side of the house where the children were looking out, but the ladder was not high enough and the children wouldn't try to get out."

No April Showers Due for Fox Cities

Fox Cities — Considerable cloudiness and little change in temperature this afternoon, tonight and Friday. Low tonight 28-35. High Friday 45-53.

Appleton temperatures for the 24-hour period ending at 9 o'clock this morning: High 44; low 28. Temperature at 10:45 this morning, 40, with the wind from the northeast at 11 miles an hour. Weather map on Page B 15.

Sun sets tonight at 6:31, rises Friday morning at 5:17; moon rises Friday morning at 1:25, not visible in order to attain a desired feature. That case is still pending.

Visible planets are Jupiter, Saturn, Mars and Venus.

The Church Tower of St. Paul Methodist church collapses as flames destroy the 97-year-old wooden structure at Lynn, Mass. Fire Chief Joseph Scanlon estimated damage at \$100,000. (AP Wirephoto)

Good Offices Team Failed, French Say

Views on the Control of Tunisian, Algerian Border Remain Unsettled In Spite of Long Negotiations

Paris — Foreign Minister Christian Pineau said today the British-American good offices team has failed to reconcile French and Tunisian views on control of the Tunisian-Algerian border.

This is the most stubborn issue of all between France and Tunisia. Inability to settle it probably would mean failure of the mediation efforts which U. S. Undersecretary of State Robert Murphy and British Diplomat Harold Bealey undertook seven weeks ago.

The good offices team is expected to announce soon that it has been unable to get the two countries together for direct talks. France and Tunisia then might press complaints against each other before the UN security council.

Broad Outline

Pineau gave the foreign affairs committee of the French national assembly a summary of the Murphy-Bealey negotiations. The meeting was closed, but deputies present gave a broad outline of his remarks.

The foreign minister said, as Bealey did yesterday, that the first phase of the good offices mission has been completed. But he added that Murphy and Bealey have not yet said they were giving up in their task.

Pineau also ruled out any good offices mission by UN Secretary Gen. Dag Hammarskjöld if Murphy and Bealey give up.

France claims rebels fighting French rule in Algeria use neighboring Tunisia, a former French protectorate, as a base. France insists on a rigid border patrol and other measures to halt Algerian rebel activities in Tunisia.

Tunisian President Habib Bourguiba has rejected France's border patrol plan.

French troops in Tunisia control of French-built airports and the status of the big French naval base at Bizerte are other points of contention.

The French cabinet will discuss the good offices deadlock in an emergency session tomorrow. Premier Felix Gaillard called the meeting after conferring yesterday with Murphy, Bealey and Pineau.

Reach Impasse

Bealey said then that the negotiations had reached an impasse.

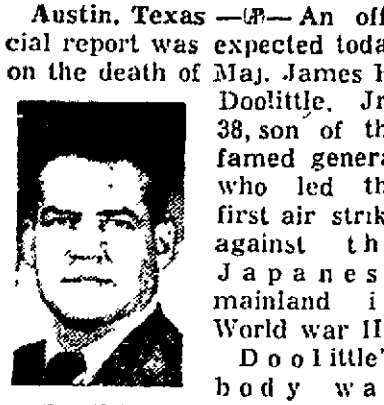

Relations between the two countries broke down after the French bombed a Tunisian village, claiming it sheltered Algerian rebels, and Tunisian President Habib Bourguiba demanded France withdraw the 22,000 troops she has in Tunisia.

The major difference remaining between France and Tunisia is control of the Tunisian-Algerian border. France wants strong controls to prevent Algerian rebels from crossing the border and using Tunisia as a sanctuary. Bourguiba, whose people sympathize wholeheartedly with the rebels, will agree to no controls on the Tunisian side of the frontier.

Bourguiba has said he will take the dispute back to the United Nations if the French refuse to compromise. This probably would result in expanded international discussion of the Algerian war, something the French have consistently fought.

Expect Report On Death of General's Son

Doolittle, Jr., Found Dead in Office With Bullet Wound in Head

Doolittle, Jr., Found Dead in Office With Bullet Wound in Head

Austin, Texas — An official report was expected today on the death of Maj. James H. Doolittle, Jr., 38, son of the famed general who led the first air strike against the Japanese mainland in World War II.

Doolittle's body was found yesterday in his office. He had been shot in the right temple with a .38 caliber service pistol, found on the floor near his body. Bergstrom air force base officials said.

Col. W. D. Dunham, deputy commander at the tactical air command base here, said an investigation report would show whether the wound was accidental or self-inflicted. He said there was no evidence of foul play.

Led Japan Raid

The major is the son of Lt. Gen. James H. Doolittle, who led the raid from an aircraft carrier to bomb Japan in 1942. He was in Puerto Rico when notified of his son's death.

The major's wife, Shirley, said he had not been ill nor did she know of him being despondent. She said his death was unexpected.

Funeral arrangements are pending.

The body was discovered by Capt. Homer J. Erfeld, the adjutant. He said he entered the major's office on squadron business.

Maj. Doolittle served 30 months overseas, completing 25 combat missions in the south Pacific and 25 in the European theater. After the war, he was assigned to the flight test division at Patterson AFB in Ohio. He served in Korea during 1954 prior to coming to Bergstrom in March 1955.

Flying Cross

He has been awarded the Distinguished Flying Cross and the Air Medal with five oak leaf clusters.

Doolittle entered the air force in March 1941. His home was listed as San Antonio, Texas. His family resided in Austin with him.

The major was commander of the 524th fighter bomber squadron and rated as a command pilot. The squadron is equipped with the supersonic jet F-101A.

In addition to the parents and wife, other survivors include two sons, Eric, 16, and James III, 14; and a brother, Capt. John P. Doolittle, currently stationed at Castle air force base, Merced, Calif.

A Fortress-Like Building on a man-made island near Collinsville, Ill., has created a real mystery. Although he has denied any interest in it, Rackets Boss Frank "Buster" Wortman has closely supervised construction on the \$250,000 project. The land was bought in the name of a Wortman associate, Sam Magin, who insists it will be a "boys club" for Collinsville youths. (AP Wirephoto)

Positive Points of U. S. Economy to be Accented

Antirecession Advertising Based on 'Confidence in a Growing America'

New York — An antirecession advertising program to accent positive points in the U. S. economy was launched today.

The advertising council, a nonprofit organization representing all branches of advertising, announced a 4-month campaign based on "confidence in a growing America."

Charles G. Mortimer, president of General Foods corporation and co-chairman of the council's industries advisory committee, said, "I don't think it is an exaggeration to say that recession begins and ends in the minds of men."

"Unlike statistics of the weather, behind every economic statistic are the decisions of human beings and human beings can be confident or fearful. The very indices of the country's economic health are really an averaging out as to how businessmen feel about business prospects. They are an index to a state of mind."

The program will stress seven basic reasons for confidence in America's future.

1. More people. U. S. population has doubled in the last 50 years.
2. More jobs. There are 15 million more jobs than in 1939.
3. More income. Family income after taxes is at a record high of \$5,300 and is expected to pass \$7,000 by 1975.
4. More production. U. S. output doubles every 20 years.
5. More savings. Personal savings are a record \$300 billion.
6. More research. An outlay of 10 billions a year will pay off in more jobs, better living and new industries.
7. More needs. The U. S. needs \$500 billion worth of schools, hospitals, highways, homes and heavy equipment.

The council will carry its message to the nation through virtually all media. Time and space will be contributed by advertisers and the media on a volunteer basis.

A similar program was staged in 1954.

Mystery House Stirs Interest

Rackets Boss Creates Fortress-Like Island Near Illinois Town

Collinsville, Ill. — Rackets Boss Frank (Buster) Wortman has created a mystery with a fortress-like building on an island which he made in a wooded area near Collinsville.

Interest in what Wortman plans to do with the project has been rekindled by new activity. Men are at work inside and outside the building, which had been all but deserted since it was erected a year ago. Well-dressed men driving late model cars frequently visit the site.

A Wortman associate purchased a 120-acre tract in the woods and converted the area into an island by digging a moat around it diverting a creek into the moat.

Gambling Casino

Residents of the area fear that Wortman plans to use the building as either a hideout or a gambling casino. Federal agents have charge that Wortman heads a million dollar-a-year betting operation in the East St. Louis area, just across the Mississippi river from St. Louis.

Two of his associates have been indicted by a grand jury investigating his activities, but no charges have been filed against Wortman.

Wortman has denied that he owns any part of the island. But he supervised the construction, which began about the time slums into the middle income group. He said they will be with men trying to find their way out of the city slums into the mushrooming — and now almost exclusively all-white — suburbs.

Predicts Two-Thirds Of Negro Population Soon to Live in North

Wilberforce, Ohio — Within the next 10 or 15 years, two-thirds of the nation's Negro population will be living north of the Mason-Dixon line, says Dr. Willard Johnson, director of the National Conference of Christians and Jews.

Speaking here Wednesday at a conference on human relations at Central State college, a Negro school, Dr. Johnson predicted the growing Negro population of the north will gradually rise into the middle income group. He said they will be with men trying to find their way out of the city slums into the mushrooming — and now almost exclusively all-white — suburbs.

Elderly Man Dies Of Crash Injuries

Milwaukee — An elderly man, injured in a 2-car crash in Brown county Sunday, died Wednesday, raising the 1958 traffic fatality toll in Wisconsin to 172. At this time last year, 209 persons had died.

Henry Serrahn, 74, of Saxon, died in a Green Bay hospital Wednesday. He was injured in a collision on Highway 29-32 in near the downtown district, the town of Hobart Sunday Claude Padilla, 18, and Richard while driving to Sturgeon Bay and Romero, 17, were unconscious when they were found Saturday.

The three are reported improving in a hospital.

Clayton Lambert Given Life Sentence in Death Of His Former Fiancee

First Degree Verdict 'Just, Fair,' Fond du Lac Judge Tells Jurors

Fond du Lac — Clayton Lambert, who admitted that he went on a hunting trip after killing his former fiancee and her escort while they sat in a car parked on a city street, was sentenced to life in state prison today.

He was convicted of first degree murder by a circuit court jury Wednesday. Before pronouncing the mandatory life sentence, Judge Russell Hanson commended the jurors for a "just and fair verdict."

The panel deliberated only an hour and 20 minutes before reaching the guilty decision in the case of the 30-year-old mechanic who testified at his own trial, "I was in a blind rage."

Marie Riel, 26, of rural Barnston, and Wallace R. Madison, 38, of route 1, Bonduel, were shot to death around Jan. 8 as they sat in an auto in front of Miss Riel's rooming house here.

Lambert was tried on only one count, the death of Miss Riel, who had broken off their engagement just before Christmas. He showed no emotion as the verdict was read, standing with head bowed and with his left hand over his mouth. He was taken from the court room to his cell and made no comment.

Police began searching for Lambert as soon as the riddled bodies of the couple were found in the car by a passerby. Lambert was arrested without incident as he returned from a hunting trip north of Fond du Lac. Police found a dead rabbit on the back seat of the car and a loaded shotgun on the front seat.

Took The Stand

Lambert took the stand earlier Wednesday and recounted details of the shooting. He said that after driving to Miss Riel's rooming house he saw Madison's car and walked over. "I had in mind to ask Wally Madison just how long he was going with Marie and if he was doing so before I broke up with her," Lambert said.

He said the woman was "sassy" and Madison ordered, "Get out of here," before the two men argued.

"Violently Mad"

"I got violently mad," Lambert said, and continued: "I ran back to my car, opened the door and saw the .45 pistol on the floor of the back seat. I picked it up, put a shell in the gun and ran back to the car, and he rolled the window down a little way as I was coming back. He said, 'Oh, no.' I fired the bullets."

"I was in a blind rage, and when I ran back to their car I could not see her. I could not make either one out distinctly. I recall firing the gun. I ran back to my car, got in and drove home."

Oldtimer Admits State Of Nudity at Birth

Denver — An elderly man, applying for admission at Denver General hospital, looked puzzled at admission clerk Carolyn Schepker's question, "What was your state of birth?" she repeated.

The oldtimer scratched his head and answered, "Nude, I guess."

Truman Enjoys Having Crowd Of Company on Morning Walk

New Haven, Conn. — The little girls in pigtails, the boys with school books and their mamas and papas all gathered around today to accompany the gentleman from Missouri on his morning walk.

And Harry S. Truman spoke to them with a chuckle: "I enjoy this. The bigger the crowd, the better I enjoy it."

More than 100 persons, including a television clown and a baby in a stroller, were on hand when the former president took off from Yale's Dwight Timothy college for a 15-minute walk at 7:30 a.m.

Most of them went along, the youngsters walking so close behind that Truman laughingly threw back an injunction, never missing a step: "Boys, I wish you'd keep off my heels. You might pull my shoes off."

And, to the people straggling along in front of him in the clear, crisp weather: "Boys, if you can't keep up in front, keep behind."

Get Answers

People trotted up behind the 73-year-old former president and snapped questions in his ear. They always got an answer.

Should America stop nuclear testing? "No, when you're doing a scientific experiment, you don't quit in the middle. You don't have any trouble getting an answer from me."

Had he considered running for the presidency in 1960? "No. How could I do that at 76?"

Did he think the Republican party considered itself sacrosanct? "It's characteristic of them. They think they're next to God, but they aren't."

The walk ended where it started. The crowd — now mostly Yale students, newsmen and other adults — milled about Truman. A few children watched with parents from across the street.

Truman made a parting little speech and started on his final day of seminars at Yale as a Chubb fellow: "I hope this has not just been a show for you. I hope it's a practice (early morning walks) you'll all keep up."

Two stalwarts of the Republican party got acquainted when Gov. Vernon Thomson paid a visit to Appleton. The grinning governor is shaking the hoof of Bertha, whose forebears are traditional symbols of the GOP. The elephant is owned by William Griffiths, Jr. (Post-Crescent Photo)

To Your Good Health

Many Things Cause Kidney Stones, Treatments Differ

By Joseph G. Molner, M. D.

"Dear Dr. Molner: My husband was operated on for the removal of a kidney, and the doctor put him on a low calcium, phosphate and ash diet, three years ago. Since then the doctor has passed away. Is the diet still necessary?" Also what does Vitamin A consist of?—Mrs. J. K."

trouble disposing of uric acid. For this, a diet low in purines (legumes, or the pea and bean vegetables), and low in glandular meats (sweetbreads, liver, and the like) is advisable. Likewise, in this case an alkaline ash is desired. With cystine stones, an alkaline ash is the important thing. When we speak of "ash" in this case, we are concerned with whether the urine is acid or alkaline, of course. Your doctor will describe simple tests to determine this, and he may well tell you to use certain drugs to help maintain either the acid or alkaline ash, as may be required in a given case. Despite the best efforts, stones may recur in 8 to 10 per

cent of cases—so, precautions are advisable. I don't expect you to remember the different chemical types of stones; your doctor will do that, and tell you what kind of diet to follow, and while it won't be 100 per cent perfect, it will surely help. Another thing: Crystals (or "stones") form in a strong solution, but not in a dilute solution. That applies to the urine in the kidneys. It is extremely important to drink lots of water to keep the urine dilute and keep it flowing. As to the question about Vitamin A—well, it's a chemical similar to carotene, and is found in carrots and other yellow vegetables, most green vegetables, egg yolk, butter and other substances. There is nothing absolute about its ability to help prevent stones, but it may work. In any event, it can't do any harm. (Copyright, 1958)

Country Must Look Again to Conservation

Senator Humphrey
Suggests Group
Similar to CCC

BY HUBERT H. HUMPHREY
U. S. Senator From Minnesota

Washington — Conservation of America's natural resources of timber, soil, water, and wildlife for the generations has become an accepted goal of public policy during the last 50 years, thanks largely to the continuing efforts of a large group of dedicated men and women working through organized conservation groups.

Few developments have caused them more distress than the fact that since the closing days of the Civilian Conservation Corps at the beginning of World War II, it has been virtually

(This is another in the "statesmen's series" of columns being written by distinguished persons in the government, national affairs, business and the military for Thomas L. Stokes who is seriously ill.)

impossible for the federal and state conservation agencies to keep pace with work that needs to be done in management and development of our natural resources.

Today, 15 years later, only the memories of the three million former CCC boys and their magnificent legacy of improved forest stands, trails, campsites, clear streams, and wildlife cover survive to remind us what young hearts and muscle, led intelligently, can do to improve the natural blessings of our nation.

Demands Increase
Our demands for lumber and pulp, for water, for grazing land, and for outdoor recreation, are all increasing geometrically. What, they ask, are our children and our grandchildren going to do for all these things that we take so for granted?

In recent months, the friends of conservation represented by such great organizations as the American Forest association, the American Planning and Civic association, the Citizens Committee on Natural Resources, the Izaak Walton league, the National Parks association and National Wildlife federation, the Sport Fishing institute, Wilderness Society, and the Wildlife Management institute, have rallied together in a study of the hard-core needs, for a program to put our natural resources back in shape. They found conservationists in government, in such agencies as the U. S. Forest service, The Soil Conservation service, the National Park service, and the Bureau of Land Management, have a backlog of undertaking ready to move ahead at a moment's notice which could be pulled together into a comprehensive program to meet the timber, water, grazing, and recreational needs of 25 and 50 years from now.

Investment of \$11 billion over a 10-year period would make it possible. Furthermore, most of this amount would bring measurable dollar returns—a five per cent return, for example, on the investment in timber stand improvement and re-seeding. Twice as many cattle could be grazed on the western rangelands at the end of such a program.

At the same time, during these past months, serious unemployment problems have developed among two groups—the underemployed part-time farmer and woodsmen (and this includes many reservation Indians) and the young boy out of high school without a job and no prospects of a college education.

Asks Legislation
Conservation public works—stream bank stabilization, re-vegetation, tree planting, trail building, for example—are quickly initiated. They can put people to work almost immediately on projects already planned—good, healthy outdoor work.

That is why on March 31 I introduced legislation to set up a youth conservation corps of 150,000 young men.

I am truly hopeful that bipartisan support will bring the new conservation corps into existence, and that we will have the wisdom to rededicate ourselves as a nation to the task of conserving and enriching our natural resources for the use of the generations to come.

400 to Meet Here for Red Cross Conference

Outagamie County Chapter Will be Host For Second Annual Parley of Volunteers

About 400 women from over the state will gather in Appleton Saturday, May 3, for the second annual conference of Red Cross volunteers. This also is the second time the Outagamie county Red Cross chapter has acted as host for the event.

Principal speaker will be Mrs. Phillip Pillsbury, Minneapolis, an active volunteer. She will discuss, "The Role of the Volunteer."

The all-day session will begin at 8:45 Saturday morning at the Masonic temple with registration and coffee. All events will be held there at 10 o'clock, introductory and welcoming

speeches will be offered by L. L. Doerfler, chapter chairman; Appleton Mayor-elect Clarence Mitchell; Kenneth O'Connor, Madison, state field representative; and Mrs. Chadbourne Taylor, St. Louis, director of volunteer for the midwestern office.

Workshops will be held from 11 o'clock to 12:30 and luncheon will be served at 1 o'clock. A recapitulation of workshops will be given by Mrs. Don Morrissey, Appleton, at 2 o'clock and Mrs. Pillsbury is scheduled to speak at 2:30.

Aiding the Outagamie county chapter will be the Oshkosh chapter, circulating hostesses; Neenah chapter, displays and registration; and Menasha chapter, flag ceremony.

Participating ministers will be the Rev. H. Shelby Lee, pastor of First Congregational church, invocation; the Rev. Carl Wilke, rector of All Saints Episcopal church, grace; and the Rev. F. C. Reuter, pastor of First English Lutheran church, benediction.

Also participating will be representatives of institutions served by Red Cross volunteers. They will act as resource people and leaders for workshops.

Truman Suggests Science Pool Under Supervision of UN

CONTINUED FROM PAGE 1

working together for peace by pooling efforts with the west. The world needs to be released from the burden of fear that we might all be plunged into the maelstrom of a new war. Propaganda and unilateral declarations of intent will allay no one's fears and serve no purpose but to create further mistrust.

We and the free world must continue to build our strength while we hope that Russia will one day give up her plan to sovietize the world.

Here at home I think certain people—of both political parties—who are so ready to agree that the United States has suffered a major propaganda defeat at the hands of the Russians on the nuclear issue, ought to be set straight.

I don't believe in propaganda. I believe in truth.

I believe in action. I believe in a straightforward program and forthright talk. And I think it easy to see through propaganda.

No Influence

Propaganda that is based on mere talk without action resolves no historic differences and has no enduring influence on international issues.

The Russian declaration that the Soviet Union is unilaterally suspending nuclear weapons is just talk and nothing but propaganda.

Unless there is proof of performance, this declaration of intent by the Russians will accomplish nothing to allay world fears now or in the future.

How then could anyone construe this as any kind of victory for the Russians? At most this propaganda might, for a short time, tend to impress certain groups here and abroad who by now ought to know better.

There is, of course, only one reason why even this obvious propaganda is having some effect on some people, and that is because our leadership is lacking in action and creative thinking and a clear-cut and consistent program.

Such lack of leadership provides opportunities for the Soviets to practice their crafty propaganda techniques.

We have been sitting still while Russia has been acting.

School Has Course for Overstuffed Students

Logan, Utah—Utah state university, which teaches its agricultural students how to add pounds to farm livestock, has added a new course for overstuffed collegians.

The class is reserved for students who are grossly overweight and have had trouble doing anything about it on their own.

"What we are trying to do is to help these individuals develop skills and hobbies that can assist them in keeping their weight normal," explains Dr. Dale O. Nelson.

The results so far? "These students lose an average of two to three pounds per week," Nelson says, adding that the reducing class has become quite popular among adults through an extension service course.

and advancing. As a consequence of our failure to act and to lead, Russian expansion and penetration in the Middle East and the Far East is continuing and the danger to the west is growing.

Hard on Friends

Yet we have been hard on our friends and at times have driven them to despair by our vacillating policies.

It is not Russian propaganda that has gained expansion for the Soviets. It has been Russian action as against our inaction.

I would say, therefore, let our leadership lead. Let us have bold and imaginative programs and let us act in a way that will restore the confidence of the free world in our true strength and purposes.

And let us keep in mind, as we are faced with the monumental problem of dealing with unrestricted nuclear experiments and atomic weapons, that 40,000,000 people were killed in the last war by conventional weapons.

The real test facing humanity is how to prevent another war. Unless we can prevent another war in this age, the choice of clean bombs or dirty bombs or tests or suspension of tests are secondary.

I realize, of course, one of the difficulties of dealing with the Russians is the instability of their leadership. Soviet dictatorships have a history of uncertainty of tenure and reversals of policy as succeeding dictators seek to discredit or disavow their predecessors.

What are the chances of any commitments made by a Russian dictator having validity or durability?

Khrushchev is now supreme ruler in the Kremlin. He has been pressing for another meeting at the summit.

Exploit Achievements

Khrushchev has been exploiting Russian scientific achievements to browbeat the West and intimidate the satellites. Khrushchev prefers bi-lateral meetings to working through the United Nations.

In fact, Khrushchev wants to use a summit meeting to get around the United Nations, especially on the question of disarmament.

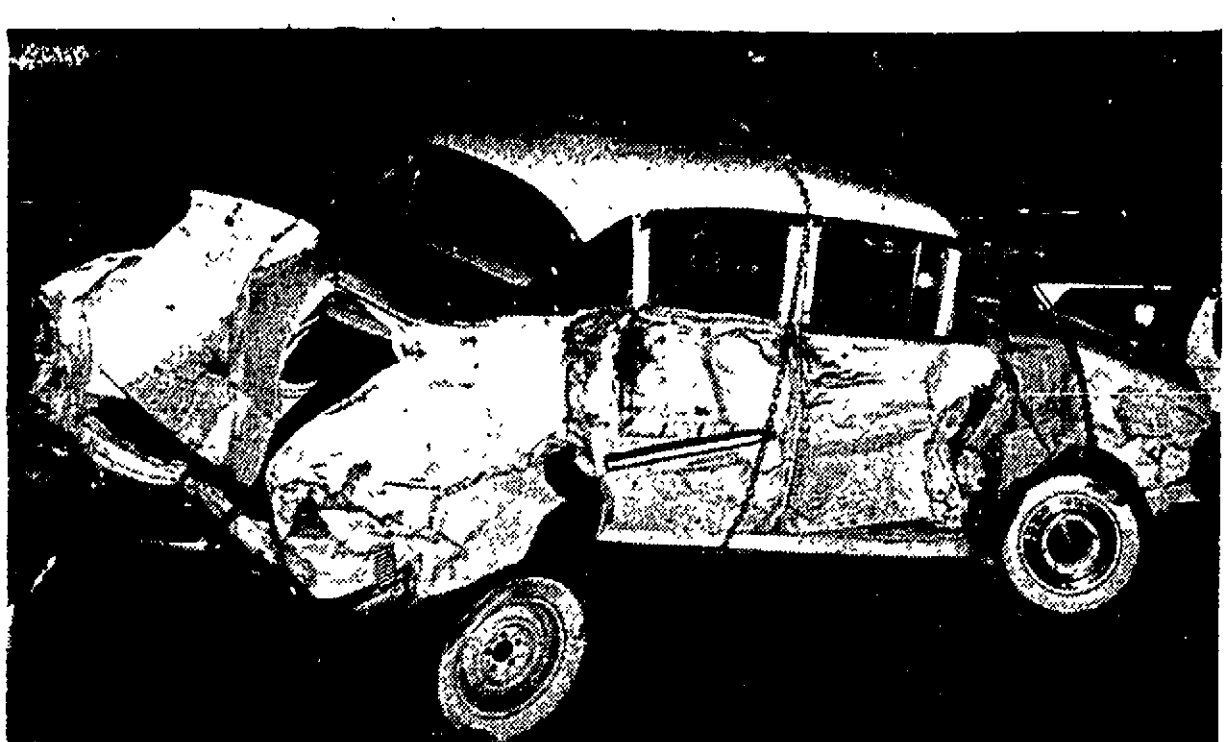

There can be no genuine disarmament except through the United Nations and a system of international control and inspection.

Therefore if Khrushchev seeks another summit conference let him come to New York and make his proposals before the United Nations. And our government should invite and encourage him to do so.

This may provide a fitting occasion to take up the question of a joint common effort by the United States, Great Britain and Russia for development and control of atomic energy for the benefit and security of all nations, and for peace.

To Place A Want-Ad
Dial 3-4411

This Is the Wreckage of a Car Hit by the Chicago and North Western northbound 400 streamliner shortly after 8 o'clock Wednesday night. The driver, Paul F. Damro, 60, 1501 E. Harriet street, leaped to safety minutes before the train hit the car at the N. Superior street crossing. Damro told police he was driving south on N. Superior and his car caught on the tracks when he turned too short. He saw the train approaching, and jumped from the car, Damro said. The 400 was delayed a short time. Firemen were called to flush away gasoline from the car's ruptured tank. (Post-Crescent Photo)

State Cool To Jobless Aid Extension

CONTINUED FROM PAGE 1

al administration proposal on its merits.

Gov. Thomson apparently has hesitated to oppose the president publicly, but he is known to have responded doubtfully when he was asked about it in a telephone call from the White House several weeks ago.

He explained in an interview this week that the national proposal would alter the character of the pioneering Wisconsin jobless benefit program completely and would introduce the principle of the dole into a program that has been managed on a funded insurance principle.

The Wisconsin system, first in the nation, was based on the idea that an employee would draw benefits, in the event of a

lay-off, in proportion to his employment experience and earning record.

The employer, conversely, pays taxes to support the system according to experience rating. A stable employment record is rewarded with a lower tax liability.

Discriminatory
Under the federal extension plan, that principle would be disrupted and possibly destroyed, as state officials see it. The employer with a good employment record would be penalized, to the extent that the additional withdrawals would exhaust individual employers' accounts and impose liability upon the fund as a whole.

Such extensions on a dole method also would be discriminatory, to the extent that non-covered employees would not be eligible for the emergency assistance payments, officials also explain.

Actually, the Wisconsin fund is one of the most carefully managed in the country, with

Lad Donates Savings to Polio Fund Campaign

Stuttgart, Ark. —(P)—Garry Alan Johnston, 4-year-old grandson of Mr. and Mrs. Joe Allen of Stuttgart, was so impressed by March of Dime publicity that he donated his life savings of \$3.05 to the polio fund.

He said he wanted to give the money "so other little boys and girls can run and play like I do."

respect to its ratio of withdrawals to reserves, and benefit payments could be increased either in amount or in duration by state action without regard to emergency national treasury assistance. Statehouse officials believe that if the legislature decided to increase benefits, it would do so without recourse to a federal loan. The state fund balance now stands at nearly \$250,000,000, highest in history.

Church Case First Before Supreme Court

Open Bible Group
Denied Right to Build;
Appeals Decision

Post-Crescent Madison Bureau

MADISON — The Wisconsin state supreme court has been called upon to decide, in the first case of its kind ever brought before it, whether residential platting restrictions can be invoked to prevent the building of a church.

The court is to rule within the next month whether The Church of the Open Bible can erect a church building in Appleton on a lot within a plat covered by a restrictive covenant permitting only construction of single family residences.

Counsel for the church maintains that such a restriction is unconstitutional and against the national welfare. If such a restriction is upheld, it is claimed, it may provide a tool for anti-church forces. Through such action, the court is told in a brief, churches could be forced to build only in rural places, removed from the centers of population.

Restriction Strained
The plaintiffs in the case are other property holders in the residential subdivision who argue that the restriction is clear and unequivocal and that such covenants have repeatedly been upheld by the courts.

Although no Wisconsin cases involving a church are cited, counsel for the plaintiffs said courts of other states have consistently held that churches are subject to such rule as are all other interests.

A summary judgment against the church construction was issued by Circuit Judge Andrew W. Parnell and was appealed.

In this decision, Parnell noted that the courts have made a distinction between zoning ordinances, on the one hand, the restrictive covenants, on the

"Just think . . . If Pat Boone were to call us, his voice would come over that very phone!"

Farm Bureau Offers Support Plan Based on Siding Averages

Springfield, Ill. — A plan to "get the government out of the farming business" and to improve farm income was outlined Wednesday by the president of the American Farm Bureau federation.

Charles Shuman of Sullivan said the new type of price support program recently proposed to congress by the Farm Bureau would help forestall surpluses and improve net farm income by more nearly gearing production to demand.

Bureau Proposal
"Government crop controls have failed to eliminate surpluses, and legislation to fix prices has not resulted in satisfactory farm income," he told other, and have ruled out ordinances when they have proposed to exclude churches.

the 1958 agriculture - business conference here.

No program will work satisfactorily if support levels are based on arbitrary formulas geared to long-past periods, he said.

The Farm Bureau's proposal would be based on 90 per cent of a 3-year average of the commodity, rather than on a percentage of parity, he said. Supports could move both up and down while protecting the farmer from fluctuating market prices.

Beginning in 1959, the proposal would affect corn, cotton and feed grains. Supports for feed grains other than corn would be comparable to corn after adjustment for differences in feed values and other factors, said Shuman.

"The Farm Bureau's new farm price support program is not designed as a cure-all for agriculture's ills," he said. "It is a method of getting the government out of the farming business and recognizing the fact that farm prices are made in the market place. It would put farm products into the hands of consumers rather than in government storehouses."

Helpful Hands 4-H Plans Float for Rural Youth Day

Greenville — A float to be entered on Rural Youth day was planned when the Helpful Hands 4-H club met at the home of Ruth Schueler, route 1, Appleton.

Joan Knuppel is in charge of its completion and will be assisted by Ralph Wohlt, Ruth Schueler, Joyce Knuppel and Duane Bosin.

Safety posters were presented by Joyce Knuppel and Ralph Wohlt and safety essays were filed by Betty Bauman, Betty Gosse and Ruth Schueler.

A demonstration on how to make bound buttonholes was given by Joan Knuppel and Ruth Schueler gave a safety talk.

Mrs. Clarence Schueler was appointed garden leader.

The next meeting will be at the home of Ralph Wohlt, Greenville, May 5.

Madison Man Will Talk to Ad Club

Ralph O'Connor, Madison, general manager of radio and television stations in Madison, will address the Fox Valley Advertising club, April 17, at the Town House restaurant, Fond du Lac.

He is a member of Broadcast Pioneers, a trade association, and past president of the Madison Advertising club.

O'Connor is chairman of Gov. Vernon Thomson's committee for employment of the physically handicapped.

The dinner meeting is set for 6:45 in the evening.

Homemaker Council Members Attend Manitowoc Meeting
Members of the Outagamie county Homemakers council attended a district council meeting in Manitowoc Wednesday.

Attending the meeting were Mrs. Deforest Meyer, Mrs. Alvin Tiedt and Mrs. Harold Schmeichel, all of Appleton.

Mrs. Edward Peotter, Sr., and Mrs. Elmer Moeller, both of Seymour, Mrs. Willard Sager, Black Creek, and Mrs. Paul Winterfeldt, Black Creek, Mrs. Elmer Root, Horton.

Heating Code Talk
The Appleton Heating board will meet at 7 o'clock Monday night to discuss incorporating a hot water heating and low pressure steam heating code in city ordinances.

Pool Jobs All Filled, Report To Committee

Repair of Filter Valves in Erb Park Facility Ordered

Lewis H. Precourt, Erb park swim pool director, has completed hiring guards and attendants for the coming pool season, the welfare and recreation committee was told Wednesday night.

Committeemen instructed the chairman to authorize Director of Public Works Edwin J. Duszynski to make the decision about replacements for filter valves at the pool.

Sand Blasting

Ald. Mrs. Dorothy Stillings, committee chairman, explained one of the filters is ineffective and apparently has been that way for several years. Sand blasting of the valves will cost no more than \$300 each, she said.

Committeemen agreed all valves, in the pool since it was built about 18 years ago, should be inspected, sand blasted if needed and replaced if Duszynski thinks they should be.

William Storm, of the sewage treatment plant, and the street department is to do the work.

A representative of Hardware Mutuals, city workmen's compensation carrier, will be invited to the next committee meeting to explain why the company has refused a claim by Mrs. Hilda Foster, cook at the city home. Mrs. Foster slipped and fell in her room at the home and broke a hip. The resulting expenses amounted to \$1,083.35.

Transfer Licenses

Transfer of tavern licenses for the Avenue Bar, 333 W. College avenue, from Ross Fitch to Earl Junion, route 2, Menasha, was approved.

Wiesler Construction company, Inc., was granted a sidewalk builder's license.

Approved for bartender's licenses provided they meet all requirements before Wednesday night's council meeting are Edward Baumhardt, 215 N. Morrison street; Harold E. Delrow, 713 Williams street, Menasha; Melvin Frahn, 1514 E. Gunn street; Gerald Hammon-

Dr. W. C. Felton Resigns as City Health Official

Dr. William C. Felton, 77, 519 N. Garfield place, Wednesday resigned as city physician and health officer effective May 1.

Dr. Felton served in the combined health jobs since 1944 when he succeeded Dr. F. J. Huberty.

Dr. Felton also served from 1922 to 1926, and returned again for one year in 1935.

The doctor, who gave up private practice several years ago, served the city a total of 21 years as physician and health officer.

The city physician and health commissioner post is one to which the council will elect someone at Tuesday night's council meeting. There have been no applicants to date. The term of office starts May 1.

'Satellite' Causes Stir When Found Near Courthouse

Fayetteville, W. Va. — (AP) — Dana Carte, trusty in the Fayette county jail, ran right to the sheriff's office when he found what looked like a navy Vanguard satellite on the courthouse lawn.

The story spread fast Wednesday. Police, lawyers and others filled the sheriff's office. Photographers from three newspapers were on hand.

Office Manager Jack Robertson tried to call the naval research laboratory at Cape Canaveral, Fla., but the operator said the laboratory was not accepting calls.

The object was examined with a magnifying glass in an attempt to read the writing inside. One man said, "This will sure put Fayetteville on the map."

The excitement died down suddenly when young Kent Higgins arrived with a toy exactly like the one found. He said he bought his at a variety store.

tree, 610 N. Clark street, and Emil A. Kussman, 1506 N. Mason street.

Another batch of street grade ordinances was adopted and a previously approved batch was ordered sent the council for the last time.

County Agent To Speak at Grange Meeting

Greenville — Vernon Peroutky, Winnebago county agent, will be the main speaker at a farm educational meeting April 23 sponsored by the Winnebago county Pomona grange at the Allenville Grange hall.

Plans for the meeting were made at a meeting of the Pomona grange at the South Greenville hall.

A site at Twin Lake near Waupaca has been designated by Mrs. John Crawford, state youth chairman, for a youth camp from June 29 through July 2.

Man Who Once Hired FDR as Newspaper Columnist Succumbs

Newburgh, N. Y. — (AP) — Edward T. Hayden, 60, veteran Hudson valley newspaperman who once hired the late Franklin D. Roosevelt as a newspaper columnist, died today after a long illness.

Although Roosevelt received no pay for the columns, it afforded Hayden much amusement in later years to describe himself in a joking vein as once having been "Franklin D. Roosevelt's boss."

The late president's column writing career, which lasted several months, was launched at Hayden's instigation in 1921 shortly after Roosevelt was stricken with infantile paralysis.

At that time Hayden was city editor of the Beacon Journal, the only Democratic paper in Dutchess county. Hayden asked Roosevelt if he would like to write a weekly article on politics and general observations.

Norman Kohl Buys Alamo Plaza Motel

Mr. and Mrs. Norman Kohl, 1307 W. Packard street, have purchased the Alamo Plaza motel, on Highway 41 west of Appleton from Mr. and Mrs. John J. Jicha.

Kohl was original owner of the 10-unit motel, but sold it to Jicha in 1954. He plans eventual expansion of the motel's facilities.

Mr. and Mrs. Jicha will move to Green Bay.

Other property transfers include:

Mr. and Mrs. Francis Gior-dana to Peter Micke, a lot in Kaukauna.

Ruby Cotter and others to Mr. and Mrs. Edward J. Van Linn, a parcel of land in Appleton.

Mr. and Mrs. Martin L. Downs to Mr. and Mrs. Thomas W. Schleisner, a lot in Grand Chute.

Mr. and Mrs. Joseph M. Tal-arczyk to Carlton A. Wiekert, and other, a parcel of land in Oneida.

Walter Long and others to

Math Teacher At AHS Given Scholarship

Hubert F. Wetak, head of the mathematics department of Appleton High school, has received a scholarship of over \$1,000 for the mathematics institute at the University of Wisconsin this summer. The institute will be from June 30 to Aug. 22.

The scholarship provides a basic stipend for the 8-week session, an allowance for dependents and a travel allowance.

Fifty scholarships are being awarded this year to senior high school teachers of mathematics who meet the requirements. In addition, 10 other awards covering tuition fees only will be given.

Mr. and Mrs. Myron J. Van De Walle, lots in Oneida.

Mr. and Mrs. John J. Hewett to Radtke Real Estate Development, Inc., a lot in Kimberly.

Radtke Real Estate Development, Inc., to Mr. and Mrs. William G. Paalman, a lot in Kimberly.

Mr. and Mrs. Lloyd Wagner to Mr. and Mrs. Marlyn Zuehlke, a parcel of land in Appleton.

Only 2 Issues Holding Up Union Merger

Milwaukee — (AP) — Only two major issues remained to be resolved today by officials directing conferences leading to a merger agreement between the Wisconsin AFL and CIO.

George Richardson, Washington, D.C., said Wednesday night that "virtual agreement" had been reached in principle in all but a pair of issues.

Richardson is an administrative assistant to George Meany, president of the AFL-CIO.

Richardson did not name the remaining issues but said he expected them to be settled at another conference today.

He also announced that the WSFL and the state CIO will meet in separate but simultaneous conventions in Milwaukee July 23 to approve the merger agreement and the constitution of the unified organization.

On the following day delegates from both unions will meet in a single convention and approval of the constitution will be their responsibility. When the delegates vote acceptance, consolidation will be fact.

License Receipts Show 3,876 Dogs in County

Man's best friend, the dog, numbers 3,876 in Outagamie county, license receipts at the office of R. A. Bentz, county treasurer, show.

The town of Grand Chute leads in the number of dogs with 366. Other towns with more than 200 dogs include Center, 230, and Freedom, 204. Shioc-ton is low with only 43.

Bentz has received \$4,206 in license fees.

Dog damages during the last fiscal year cost the county \$1,199.

County Receives State Aid Checks

Outagamie County Treasurer R. A. Bentz has received two checks totaling \$75,462 from the Wisconsin state treasurer.

The checks are state aid for expenses of operating the county hospital for the mentally ill and the tuberculosis sanatorium. Sanatorium aid amounted to

\$38,300. State aid for the mental hospital totaled \$37,162.

Inheritance taxes collected in the county during the past fiscal year amounted to \$46,599, after discount and interest de-

Name Workers For 1958 Cancer Fund Campaign

Women Volunteer to Serve as Chairmen In Various Districts

Kaukauna — The 1958 cancer crusade will open this week in Kaukauna with Mrs. John Russo and Mrs. Harry F. McAndrews to serve as co-chairmen of the general solicitations while Vincent Rohlf, president of Badger Northland, will have charge of advance gift and industrial solicitations.

A house to house drive will be made in the residential areas with envelopes containing contribution containers being passed from neighbor to neighbor. The envelopes will also contain literature concerning the disease. Canisters have been placed in business places for contributions.

The co-chairmen have appointed neighborhood chairmen for both the north and south sides of the city with each chairman to have charge of a circulation area. They will start the envelopes circulating and be responsible for picking them up and checking them in to the co-chairmen.

Volunteer Helpers

Women volunteering on the south side were Mrs. Donald Mahn, Mrs. Carlos Bice, Mrs. Robert Feldkamp, Mrs. Thomas Velte, Mrs. Arthur Mongin, Mrs. Grover Patterson, Mrs. Dan Sullivan, Mrs. Blanche Gerend, Mrs. E. W. Hohman, Mrs. Jerome Koch, Mrs. Robert Goetzman, Mrs. Gilbert Anderson and Mrs. Ray Wenzel.

Others working on the south side will be Mrs. Wilbur Haass, Mrs. Walter Renn, Mrs. Anton Gistead, Mrs. Clarence Baumgartner, Mrs. Ed Voet, Mrs. Milton Teske, Miss Ella Wolf, Mrs. Harold Kobin, Mrs. Jack Staley, Mrs. Frank Thelen, Mrs. Cyril Klein and Mrs. Lester Lindemuth.

Volunteer workers on the north side will include Mrs. Conrad Forster, Mrs. Tony Van Dyke, Mrs. Karl Kuchelmeister, Mrs. Donald Kasten, Mrs. Joseph Schlude, Mrs. Clarence Friebe, Mrs. Herbert Trefftin, Mrs. Hollis Whitman, Mrs. Norman Boettcher, Mrs. John Esler, Mrs. Guy Krumm, Mrs. Clifford Brandt, Mrs. Francis Grogan, Mrs. John Hilgenberg, Miss Marion Lemke, Mrs. Joseph Vande Loo and Mrs. Robert Main.

Softball Loop To Curtail Play In Holiday Week

Kaukauna — The City Softball league schedule has been juggled to permit competition to be curtailed from June 30 through July 4 to permit competitors to take vacations, according to Robert Vanevenhoven, recreation director.

The league annually curtails action for a week to coincide with the vacation shut-down at city industries but this year, with 10 teams rather than eight competing, the director thought it necessary to play an uninterrupted schedule. Vanevenhoven extended the season to permit the vacation curtailment at the request of many of the players planning to compete.

Two games will be played each night Monday through Thursday with Friday nights kept open for rained out or make-up tilts. The teams will meet each other twice in the course of the season, according to the schedule.

Grass Fire Run

Kaukauna — The Kaukauna fire department was called at 6:45 Tuesday evening to extinguish a grass fire in a field adjoining a building was issued to adjacent to High street and Lieber Lumber company. The Highway 41. Cause of the fire concern will take down a 63 by 20 foot storage shed.

KHS Forensic Students Enter State Tourney

Kaukauna — Four Kaukauna high school students will compete in the state forensic contest Saturday having earned A ratings in district competition several weeks ago.

Making the trip will be Thalia Hodgins and Lynn Gerend in humorous declamation, Belle Cherkasky in extemporaneous reading and Lawrence Gerend in 4-minute speech. Forensic coaches will accompany students on the Madison trip.

Marie Conrad Hits 516 Set

Tops Ladies Loop At Recreation Lanes In Little Chute

Little Chute — Doris Driesen hit a 214 game and Marie Conrad jarred a 516 series for the high honors in the Ladies league at the Recreation alleys.

Doris finished with an even series while Marie had games of 194 and 179 while getting her high series.

Gordie's Place copped the high team honors with a one game total of 815 and series high of 2,378. The Little Chute Five to Six Store is in first place but their lead has dwindled to only three games. Bob and Carol's Bar has taken over second and Gordie's is third, four games out of the runnerup spot.

Other high scores included: Imogene Koehn, 177; Helen Koehn, 184-504; Betty Brys, 190-303; Delores Van Gompel, 175-303; and Ardene Weyenberg, 203-514. Split cleanups included Delores Van Gompel, 5-10; Margaret Weyenberg, 3-10; Margaret Randerson, 3-10; Imogene Koehn, 5-7 and 7-8; Betty Brys, 5-6 and 3-10 and Marge Vanderloop, 2-7.

Packer Back Looks Forward To Better Year

Kaukauna — The difference between winning and losing is a very thin line, Lions club members were told by Ron Kramer, Green Bay Packer star, at a meeting Tuesday night.

Kramer reviewed last year's season pointing out breaks which might have enabled the Packers to win more games and, looking forward, anticipated a much better season for the Pack this year because of draft choices and trades which have been made.

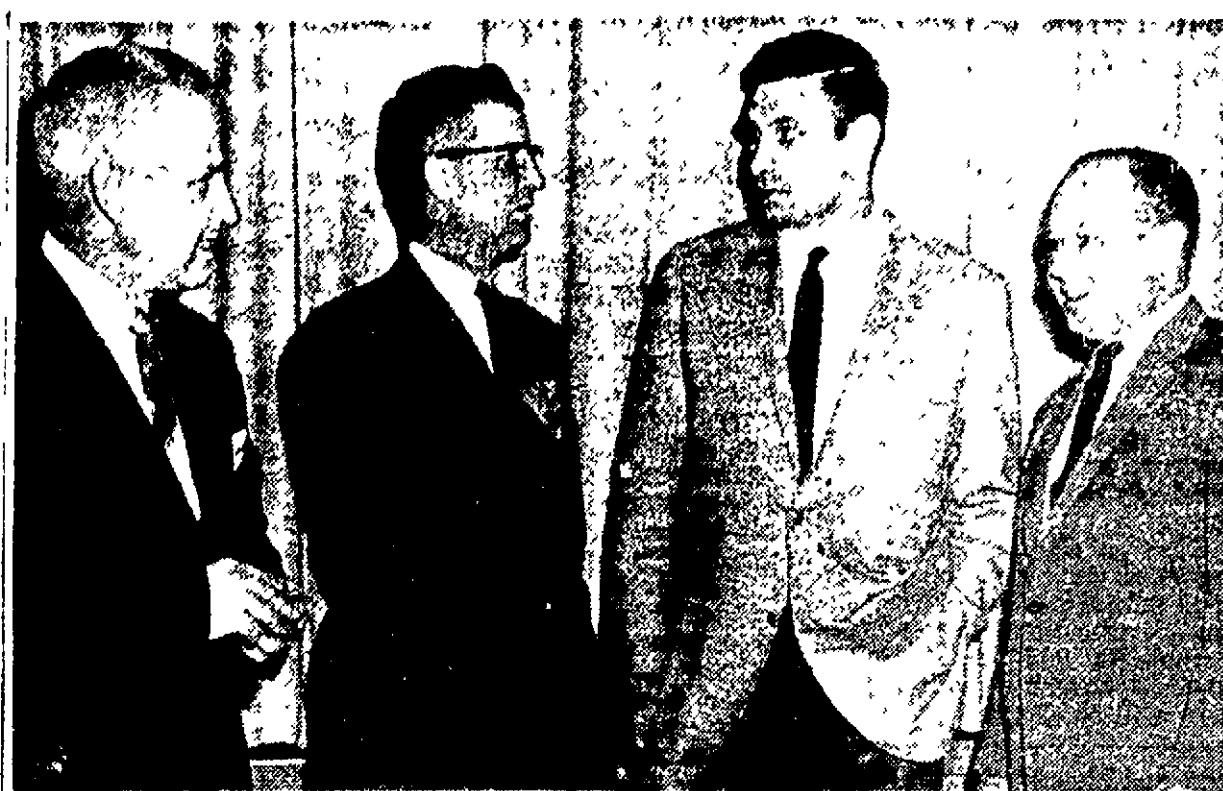

He spoke highly of Ray "Scooter" McLean, new head coach, and said the coach was well liked by all members of the squad. He also praised Ray Richards, new line coach, saying he was a veteran professional coach and knew many of the tricks of other teams in the league.

Kramer showed a film, "Packer Highlights of 1957" and answered questions concerning the team in general and individual players on the squad. Joseph Schouten and Arthur Joseph served as co-chairmen of the program.

Home Remodeling Permit Issued

Kaukauna — A building permit to tear out two windows and replace them with a large picture window was issued Wednesday by Lothar Kemp, assistant building inspector, to Peter G. Reichel, 801 Dodge street. Estimated cost of the work was listed at \$300.

A permit to tear down an existing building was issued to adjacent to High street and Lieber Lumber company. The Highway 41. Cause of the fire concern will take down a 63 by 20 foot storage shed.

Football Was the Topic of Conversation when Ron Kramer of the Green Bay Packers, second from right, spoke to the Kaukauna Lions club. Shown with the guest are left to right, Joseph Schouten, Arthur Mongin, co-chairmen of the program committee, and Norman Weigman, Lions president. (Post-Crescent Photo)

Early Morning Fight Proves Expensive for Five Youths

Kaukauna — Five youths found it expensive to engage in boisterous conduct early in the morning in Kaukauna as they were fined \$25 and costs by Oscar T. Johns, justice of the peace, after pleading guilty of disorderly conduct.

The youths were arrested by Kaukauna police about 2:15 Saturday morning for creating a disturbance near Trinity Lutheran school on Augustine street. Police said the young men were fighting and creating unnecessary noise which awakened people in the area.

After the youths' paid fines. Harold Engerson, chief of police, warned them to stay out of Kaukauna saying, "Our department has started to crack down on gangs who come to town."

10 KHS Students Will Take Part In Youth Meeting

Kaukauna — Ten Kaukauna high school students will take part in the annual Youth Conference to be held at Fond du Lac Friday and Saturday, five of them representing the student council and five representing the Youth Center board.

Guidance director Walter Schmidt will accompany the group. Money for the trip is appropriated annually by the common council. The conferences are dedicated to the study of youth and youth problems in various communities.

Local representatives include Jane Barribeau, Pat Doering, Gerald Heindel, Bonnie Bayor, Margo Paschen, Susan Mongin, Milo Strauss, Carol Skibba, Florence Huls and Carol Ashauer. Theme of this year's conference is "Youth Take Action."

Police Make 11 Arrests in March

Kimberly — Eleven arrests were made during March, according to the report of Chief of Police Quentin Williams.

Eight of the arrests were for illegal parking while others included one each for illegal passing, excessive speed in a school zone and allowing dogs to run at large.

The department investigated three auto accidents, there were two fire calls, two funeral escorts, 42 complaints received, 16 warnings given, 14 juvenile investigations, one theft of equipment reported, one bicycle impounded and one bicycle found.

Five animals were impounded, one door of a business place was found open, 24 street lights were reported out and 400 bicycle licenses have been issued to date. Mileage for the month was 2,315.

Broom Sale Started By Kiwanis Club To Raise Project Funds

Little Chute — Kiwanis club members have started a broom sale to raise funds for various community projects during the year.

Brooms are on display in many business places and a house to house canvass will be made Friday and Saturday. Part of the proceeds will be donated to the Volunteer Fire department for the purchase of rescue equipment.

Loyal Star Plans Covered Dish Supper

Kaukauna — A 5-o'clock covered dish supper Friday night at the home of Mrs. William Balck, 133 McKinley street, will precede a meeting of July 11 Lodge, Loyal Star of America. Cards will be played and prizes awarded after the business session.

Society to Send Hollandtown Girls To Summer Camp

Hollandtown — Sandra Plutz, daughter of Mr. and Mrs. Louis Plutz, and Carol Mischler, daughter of Mr. and Mrs. Louis Mischler, will be sponsored at the Catholic girls camp at Loon Lake in Shawano county this summer by the Altar society of St. Francis church.

Both are sophomores at St. Francis High school. They were chosen for their high scholastic standing in their class.

Miss Plutz has maintained a straight A average. Both girls are active in dramatics and sodality affairs.

KAA Changes Meeting Date

Kaukauna — The Kaukauna Athletic association will meet at 7:30 the evening of April 17, rather than April 24 as previously scheduled, according to Roger Belling, secretary.

The meeting was moved up to permit plans to be laid for the beginning of baseball practice by the Kaukauna Klubbers to be started about the last week in April.

Members will vote on a constitution and by-laws. Money collected for membership cards will also be collected at the meeting. All members and potential members are welcome to attend this session and members are requested to bring a guest for the meeting.

Class Meet Set For Track Team

Kimberly — A first hand look at track prospects for the season will be afforded Coach Gil Frank of Kimberly High school when he sends his thinclads, through an interclass meet at 4 o'clock Friday afternoon.

Since there are no seniors on the Papermaker team, the meet will be cut to three classes. Next week Coach Frank plans to split the squad up into two groups for another meet.

Kimberly will open the regular season April 25 when Kaukauna and Menasha teams invade the Papermaker track for a triangular meet.

558 Series Sets Pace In Couples League

Kaukauna — Bob Martzahl, rapped a 558 series for the only home count posted in the Sunday Mixed Doubles league at S and B alleys. Team honors went to Horn's with a 336 game and Clayton Weyer's with a 901 series.

Vollmer-Manz dropped two games to Pruess' but managed to hold first place with a 261-153 record. Martzahl's dropped two games to remain in second place, two games off the pace. Horn's and R. Van Wychen's hold third with a 24-18 record. Ralph DeBroux cleaned the 6-7 split.

Forfeits Bond For Drunk and Disorderly

Little Chute — Ray Garrow, 28, 408 1/2 W. Main avenue, forfeited a bond of \$25 when he failed to appear in justice court here Tuesday.

Garrow was arrested Saturday for drunkenness and disorderly conduct.

Grass Fire Run

Kaukauna — The Kaukauna fire department was called at 12:15 Monday afternoon to extinguish a grass fire in Grignon park. The fire was started by children playing with matches but no damage resulted to park property, according to firemen.

To Place A Want-Ad Dial 3-4411

Casual Remark Often Expresses Great Truism

President Says Governments More Stupid Than People

BY DAVID LAWRENCE

Washington — Sometimes a casual remark expresses a great truism. It has more meaning than ponderous and lengthy pronouncements. Such a bit of wisdom of profound significance came from the lips of President Eisenhower in an extemporaneous address on Wednesday to a visiting group from abroad when he said:

"I have tried to talk a great deal in this country about people and people meeting people. I think governments are far more stupid than are their peoples. If we could get the peoples talking to each other, living with each other, visiting in homes, going to schools together, I am perfectly certain that most of the world's troubles would be over. And we could use all of the great inventions of science to human betterment and improvement rather than in the attempt to destroy ourselves."

The dictionary defines "stupidity" as a "lack of understanding" or "perception. Why does the president say that "governments are far more stupid than are their peoples"? If he is thinking about western democracies — and he might well be — then undoubtedly he is referring to the evils of modern politics which infect congress here and parliaments abroad. For the fallacy is cherished by politicians that the people just don't understand vital issues and will vote for the candidate who resorts to demagoguery. This has rarely proved true in elections, though there are some exceptional cases where a popular playing crooner widely popular in a state or district has won the race over some one less spectacular.

Few Folk Voters

The outpouring of propaganda from politicians' offices and some vitriolic speeches printed in the "congressional record" indicate that a few very aggressive political personalities still believe it is possible to fool the people by smears and sneers. Men of this type are not easily removed from political office, as the opposing candidate often is not skillful enough to do battle effectively against them. But history shows that the demagogue has relatively little influence in shaping public policy. To the extent that the public anywhere tolerates men of "stupidity" in congress or parliaments, there can be no doubt that democracies in the western world suffer somewhat from such inadequacies.

But the president undoubtedly had in mind the stupidity of the autocratic governments which today assume they can play under the direction of complete mastery over the people. Mussolini and Hitler carried on their governments with a

vice commander and Clarence Sullivan will be junior vice commander. Other officers include Mark Romanesko, quartermaster; Chris Gerig, chaplain; Frank Mitchell, judge advocate and Vincent Dreger, surgeon.

Serving as trustee for a 3-year term will be Arthur Kromer, Jr., for a 2-year term will be Robert Sanders and for a 1-year term will be Arthur Gandt. Members of the advisory committee will include Alvin Schultz, Edward Matchett, senior vice commander and Bernie Thenenhault and Steve Andrejeski.

This will be a special meeting with the regular business session to be held April 22 as previously scheduled.

Kiwanians Hear Discussion of Retarded Children

Seymour — A panel discussion of facilities in Outagamie county for training retarded children was held at the meeting of the Kiwanis club Tuesday night.

The Seymour club is joining with Kiwanis clubs from Appleton and Little Chute in a project to increase classroom space and facilities for mentally retarded children. A limited program is conducted at Little Chute.

Members of the panel were Dr. Robert Scherzinger, Little Chute, Roland Knock, principal of Morgan school in Appleton, Mrs. William Bonzelet, Kimberly, and Mrs. Florian DeGroot, Little Chute. The moderator was Gustave Keller, Appleton attorney and former district governor of the Wisconsin Upper Michigan Kiwanis district. Joseph Letter, chairman of the Underprivileged Children committee, was in charge of the program.

The Support of Churches committee under the chairmanship of Ernest Schuster will be in charge of the April 15 meeting.

Women's Club Plans Program of Music

Seymour — Mrs. Carl Tiekler, president of the Seymour Women's club has announced that a special music program will be conducted April 14 under the direction of Mrs. Kathryn Pasch. Hostess will be Mrs. Maynard Sherman.

CWV To Meet Tonight At Holy Name School

Kimberly — Additional plans for the spring carnival of the Catholic War Veterans post will be made at a meeting at 7:30 this evening at Holy Name grade school.

Communion Planned

Hollandtown — The Holy Name society members will receive communion at the 8 o'clock mass Sunday morning at St. Francis Catholic church.

stupidity that brought tragedy to the world in the form of a global war. Khrushchev and his cohorts in Moscow now are engaged in applying the same formula of stupidity — they underestimate the intelligence of the people. It is precisely because the dictators are afraid of free communication that they deprive their people of liberty of expression.

Thus the communist regime does not permit free access by the American people to the peoples behind the Iron Curtain. America, for instance, lets the Soviet ambassador roam around this country making speeches and appearing on television, but the American ambassador in Moscow has no such reciprocal privilege. America permits newspapermen generally to come to Washington from the Iron Curtain countries, but the Soviet government picks and chooses whom it will admit and confine the selection to a small number. It is a fact that the Soviet and Chinese empires are the only important areas of the world where wartime censorship still exist.

Men of this type are not easily removed from political office, as the opposing candidate often is not skillful enough to do battle effectively against them. But history shows that the demagogue has relatively little influence in shaping public policy. To the extent that the public anywhere tolerates men of "stupidity" in congress or parliaments, there can be no doubt that democracies in the western world suffer somewhat from such inadequacies.

LeNoble Jolts 264-642 High At Little Chute

Top Season Marks In Valley League At Recreation

Little Chute — Francis LeNoble rocked the season high in the Fox Valley league as he jolted a 264 singleton and 642 series for individual honors.

In addition to the 264 line LeNoble had a 204 count. Jansen Construction had team high with a 1-game mark of 1,061 and series total of 3,001. Gene's Bar is in first place with a half-game lead over the Little Chute Beer and Liquor Store. EZ Slide Doors is third, one game out of second.

Other high scores included Roger Koehn, 223-589; Clem Verbeten, 237-587; Carl Griener, 213-585; John Vanden Burgt, 224-571; Rich Ebben, 205-552; John Jansen, 215-558; Joe Reynbeau, 221-558; John School, 206-552; Ed Poppe, 551; Jerry Mignon, 201-549; Vin Jansen, 214-549; Floyd Hammen, 205-543; Dan Van Vreede, 200-543; Marty Van Gompel, 539; Ken Van Hoof, 555; Joe Vanden Burgt, 530, and Merlin Versteegen, 203.

Split cleanups included Carl Greiner, 5-7 and 3-10 twice; Roger Koehn, 3-7-10; Jerry Mignon, 5-7 and 3-10; Dan Van Vreede, 5-7-8; Bob Lamers, 7-9; Carl Van Vreede, 3-10; Jerry Hietpas, 5-10; Joe Reynbeau, 3-7, and Ed Poppe, 5-8-10.

Junior Class Play At Freedom High Set for Sunday

Freedom — The junior class of Freedom High school will present the play "Crazy But Cute" at 8:15 Sunday night at the high school auditorium.

The 3-act comedy will also be given on Friday afternoon for the grade school children. The play, directed by Miss Betty Baker, will have as its cast: Ronald Brown, Karen Bougie, Connie Bowers, Dan Carney, Joan Daul, Kathy Fehrman, Jack Jahnke, Darlene Krolow, Joan Rickert, Bernice Schuh, Lois Vandenberg and Arthur Williams.

Misses of ceremonies will be Maureen McCabe. The publicity chairman is Janice Sigl, and Helen Voeks and John Williamson, are prompters.

Park Gorilla Found to Be Work of Teenagers

Washington — The search apparently is over for the gorilla of Washington's Rock Creek park.

Police said they are convinced the monster that terrified several couples by rapping on and peering into parked cars was the product of two teenage pranksters.

Lt. Albert Kreuger said a woman called police and reported that her son and a companion obtained some theatrical gorilla costumes last week. And they have been testing audience reaction in the park ever since, she said.

Birthday Dance at School Youth Center

Little Chute — A birthday dance will be held at the St. John High school Youth Center starting at 8:30 Friday night. The center will mark its first year in operation and special events are planned for the evening.

Teeth Being Transplanted To Fill Gaps

CONTINUED FROM PAGE 1

tooth into a different position in the mouth and the orthodontist's method of moving the tooth with bands and gradual traction proves impracticable.

The teeth used for transplantation are impacted teeth — which have been formed but have not yet emerged from the gums.

Dr. Guralnick cuts through the gum and into the jawbone to extract the impacted tooth. Extreme skill and care is needed to save the root intact. The tooth is then set aside in a life-preserving solution.

New Socket Cut
Next, a new socket is cut in the jawbone. Bone chips from the operation are used to wedge the transplanted tooth into its new socket. The soft tissue is then sutured (stitched together).

Dentist's cement is placed over and around the transplanted tooth and the others around it. The cement remains until the transplanted tooth becomes firm in its new socket.

Dr. Guralnick says the whole operation takes no more than half an hour and can be performed either in a hospital or a surgeon's office.

He has been primarily concerned with the transplanting of front teeth or teeth near the front: upper cuspids (called canine or eye teeth) a front central tooth and the bicusps or pre-molar teeth—the two-pointed teeth just behind the cutting teeth at the front of the jaw.

In an operation next week, he will move a wisdom tooth into a first molar space.

3 Weeks For Firmness
Within three weeks after an operation, the new tooth shows definite firmness and X-rays show the bone fills in normally around the root, with the chips becoming a part of the whole bone formation.

In some cases the tooth retained its "eruptive" or growing force so that—although set somewhat closer to the gum than the teeth around it, it grew out even with the others. In color and general appearance the transplanted teeth are indistinguishable from their companions, he says.

Nevertheless, Dr. Guralnick emphasizes that it is always better to attempt maneuvering teeth into new positions rather than transplanting, because maneuvering involves a lesser risk.

Incidentally, he says he never undertakes to move a molar into the position of an incisor or canine tooth at the front of the mouth.

Crying Baby Saves Family From Blaze

De Pere—A crying baby awoke the Duke Van Gompel family and enabled the members to escape unharmed early today when fire caused an estimated \$10,000 to \$15,000 damage to the bowling alleys beneath their apartment.

Van Gompel, operator of the West Side Bowling alleys and bar, said the baby awoke him, his wife and two other children about 2 a.m. They smelled smoke and called the fire department.

Fire Chief A. L. Jacobs, who estimated the damage, said the blaze resulted from an overheated gas stove in a basement beneath the establishment's three alleys. The fire was confined to the alleys and part of the bar.

The same place was burned out four years ago.

don, the fight. Most workers returned to their jobs after lunch, and the police counter-offensive began.

Three persons were killed in Matanzas and a school was burned. The strike call broadcast there from a seized radio station brought no response.

CONTINUED FROM PAGE 1

pected of carrying weapons.

Two men were hauled from an automobile carrying 119 gasoline bombs and slain. Another was shot down when he hurled a gasoline bomb at a police car.

By the time Havana quieted down around midnight, at least 29 rebels had been counted dead in the capital. Two policemen were killed in the suburbs and a number wounded.

The outbreak was the first fighting in Havana since Castro called for "total, implacable war" against Batista beginning last Saturday. Most of the recent fighting has been in easternmost Oriente province, Castro's headquarters area, where his guerrilla forces have knocked out most road and rail traffic.

Police raiders in recent weeks have captured a number of rebel arms caches in Havana. Some observers thought Castro's forces would have to strike in the capital soon or see their strength evaporate. Castro himself admitted yesterday

Honor Society

Five Students, Two From Faculty Elected to Mace at Lawrence

Five junior men, one from Black Creek, and two members of the administration at Lawrence college were presented with the blue and white mace this morning in Memorial chapel, symbolizing their election to the local senior honor society of that name.

John Owen, president of Mace, Neenah, conducted the election ceremony in which the following were taken into the organization: Richard Bjornsen, Maywood, Ill.; Duncan Burdick, Black Creek; John Liebenstein, Milwaukee; David Mulford, Rockford, Ill.; and David Smith, Milwaukee.

Honorary members were Dean Marshall B. Hulbert of the college and LaVahn Maesch, director of the conservatory.

Bjornsen, a member of Beta Theta Pi, has been pledge trainer for his fraternity and held the same post for the interfraternity council workshop.

He has been co-captain of the swimming team this year and will repeat the captaincy next year. Is Midwest conference backstroke champion, a high honor student, sports editor and a member of the editorial board of the campus newspaper, and received the Mace award as the outstanding man in his class as a freshman. His college average is 2.918.

Football Manager

Burdick has been recording secretary and co-rushing chairman of the Phi Delta Theta fraternity, has been varsity football manager, chairman of the student polling committee, both treasurer and chairman

WSCS District Officers Win Reelection

Clintonville—Officers of the Women's Society of Christian Service, Appleton district, were reelected at a meeting in the First Methodist church Wednesday.

They are Mrs. E. H. Boetcher, Wausau, president; Mrs. Roy P. Steen, Appleton, honorary vice president; Mrs. G. M. Calhoun, Menasha, vice president; Mrs. William Sense, Appleton, recording secretary; and Mrs. Ferd Diesterhaupt, Neenah, treasurer.

The departmental secretaries are Miss Bonnie Hermance, Merrill, Wesleyan Service guild; Mrs. Austin Trull, Wau-paca, promotion; Mrs. Andrew Redeen, Green Bay, missionary education; Mrs. Ralph Alton, Appleton, Christian social relations.

Other secretaries are Mrs. Ray Gotham, Stevens Point, student work; Mrs. Walter Bruce, Merrill, youth work; Mrs. Ray Lemery, Green Bay, children's work; Mrs. Eva Janasek, Antigo, literature and publications; Mrs. Allen McCaul, Manitowoc, spiritual life; Mrs. Merle Hales, Manawa, supply work; Mrs. Sam Krueger, Brilliance, status of women; and Mrs. George Bies, Junction City, missionary personnel.

Regents to Hold Interviews for Platteville Head

Madison — A committee of the board of state college regents will interview candidates for the post of president of Platteville State college later this month. At the last count there were 45 applicants for the \$15,000 a year post.

Eugene McPhee, secretary of the board, said the interviews will be held at Oshkosh on April 17. Six of the candidates are staff members at state colleges and several from out of state.

The regents are seeking a successor to Chester O. Newlin, 70, who will retire June 30 after serving as president of the college since 1943.

The vacancy is the first in the state college system since 1946.

The full board is slated to meet in Oshkosh April 18, but McPhee said it was unlikely a new president would be announced at that meeting.

Claims Trujillo Paying Own Expenses Here

New York — Lt. Gen. Rafael Trujillo, Jr., son of the leader of the Dominican Republic, is paying his own expenses while living and studying in the United States, says an official of his government.

Manuel De Moya - Alonso, Dominican Republic ambassador to the U. S., issued a statement yesterday concerning the 29-year-old Trujillo's expenses. However, no mention was made as to the source of the money—whether from private sources or his government.

Rep. Wayne Hays (D-Ohio)

Gen. Trujillo

charged recently that Trujillo, living sumptuously in this country while learning military tactics, will spend a million dollars during his year's stay, while \$1,800,000 in U. S. aid is being considered for the Dominican Republic.

Young Trujillo, Dominican air force chief, declined comment at the time.

Retains Penthouse

Trujillo, eldest son of Generalissimo Trujillo, has been studying since last summer at Fort Leavenworth, Kan., where he has a ranch home he uses while attending classes. He also retains a penthouse in a Kansas City hotel, reportedly paying a rental of \$100 per day. He came to this country with an entourage of seven persons and a pet dog.

Trujillo, now on leave from studies at the U. S. army command and general staff college at Fort Leavenworth, is vacationing in California. On

Kaukauna Man Fined For Illegal Fishing

Waupaca — Richard Weyenberg, 21, 602 W. Wisconsin avenue, Kaukauna, was fined \$10 Wednesday morning in justice court for fishing without a license.

Weyenberg was arrested by game wardens Tuesday in the town of Mukwa. He was committed to the Waupaca county jail when he was unable to pay the fine.

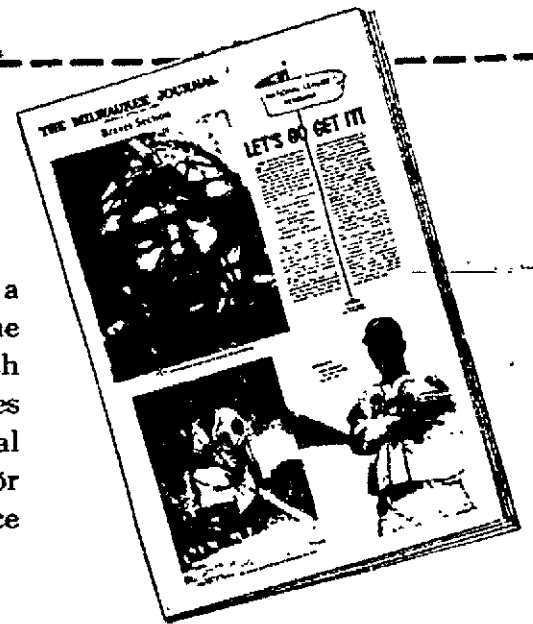

Easter he had a date with actress Kim Novak.

Ambassador De Moya-Alonso said Trujillo "provides completely for his own expenses and at his own wish, while receiving instruction under a tuition - free scholarship granted by the United States government."

Soviet Scientific Triumph May be Bigger Than Realized

BY DON GUY

Cambridge, Mass.—(AP)—Russia's giant Sputnik II is about to make a flaming exit from outer space. And there's belief that the Soviets scored an even greater scientific feat with their dog-carrying moon than first recognized.

The satellite, experts at the Smithsonian Astrophysical observatory here say, is expected to make its final plunge through the earth's atmosphere sometime Saturday afternoon or evening. The end may well be spectacular, with the satellite glowing like a meteor and visible over a wide area.

Heavier Than Announced

Launched last Nov. 3 with the shaggy dog Laika aboard, the half-ton weight of the Soviet moon with its canine space pioneer astonished the world. America's three circling satellites are midgets by comparison.

Today some scientists at the observatory think the Soviet accomplishment of orbiting a dog with food, water and an air-conditioning system able to keep it alive for a week was actually considerably more impressive than the western world realizes.

They believe Sputnik II is four or five times heavier than the half-ton announced by the Soviets. They figure there was a misunderstanding about the original announcement which the Russians for reasons of

their own, have allowed to remain unchallenged.

The free world assumes Sputnik II weighs a half ton because Russia announced a few hours after the launching that "the total weight of the instrument is 508.3 kilograms."

Various translations differ but all agree 508.3 kilograms was given after a listing of the instruments and dog. This is about 1,118 pounds, or well over half a ton.

Smithsonian scientists believe Russia was referring only to the weight of the instruments, dog and the essentials to keep it alive a week in space, not the over-all weight of the satellite-rocket. They believe the rocket motor, empty tanks and frame were possibly 40 feet in length and weighed several tons.

Large Rocket Motor

The significance of this is that it indicates Russia must have developed a first stage rocket motor far larger than anything on American drawing boards.

Scientists say it takes roughly 1,000 pounds on the ground to orbit a pay load of one pound. The 11-ton U.S. Vanguard develops 27,000 pounds of thrust to orbit a satellite the size of a handball weighing three pounds plus a final stage rocket weighing less than 50 pounds.

Russia must have developed a rocket 1,000 times more powerful if Sputnik II weighs 24 tons or 5,000 pounds.

This means a Soviet rocket of over two million pounds thrust to put Sputnik II into orbital acceleration.

The achievement is even greater because Russia tossed away most of the extra push given by the eastward rotating earth. Their launching angle of 65 degrees to the equator means they didn't need to utilize most of the 1,000-miles-per-hour "bonus" thrust of the spinning earth at the equator. American launchings from Cape Canaveral at 35 degrees

to the equator take advantage of most of this free thrust into space.

Scientists first suspected something was amiss aloft when they tabulated the reports of over 200 moon-watch teams throughout the free world. The reports logged the rocket of Sputnik I and Sputnik II itself as magnitude minus 1 and even minus 2. This is equal to a very bright star or the planet Venus.

By contrast Sputnik I, the 23-inch sphere, was always reported as fifth or sixth magnitude or less, barely visible to the naked eye under ideal conditions.

Averaging the hundreds of sightings, scientists figured Sputnik II and the rocket of Sputnik I were both about 100 times brighter than the sphere of Sputnik I.

Knowing the height of the satellites and the exact size of the sphere, astrophysicists computed the probable surface area an object must have to produce the brightness reported by the moon-watch teams.

Working from this theoretical dimension the scientists looked over the list of known Soviet rockets. They came up with a size that tallied with a Russian version of the German V2 rockets which bombed London.

Gigantic Rocket

This added up to a final stage rocket possibly 40 feet long and 5 feet in diameter. By contrast the final stage rockets of Vanguard and Jupiter C now in orbit are 50 to 80 inches long.

From other data, including a death chart they kept on Sputnik I and its rocket and calculations of atmospheric drag, Smithsonian scientists also figured another way to arrive at a weight for Sputnik II—one that agrees with the probable weight of the rocket with its empty fuel tanks but still-intact instruments.

Bypassing the bushel basket of mathematical computation, it all adds up to this: Sputnik II is probably 100 times heavier and many times larger than

UN Leader Starts Second 5-Year Term

BY MAX HARRELSON

United Nations, N.Y.—(AP)—Secretary General Dag Hammarskjöld begins his second 5-year term today firmly convinced that the world organization is stronger now than when he took office in 1953.

There is almost universal agreement among his diplomatic colleagues that Hammarskjöld himself is stronger than when he was plucked from virtual obscurity to take over the job his predecessor, Trygve Lie, had called impossible.

The general view is that the 52-year-old Swedish bachelor has developed into a self-confident, highly esteemed and skilled international trouble-shooter, who has played an important personal role in easing world tension.

Bearing this out, he not only has survived five years of western - communist and Arab-Israeli controversies but was re-elected last fall by a unanimous vote.

The secret of his success seems to be his ability to maintain the confidence of conflicting groups and thus keep himself available to intervene as a peacemaker. This was one of the aims he outlined when he became secretary general. Despite some rough moments, he has avoided serious criticism.

Majesty of Law Fails To Awe Women Drivers

Alpine, N.J. —(AP)—The majesty of the law hasn't awed the merry women drivers of Alpine lately. But Police Chief William Cacace intends to raise his voice.

The borough council has authorized the purchase of a loud-speaker for the police car. Said Cacace:

"It often happens that when a policeman pulls alongside with his siren wailing, the lady driver merely waves back at him and proceeds merrily on her way."

all the U.S. moons blasted into orbit by three successful firings from Cape Canaveral.

- Quick and Easy to Apply! Just Roll or Brush It On!
- Choice of Eight Beautiful Colors! Gives Long-Lasting Beauty and Protection!

Cadillac

When Distance Is Always Tempting!

Take a new Cadillac—point its hood toward some distant destination—and watch what happens!

We would be willing to wager that day's end would find you far closer to journey's end than you could ever have imagined!

We say this because we know how wonderful the miles are when they pass beneath the wheels of a new Cadillac—and how tempting distance is when seen through the windshield of the "car of cars."

First of all, imagine how comfortable and rested you would be! The seat-cushions are soft and deep and perfectly contoured. The steering wheel is ideally positioned . . . and the car is wonderfully spacious.

Then consider how easy the car is to handle! It is incredibly agile and responsive—and wonderfully smooth and level of ride. In fact, if you have selected the extra-cost option of Cadillac's air suspension, you can scarcely detect the presence of the road.

And think of your pride and contentment! The very knowledge that your motor car is so highly admired and so widely respected adds its own reward to each and every mile.

You ought to try it soon. Your dealer will be happy to explain the virtues of Fleetwood coachcrafting—and to give you the facts on every model, including the exclusive Eldorado Brougham.

STANDARD OF THE WORLD FOR MORE THAN HALF A CENTURY

A Capsule History of Ensemble singing for the past 400 years will be presented by the Lawrence Concert choir in its spring concert at 8:30 Monday night at Memorial chapel. The 75-voice choir group, directed by LaVahn Maesch, will close the 1957-58 Lawrence Community Artist concert series.

Symbol of Academic Life

6 Coeds, 1 Staff Member Tapped In Mortar Board Ceremonies

The black tasseled Mortar Board, traditional symbol of the academic life, was presented to six junior women and one honorary member this morning at Lawrence college, in tapping ceremonies which are an annual event each spring.

Coeds who were tapped on the shoulder to signify their membership in Iota chapter of the national Mortar Board organization which honors leadership, scholarship and service were: Kay Achenbach, Geneva, Ill.; Dorothea Binhammer, Watertown; Carol Fallon, Oshkosh; Nancy Rentner, Antioch, Ill.; Lysbeth Vaillancourt and Judith Walsh, both of Milwaukee. Miss Iva Welch, director of dormitories and dietician at Colman hall was made the honorary member.

Parents Guests

A special guest at the ceremony was Miss Charlotte Wollaefer of the University of Wisconsin at Milwaukee, who is Mortar Board's section director. Miss Wollaefer was dean of women at Lawrence a decade ago.

Parents of all the electees were also guests at the chapel program and were entertained by

at a luncheon later at Colman hall.

Miss Achenbach has held several offices in Delta Gamma at Lawrence college, in tapping ceremonies which are an annual event each spring. She is secretary of the Lawrence Women's association, a counselor to freshmen women, head proctor of Russell Sage hall, a member of new student week committee, and recipient of the Edith Mattson award as the outstanding citizen of Sage hall. She was elected to both underclass honoraries, Sigma and Pi Sigma. Her scholarship average is 2.747.

Miss Binhammer, also an officer of Delta Gamma, is president of the Lawrence Women's association, secretary of the student executive committee, head counselor at Ormsby hall and dining room hostess of both Sage and Colman halls, recipient of the Latin League prize, and a member of Sigma and Pi Sigma. Her grade average is 2.778.

Carol Fallon is secretary of Pi Beta Phi sorority, vice-president of the Lawrence Women's association, head of the women's judicial board, member of the honors board, secretary-

treasurer of the Women's Recreation association, filled several offices at Colman hall and is a member of the Lawrence choir. Her scholarship averages 2.210.

Name New President

Miss Rentner is treasurer of Kappa Delta, sports head for the Women's Recreation association, news editor and managing editor of the Lawrentian, a member of the glee club, president of Gamma Delta, and was previously elected to both Sigma and Pi Sigma. Her average is 2.839.

Miss Vaillancourt, who will be Mortar Board's president next year, is president of Kappa Delta sorority, co-social chairman of the Lawrence Women's association, member of new student week, a section editor of the yearbook, member of the women's glee club and the concert choir, vice-president of the junior pan-hellenic council, a counselor to freshmen women and has a scholastic average of 2.560.

Confer Honorary Membership

Judith Walsh has been corresponding secretary and co-rush chairman of Delta Gamma, will be co-chairman of new student week activities in the fall, is co-social chairman of the Lawrence Women's association and of Ormsby hall, is a counselor to freshmen women and was chosen to both Sigma and Pi Sigma. Her over-all average is 2.911.

Honorary member Iva Welch holds degrees from Baker university and Kansas State college. She held various positions as teacher and director of dining facilities on both the high school and college level before coming to Lawrence in 1933. She is past president of the Wisconsin division of the American Dietetics Association, and is active in several professional and social groups in Appleton.

Lawrence Songsters to Close Community Artist Concerts

The Lawrence Concert Choir includes several Fox Cities area residents among its 75 songsters. Shown above, front row, left, are Lola Holdcroft, Appleton, and Mary Carla Runte, Kaukauna, while in second row, are Carol Fallon, Oshkosh, left, Carol Schlegel, Fond du Lac, and Jane Baker, Fond du Lac. At rear, from left, are John Owen, Neenah, Thomas Christie, Appleton, and David Wege, New London. Area singers not pictured include Frederic Stevens, Appleton, and Jeffrey Klenke and Thomas Schanke, both of Menasha.

UCT Unit Seats New Officers

Officers of the United Commercial Travelers auxiliary recently installed at a regular meeting at the Masonic temple include the Mmes. Harold Calmes, senior counselor, Royal Gooding, junior counselor, A. L. Boettcher, past counselor, and Jack Gauslin, secretary.

Others taking chairs were the Mmes. Ed Barber, treasurer, John Heegeman, conductor, res. Herbert Kessler, page, Harold Schroeder, sentinel, E. G. Hoile, chaplain, Walter Brenside, Faith, Edward Eastman, Hope, and Arliss French, scribe. The Mmes. Kermit Hahn, Ira Balheim and Carl Hassel are serving on the executive board.

The opening installation was followed by a social hour.

Name Underclass Women To Lawrence Honoraries

Freshman and sophomore women who have achieved high scholarship were recognized by election to Sigma and Pi Sigma underclass honoraries this morning at the annual Mortar Board capping ceremony in the chapel at Lawrence college.

Mortar Board is the parent organization of the two groups.

Freshmen named to Sigma, for scholarship of 2.5 or better on the basis of 3.00, were: Susan Baker, Minneapolis, Minn.; Beverly Baldwin, Tomah; Janet Dempsey, Oshkosh; Julie Esch, Sheboygan; Katharine Koon, Rumford, Me.; Nancy Lovett, Glenview, Ill.; Nancy Marsh, Williamsburg, Va.; Susan Mason, University City, Mo.; JoAnn Nelson, Stambaugh, Mich.; Carol Nohling, Kenosha; Carolyn Rosenthal, Menasha; Phyllis Spinner, Chicago, Ill.; and Marcia Vandehy, Antigo.

Sophomores, who have maintained a 2.25 average or better and have rendered significant service to the college, were chosen to Pi Sigma. They are: Penelope Kegel, Wauwatosa; Karen Kobes, Springfield, Ill.; Judith Larsen, Glenview, Ill.; Marilyn Low, Evanston, Ill.; Edith Miller, Rock Island, Ill.; Janet Moats, Griffith, Ind.; Linda Ohlander, Evanston, Ill.; Arlene Verbeski, Rockford, Ill.; and Joyce Ward, Deerfield, Ill.

Service Circle to Sponsor Series of 'Canteen' Parties

Members of the Service circle of Kings' Daughters met Monday evening and decided to sponsor a series of "canteen" nights for a special education group of young people between the ages of 15 and 21. The recreational events for boys and girls will begin in May.

The committee includes Mrs. James McKenny, Mrs. Gerald Schomisch, and Mrs. Urban Van Susteren, who will work with Mrs. Ed Bollmer and Mrs. John Ayers, members of the Outagamie County association on Retardation.

The Monday evening meeting

2 Delegates Chosen for Youth Parley

Miss Sue Manning and Miss Cheryl Pearl have been selected to represent Senior Girl Scouts from the Fox River Area Girl Scout council at the Sixth Annual State Youth conference April 11 and 12 at Roosevelt Junior High school, Fond du Lac.

South Area Scouts to Hold Square Dance

South Neighborhood Girl Scouts including Brownies and Intermediate Scout troops will gather for an annual square dance from 1 to 4 o'clock Saturday afternoon at the Foster school gymnasium. A square dance caller has been engaged for the party.

Brownies will participate in the "hoe-down" from 1 to 2:30 o'clock, and Intermediates from 2:30 to 4 o'clock. Donations will be collected for the Juliette Low Scout fund.

Mrs. Douglas Miller is serving as party chairman.

Madison Pair United in Rites at Clintonville

In a double ring ceremony at 4:30 Easter Sunday afternoon at the St. Martin Lutheran church, Clintonville, Miss Carol Jane Kuester, Madison, became the bride of Kenneth Harlan Zimmerman, Madison. The Rev. Walter O. Speckhard officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. William Kuester, 12 Seventeenth street, Clintonville, and was given in marriage by her father. Parents of the bridegroom are Mr. and Mrs. Harlan Zimmerman, Mayville.

John Youngbeck, Mayville, was the soloist. He sang, "The Lord's Prayer," and "Whither Thou Goest."

Miss Shirley Kent, Madison, was the maid of honor. The bridesmaids were Miss Mary Ruth Achten, Shawano, Miss Louis Fillnow, Milwaukee, Miss Pat McGilsky and Miss Sally Timmerman, both of Madison.

Donald Griepentrog, Mayville, was the best man, and other attendants were Robert Kuester, Clintonville, brother of the bride, cut the 5-tier wedding cake.

The bride is a registered nurse, having graduated from the Clintonville High school and the Columbia School of Nursing, Milwaukee. She also attended the University of Wisconsin, Madison, and is a nurse at the Wisconsin General hospital, Madison.

The bridegroom graduated from the Mayville High school and will graduate from the University of Wisconsin, Madison, in June.

The couple left on a wedding trip and will be at home at 1224 Spring street, Madison, after April 14.

Mrs. Zimmerman
(Schultz Photo)

William Sievers and David Sievers, Clintonville.

A reception and dinner were held at the Hotel Marson for 230 guests. Miss Mary Beth Kuester, Clintonville, a cousin of the bride, cut the 5-tier wedding cake.

Single Woman, Marriage-Shy Man 'Combo' Unsatisfactory

BY ANN LANDERS

DEAR ANN: I am 29 years old, single, and struggling with the most important decision of my life.

Two years ago I met a very attractive man. We fell in love immediately. Now, when we're apart, I feel only half alive. I asked his intentions and he told me the terrible news. He's divorced, and paying such heavy alimony and support money that a second marriage is out of the question. This is the first time he ever mentioned his past.

I have an excellent job and offered to help him with his obligations. He said it wouldn't be fair to mess up my life — that he's already broken one woman's heart. I told him I couldn't live without him and he said I didn't have to — that we could continue this way.

I'm not a kid anymore and I'm ready to be practical. Isn't half a loaf better than none? What do you think? — THE BROWNETTE

Your boy friend's proposition is as inviting as a case of chickenpox. When he says he doesn't want to "mess up YOUR life" what he means is, he doesn't want to mess up his own, by getting married again.

If you agree to rock along without benefit of clergy, you're a sap. This isn't half a loaf — it's crumbs.

DEAR ANN: Eight years ago my husband and I and our infant son moved into the home

of an elderly man who was a family friend. We were young, and hard-up for money, and this man had a big house and was lonesome.

"Uncle John" helped us out financially and never charged us rent or board. He said he was just happy to have our company. Now I'm beginning to wonder if we made a mistake. Our son is almost nine years old and we can't do a thing with him. He doesn't obey us and is sassy and smart-alecky. He gets whatever he wants from "Uncle John" and he has no respect for us.

I've told my husband we should move. We've saved enough money to buy a small place of our own. It wouldn't be as nice as this, but we'd at least be alone.

He says we'd be crazy to give all this up and that our son would be spoiled no matter where we lived. Please give us your opinion. — ELLA and FRED

Move — and move fast. If your son is nine, the pattern is fairly well established, but he'll be a lot less spoiled with "Uncle John" out of the picture.

Your eight-year economy program was pretty expensive.

You traded your independ-

ence for free room and board. The boy sensed you weren't boss in that house, and this weakened your position of authority. Move — yesterday.

DEAR ANN: I live in an apartment. Two months ago a family with two teenage girls moved in above me.

They all get up at 7 o'clock in the morning. The record player goes full blast in one room and the radio in another. I think somebody plays the drums up there, too, but I'm not sure. The racket lets up from 10 until 3 but it doesn't help much because I'm dizzy by then.

When the girls come from school the TV and radio go on, and it's cowboys and Indians or rock and roll until midnight. The other night I thought they were pounding nails in the floor but later I discovered they were dancing.

I hate to be a crab but I'm a nervous wreck. Shall I speak to them or shall I go directly to the landlord? A friend of mine who had similar neighbors in an apartment building complained and is sorry she opened her mouth. Now the family has it in for her and they are noisier than ever. — S.L.

If you haven't welcomed the family to the building "officially," why not bake a cake and introduce yourself as the neighbor downstairs?

It would be much wiser to mention the noise casually a few days later. Explain that buildings aren't put together like they used to be, and the noise comes right through. Chances are they'll pipe down a lot faster than if you were to run upstairs with your hair on fire and threaten them with eviction.

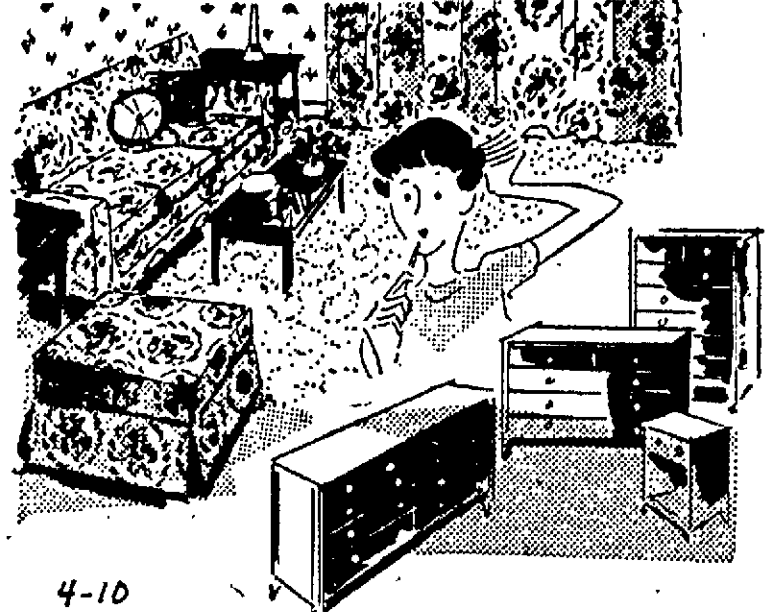

Honduras Theme Of Legion Unit's Annual Dinner

The costume and dishes of Honduras will be featured at the annual dinner of the Pan American unit of the American Legion auxiliary to be held at 6 o'clock Friday night, at the home of Mrs. Arthur Christenson, 1012 W. Winnebago street.

The unit has studied the country during the past year.

Designing Woman

BY ELIZABETH HILLIER

4-10 When to Repeat—And When Not to

In decorating as in speaking, there are times when repeating is effective, and times when it is a bore. Colors in general should be repeated more often than they are. A color already in the room is more often the answer to the question of what color a room element should be than a new color. Widespread use of the same soft color gives a room restful unity and makes it look more spacious. Repeats of deeper and brighter colors make them count as they can't pull more than a few pieces alone.

A knowing way to use pattern is to choose one that's simple!

Appleton Coeds Busy With Campus Projects

Miss Sandra Schlafke, Appleton, has been chosen as one of the duchesses for the Cotton Pageant and Ball to be held at Texas A and M college, College Station, Texas, Friday night. The coed will represent Rice Institute, Houston, Texas.

Ball queen will be selected from among more than 100 duchesses representing various Texas locations.

Among fashion models appearing in "Around the Clock at the Gamma Phi House" style parade of Gamma Phi Beta society will be Miss Susan Manier. The Appleton coed, who is a senior in education, will model a spring outfit for the Greek group's annual luncheon and bridge party to be held Wednesday, April 16, at the Evanston school.

Miss Manier's parents are Mr. and Mrs. Alex Manier, 1238 E. Opechee street.

Miss Patricia Utschig, Appleton, was a recent houseguest of her roommate, Miss Barbara Bloomer, formerly of Appleton, when the two coeds visited with Miss Bloomer's mother, Mrs. Richard Smith, and Mr. Smith at their Toledo home. The Smiths are also former Appleton residents.

The young women, who are freshmen students at St. Mary of the Woods college, St. Mary of the Woods, Ind., stopped at Toledo prior to New York City where they attended several Broadway plays.

Miss Utschig is the daughter of Mrs. Leonard Utschig, 716 E. Glendale avenue.

Girl Scouts Have Tour in Green Bay

Girl Scout troop 154 of St. Theresa school took a recent trip to Green Bay where the scouts visited the radio and television studio, a museum, and St. Joseph's Home for Children. The girls also had a luncheon included in their tour. Several of the scouts were invited to talk on the radio while in the studio.

Newly elected officers are Judy Baich, president; Luda Medwedew, vice president; Diane Gassner, secretary; and Patty Hebler, treasurer. Mrs. Orville Yingling and Mrs. Lloyd Berken are co-leaders of the troop. For their current project, the scouts are making felt coin purses.

Beauty Floral Scents in Favor for Spring

By Marian Matthews

This is the season for changes — your clothes, your hair style, the color of your make-up and then, in keeping with spring's light-hearted mood, a switch to lighter, more delicate fragrances.

Floral scents that hint of fragile flowers and beauty are always a feminine complement to your good grooming. Choose from a good variety ranging from the single flower to the wonderful blending of spices, many flowers and the hint of woody undertones. The new spray bottles in beautiful colors have a good supply in them and there's a luxurious feeling of plenty when you use them.

Select one or two new colognes for spring and enjoy them from the bath to the last moment when you are dressed and ready for an evening at home or on the town.

Spray cologne on your hair — it makes an excellent wave-set when you are rushed and want to reset hair in a hurry. Dampen hair with cologne and pin curl; then spray once more. Leave in pin curls for about 20 minutes and comb or brush out.

When you finish dressing, use a dash of cologne at the throat and wrists. Learn little tricks of spraying it in gloves, on fresh white lingerie blouse or collar and hosiery.

The subtle scent of cologne makes it easy to wear most of the time — a faint suggestion of it is permissible in most offices these days, too. This, of course, is preferable to heavy perfume during working hours.

Mrs. Robert Groves Jaycettes President

Jaycettes, auxiliary to the Appleton Junior Chamber of Commerce, named Mrs. Robert Groves as president for the ensuing year in recent elections at the unit's April meeting. Mrs. Jean Revelt is retiring president.

Other new officers are the Mmes. Clifford Rondou, vice-president and state director, Richard Pruett, secretary, Don Smith, treasurer, and George Savage, corresponding secretary.

The annual election session was held at the home of Mrs. Leroy Sommers, with the Mmes. Richard Bierl, Robert Wilms, Kenneth Vock and Groves serving as assisting hostesses.

Resolutions were voted to sponsor a child to Camp Wawbeek for crippled children and youth and to purchase a TV set for the psychiatric ward at St. Elizabeth hospital. A donation of \$200 was made to Appleton Memorial hospital and \$30 to the Golden Age clubhouse fund.

The unit will again assist with the Cerebral Palsy Telethon to be held May 17 and 18, and named the Mmes. Dan Baer, Sherman Frinak and John Liebszeit to fashion Mother's Day favors for the two Appleton hospitals.

A program on mental health will be given at the next meeting which will be held at the Ambrosia room of Elm Tree bakery. New officers will be seated and the Mmes. Calvin Falk, Frank Okada and Richard Uehling will be hostesses.

Nan Ducklow Feted By Young Friends at Birthday Party

Nan Ducklow, 3-year-old daughter of Mr. and Mrs. William T. Ducklow, 322 S. Court, was honored by 10 young friends at a party at her home Tuesday afternoon on the occasion of her birthday anniversary. Mothers of the children were entertained by Mrs. Ducklow at coffee.

Needle Work

Civil Defense Program for Mother's Society

Civil defense was termed an exaggerated program of insurance for the civilian population in all periods of disaster, not only war, by Robert Beltrone, civil defense director, Tuesday night when he spoke to the Christian Mother's society of St. Joseph school at the school.

The director pointed out that tragedies often spring from natural causes, and that preparation is necessary if a community wishes to avert a melee such as may evolve from a fire or flood.

Program planned for the unit's next meeting in May will be a potluck supper at which new members will be initiated in a following church service. Mrs. Joseph Weber is in charge of the new membership list and district 4 will serve as hostesses.

In card play, Tuesday night winners were the Mmes. George Glasnap, Joseph Loessel and Leo Rechner, schafskopt, and the Mmes. Dale Coley and Theresa Glaser, contract bridge.

Marriage Licenses

Applications for marriage licenses have been made at the office of County Clerk Mollie E. Pfeffer by Robert H. Sauer, 1013 S. Walden avenue, and Janice M. Jansen, 512 N. Oneida street; Donald C. Boettcher, route 1, Pulaski, and LaVerne I. Walsh, 704 W. Wisconsin avenue, Kaukauna.

VFW Unit Seats Officers, Nominates Delegates to 8th District Conferences

New officers were seated and delegates nominated to attend meetings of the Eighth District by Harvey Pierre Post 2788 Veterans of Foreign Wars auxiliary Tuesday night at the VFW hall. Chairmen to serve during the ensuing year were also named by Mrs. Edward Kies, newly-elected president. Chairs were taken by the Mmes. Kies, John Gosch, senior vice president; Eugene Hoffman, junior vice president; Walter Mueller, chaplain; Wilmer Wagner, conductress; F. Robert Volkman, treasurer; Gust Krueger, guard; Frank Koch, Harry Rasmussen, and Fred Peske, all serving as trustees.

Other officers include the Mmes. Gilbert Melchert, secretary; Gerald Schilabel, Vincent Huss, Paul Volpe and Albert Schumacher, all color bearers; John Steenis, flag bearer; Orville Yingling, banner bearer; Claude Rhodes, historian; Harold Krueger, patriotic instructor; Arthur Ziegler, musician; and Orville Muenster, assistant conductress. Conducting installation ceremonies were Mrs. Volkman and Mrs. Rasmussen.

Nominated as delegates to represent the Appleton unit at district parleys, with the first conference slated May 18 at Mishicot, were the following: the Mmes. Gosch, Henry Hoffman, Eugene Hoffman, Koch, Charles Thompson, Volkman, John Lappen, Melchert, Krueger, Schilabel and Rasmussen.

Committee chairmen for 1958 are the Mmes. Eugene Hoff, ways and means; Gosch, poppy and membership; James Brown, cancer; Thompson, sunshine and rehabilitation; Koch, hospital; Carl Rehfeldt, legislative; Jerrold Lynch, service

men; Krueger, Americanism; Lappen, publicity; Peske, community service; Rhodes, historian; Henry Hoffman, Wisconsin cottage and national home; Jule Boggess, luncheon; and Donald Manier, youth activities.

Committee for the evening meeting is comprised of Mrs. Ella Wagner, Mrs. Yingling and Marcella Stark.

Music Club Elects New Officers

New officers were elected by members of the Wednesday Musical club at the meeting Wednesday afternoon at the home of Mrs. David Fulton, 505 E. Frances street.

The group named Mrs. Karl Sager president and Mrs. Ralph Bohl will be the new first vice president. The newly elected second vice president is Mrs. Carl Given and Mrs. Randall Reuss will assume the duties of treasurer. Also elected to office were Mrs. R. Voll, secretary, and Mrs. Emil Voecks, librarian.

The subject for discussion was "Antonio Stradivari and Ole Bull." Mrs. Ralph Raschig served as program chairman. Mrs. Ralph Bohl, vocalist, delivered two numbers, and Mrs. G. A. Beglinger, pianist, played three numbers. A trio composed of Mrs. Clarence Richter, piano, Mrs. Randall Reuss, cello, and Mrs. Carl Given, violin, also entertained the group with two selections.

The next meeting is scheduled for Wednesday, April 23, at the home of Mrs. J. M. Withers, 850 E. Lindbergh street.

Miss Rebecca Millunchick, Chicago, center, was guest speaker at the Tuesday evening 10th anniversary celebration held by the Daughter of Zion at the Zion Lutheran school. She spoke on her work with the National Lutheran council. Shown with her above are Mrs. John Gurholt, left, and Mrs. Reinhold Vogt, right. Awards were presented to the past presidents and ten charter members were recognized. There was singing with Ronald Lew at the piano. (Post-Crescent Photo)

Tenor, Pianist Featured In Sunday Recital at Lawrence Conservatory

Three Lawrence Conservatory students, Carroll Gonzo, tenor, Ronald Sindelar, pianist, and Allen Bonde, pianist, will present a joint recital featuring Gonzo and Sindelar at 4 o'clock Sunday afternoon at the conservatory. Bonde, a senior piano major, will accompany Gonzo.

The trio members are Manitowoc natives and all three have been piano students of Wesley Teply, Lawrence Conservatory graduate who is a prominent teacher in the Manitowoc area.

Gonzo, a junior in public school music, has made numerous Appleton and campus appearances and has performed on radio and television. He has studied voice with Isabelle McClung, former Conservatory staffer, and is currently the faculty member.

The tenor's experience includes summer work with Lola

Carroll Gonzo

Fletcher of Chicago and appearances with the Chicago Park District Opera guild. He is a member of the college choir and Lawrence Singers and has held solo positions in the "Messiah," Dubois' "Seven Last Words" and Stainer's "Crucifixion."

Gonzo serves as president of the local chapter of Phi Mu Alpha Sinfonia music fraternity and is choir director of the Campus Beta Theta Pi fraternity.

Sindelar is a student of Clyde Duncan, who will assist him in his performance of the Stravinsky "Concerto for Piano." A sophomore, Sindelar has been a member of the college orchestra, band and Little Symphony, and has a strong interest in composition as well as in piano and strings. He is also affiliated with Phi Mu Alpha Sinfonia.

Program Listed

The program is as follows:

I attempt from love's sickness to fly Purcell

O sleep! why dost thou leave me? Handel

Il Mio Tesoro from Don Giovanni Mozart

Ten Variations on an Mr. Gonzo

Prepare New Base for Oil Paint

BY ROGER C. WHITMAN

Question: We painted our walls with a water paint. It is starting to chip and peel in spots. We would like to apply oil paint, but have been told it would not stick over water paint. What can we do?

Answer: It is true that oil paint will not adhere to cold-water paint. Remove the water paint with a prepared remover or scrubbing with a brush and hot water to which ammonia has been added.

Sliding Throw Rugs

Question: I have quite a few throw rugs in my home. Before they are washed, they stick to the hardwood and tile floors. After a few washings, they slide very easily, making it dangerous. How can I make them stick to the floor?

Answer: Plastic netting with about one-half inch mesh (available in some floor covering stores and many department stores; it comes in rolls), cut slightly smaller than the rug and placed underneath is quite effective. Or brush on a solution made of half-pound of chip glue dissolved in a quart of water. Some well-stocked housewares stores now have available a special rubber preparation for applying to bottom of rugs to make them skid-proof.

High School Wins Accreditation of National Group

Appleton High school again has received accreditation with the North Central Association of Colleges and Secondary Schools, according to word received by H. H. Helble, principal. With the approval for 1958-1959, AHS has been on the accredited list continuously since 1904.

Approval for schools is given each year as long as the school maintains conditions under which approval was given originally. The criteria for judging schools deals with school organization, qualifications of staff members, length of the school year and class periods, requirements for graduation, philosophy and objectives, educational program, board of education and its policies, and school plant and equipment.

The North Central association was founded in 1895 in order to set and maintain standards of education in the secondary schools and colleges.

Our Children

Teachers Told Word of Praise Reaps Harvest

BY ANGELO PATRI

"Frederick Mageesen, another such paper and I'm sending a note home to your parents. I'm tired of it. Half a lesson done and that about as poor an attempt as ever I saw."

Wait a minute, teacher, before you send that note home. What is the function of the teacher? Is it not a pedagogical fact that all children long for approval, especially the approval of classmates and teachers?

Have you studied the cause here? If you have found the reason for this poor work you know what to do to remedy it, being a trained teacher and all.

On Defensive Many parents are not trained teachers, not even trained parents, and a note of complaint from the teacher puts them on the defensive. They have through their child failed, and that failure caused by helplessness, angers them. Their anger is either directed toward the teacher or toward the child and it does nothing to forward the education of the failing child. It is more likely to hinder it.

The only note to send home is one of praise and congratulation. Try that. There is nothing to praise? Oh, yes, there always is something if you look for it. Every child is a child of grace in some quarter of his being and the teacher is the one to find it.

Wise Move A teacher in a large city in a crowded section has a class of retarded boys. They were intelligent but neglected and, knowing their plight, were resentful and difficult to manage in a classroom.

One boy was the leader in disorder and the zero boy in any lesson afoot. He came to school one morning in a perfectly clean, beautifully laundered blouse. The teacher whispered to him, "That's a lovely blouse you have this morning. Who did it up for you?" "My mother," he replied, "My mother."

"Wonderful," said the teacher and when he went home that noon he carried a little note to his mother saying how well the boy looked in his wonderfully laundered blouse. It did great things for him.

In a day or two back came a note saying how happy the mother would be to do something for the teacher who had for the first time in his school life, found something about him to praise.

Chapter B of P.E.O. to Hear Book Review

Chapter B of P.E.O. will meet at 2 o'clock Friday afternoon at the home of Mrs. F. Hackworth, 710 E. South River street. Mrs. F. A. Johnson will serve as co-hostess.

The program will be a book review by Mrs. E. W. Root of "Greenwillow" by B. J. Chute.

Improper to Give Names To Agent

BY EMILY POST

Dear Mrs. Post: A silverware agent from whom I've decided to buy my silver has asked me for a list of my best friends and relatives. Her idea is to send them a list of the pieces (with prices) which I don't have and suggest that perhaps they will wish to choose from this for my wedding present. Would this be permissible? Mother thinks not.

Answer: I agree with your mother. Of course if any of your relatives or friends tell you that they would like to give you a piece of silver and ask for suggestions, it would then be quite all right to tell them of the agent who has the list of what you have . . . and haven't.

On Social Behavior

Dear Mrs. Post: I have two boys who ask me a lot of questions about social behavior because they are now going out with girls. I can't answer all of these questions for them. In particular, this one about a dance: A boy takes a girl to his school dance; they sit with

a group of friends; there are no dance programs. Must he always find a partner for his girl in order for him to dance with other girls?

Answer: If they are sitting in a group, it would be quite natural to ask one of the other girls in the group to dance with him, and that would surely prompt any other boy to ask the first boy's friend to dance. Even if no one asks her to dance, it would not be wrong to leave her for a short time sitting with others; but, he must never leave her sitting alone.

Use of "Hi"
Dear Mrs. Post: What is your opinion of greeting people with the word "Hi" instead of "Hello" or "How do you do?" This greeting is heard so much in the present day not only by the young but by those of maturer years as well. Is it accepted as good taste?

Answer: From one child or teenager to another, "Hi" has been accepted as correct, but between adults it is not yet in good taste.

Culbertson on Bridge

By Ely Culbertson

The contract North-South landed at in the following deal was not to be admired, but with a little help from the enemy, plus some sly play on declarer's part, it turned out very satisfactorily.

North, dealer.

The bidding (rubber bridge):

North East South West

1 N T Pass Pass D'ble

Pass Pass 2 S Pass

Pass D'ble (final call)

North-South were using the

Stayman Convention, but South

was afraid to respond with two

clubs, asking for a major, be-

cause if North couldn't oblige,

South figured that he might

only have made a bad matter

much worse. When, however,

the no-trump contract was dou-

bled for business, South cer-

tainly couldn't stand for that,

so he "bailed out." It was

strange, though, that he sum-

marily decided that spades

would be a better trump suit

than hearts, and the outcome

was far more a matter of luck

than of sensible discrimination.

West, with no conspicuously

good opening lead, finally

chose the jack of hearts, think-

ing that he might develop a

ruff in the suit. East captured

dummy's heart queen and

with no good return of his own,

shifted to the deuce of clubs.

West won and continued clubs,

and after winning with dum-

my's king, South ruffed a club

and led a diamond.

At this juncture West decid-

ed that he wasn't going to let

declarer cash in another low

trump on another club ruff, so

West put up the diamond ace

and shifted to the queen of

trumps. East took dummy's

king and led the trump ten;

South won and led a heart to

the ace.

Now declarer cashed the

king and queen of diamonds,

Edward Sittler, Jr., Right, Uniontown, Pa., head of the Pennsylvania YMCA world service fund campaign, congratulates Mr. and Mrs. T. E. Orbison, Appleton, on their recognition for service to the YMCA. Sittler spoke at the Y's annual meeting Wednesday night. (Post-Crescent Photo)

Richard Sears Awarded Doctorate at Cornell

Richard Sears, son of Dr. and Mrs. George Sears, route 3, Appleton, has received his doctorate degree in physical chemistry from Cornell university. Sears has accepted a position in the chemical research department at Mellon Institute, Pittsburgh.

The Appletonian studied as an undergraduate at Lawrence college, where he was awarded his degree magna cum laude. He is a graduate of Appleton High school.

Among the members of the Northwestern college choir of Watertown which presented a sacred music concert Monday night at St. Paul Lutheran church was James Kiecker of Appleton. He is the son of Mr. and Mrs. G. H. Kiecker, 419 E. Pacific street.

The 40-voice choir toured Minnesota, North and South Dakota, Nebraska, Iowa and Wisconsin cities on an 11-day trip.

University of Minnesota senior, Keith Breyer, son of Mr. and Mrs. Erwin Breyer, Dale, has been named to membership in the campus chapter of Phi Zeta Kappa, national honorary veterinarian society. He also is affiliated with Alpha Zeta and Gamma Delta fraternities. Breyer graduated from

Washington High school, New London, and took two years of pre-veterinarian courses at the University of Wisconsin.

Resident Honored

Cadet Thomas R. Sherry, son of Mr. and Mrs. T. J. Sherry, 1724 Hycrest drive, has been initiated into the Wentworth Military academy, Lexington, Mo., chapter of the National Honor society. Qualifications for admission include scholarship, leadership, service and character.

Auxiliary Meets

The United Commercial Travelers Past Officers auxiliary met Wednesday evening at the Conway hotel for dinner and cards. Awards were won by Mrs. Delmer Peterson, Mrs. Tabor Davis, Mrs. George Otis, Mrs. R. C. Brighton, and Mrs. Arthur Dimick.

Dr. Howard O'Brian, Appleton dentist, has been promoted to captain in the navy reserve dental corps. He has been commanding officer of the naval dental re-

Speaker Calls YMCA Bulwark Against Reds

Says Ideas as Well as Bombs, Planes Must Be Better Than Foes'

Money collected in the YMCA world service fund drive will help construct buildings and finance programs in 33 countries Edward Sittler, Jr., Uniontown, Pa., told Appleton 'Y' members at their annual meeting Wednesday night.

Sittler, head of the Pennsylvania world service campaign, reviewed achievements and goals of the YMCA's overseas program.

He described the world service program as a bulwark against communism and noted that in Egypt, where the United States is unpopular, citizens are supporting YMCA projects.

"The battle between communism and freedom is a battle of ideas," he said.

Ideas Are Better

"Our ideas must be better, not only our planes and bombs. YMCA people take our ideas to other countries and teach by example our fine way of life."

Overseas units of the YMCA make the greatest possible use of foreign nationals in programs within their countries, Sittler stated.

Mr. and Mrs. T. E. Orbison

serve unit No. 9-18 in northern Wisconsin and upper Michigan for the last 10 years and a member for 20 years. He entered the navy in 1943 and was on active duty until 1946. The captain was assigned to stations in Farragut, Idaho, Seattle and Bremerton, Wash., and Great Lakes, Ill.

O'Brian recently attended a national resources conference in Philadelphia, where he was a navy representative.

Dr. and Mrs. O'Brian live at 714 E. Eldorado street. They have three children—a daughter, Joan, a public health nurse in Milwaukee, a son, Thomas, geology student at Oklahoma university, and a daughter, Bonnie, a student at Alverno college, Milwaukee. She is a summer playground leader in Appleton.

Appleton Post-Crescent A 21 Thursday, April 10, 1958

were honored for service to the YMCA. They received a plaque from William Cherkasky, YMCA president.

David Fulton, Adam Remley and John Rosebush were reelected for 3-year terms as directors.

Others elected for 3-year terms are the Rev. Ralph Taylor Alton, David Lindsey, Arnold Evans and Stephen Freschl.

Dr. Robert Johnson was named to a 2-year term. Mrs. Jack Brauer was elected for one year.

Members of the nominating committee were Edward Douglass, Jr., chairman, Douglas Ogilvie, Mrs. F. A. Meythaler, Stuart Koch and Lindsey.

Drive Captains

Robert Duthie, head of the world service drive in Appleton, introduced precinct captains. They are Jack Worthen, William Burge, James Vetter, Keith Buxton, Dr. William Chandler, Kenneth Abraham, Donald Herrling, David Weiland and Frank Koffend.

Camp Program

Lindsey narrated a pageant explaining the YMCA's camp program. The script was written by Carl Bruno.

Members of the annual meeting committee were John Rosebush, chairman, Mrs. Robert Ducklow, George Mills, Mrs. Kenneth Ligare, Miss Lois Breitrick, Miss Betty Leinwender, Philip Joranson, Walter Manteuffel, Franklin Hardt and Fred Pettegrew.

The Rev. John Seidler, pastor of St. John Evangelical and Reformed church, gave the invocation.

Tri-Y girls served as waitresses.

VFW to Sponsor Fourth Annual Stage Production

"Separate Rooms," billed as an adult comedy, will be presented by Chicago Uptown Circuit Players, Inc., under the auspices of the Harvey Pierre Post of Veterans of Foreign Wars Saturday evening, April 19. Curtain time is 8:30 in Lawrence chapel.

This will be the fourth appearance of the Chicago theater group under the local VFW auspices.

Proceeds will be used in the post's veterans rehabilitation and welfare fund.

Dress Pattern

BY ANNE ADAMS

Come summer, you'll delight in the coolness of this dress 'n' bolero outfit. Note how bolero buttons to dress—always looks neat, smart. A Printed Pattern proportioned for half-sizers. Sizes 14 1/2, 16 1/2, 18 1/2, 20 1/2, 22 1/2, 24 1/2. Size 16 1/2 dress takes 4 1/2 yards 35-inch; bolero 1 1/2 yards.

Printed directions on each pattern part. Easier, accurate.

Send Thirty-five cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to ANNE ADAMS, care of Appleton Post-Crescent, 378 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly NAME, ADDRESS with ZONE, SIZE and STYLE NUMBER.

carefully discarding the ten of hearts, and when he followed this up by leading the heart eight, East fell into the (rather shallow) trap. A simple count of the revealed distribution would have told East the whole story, but he evidently thought that South had no more hearts.

So, to avoid being "couped," East discarded his club—and then he was couped! On the next lead from dummy he had no trump, and South, over him, was sure to make the trump eight for the fulfilling trick.

At this juncture West decid-

ed that he wasn't going to let

declarer cash in another low

trump on another club ruff, so

West put up the diamond ace

and shifted to the queen of

trumps. East took dummy's

Winnebago County and Oshkosh Authorities are shown as they emerged from the Lund home at Oshkosh Wednesday afternoon where they had been investigating the strangulation of Pvt. Charles Lund, 23, shown below. Shown above are, left to right, Police Chief Harry Guenther of Oshkosh, Dr. G. A. Steele, Winnebago County coroner, Dr. H. M. Hillenbrand, Mercy hospital pathologist who performed the autopsy, and Dist. Atty. Jack Stenhilber. The death was ruled as accidental strangulation while experimenting with ropes. (Post-Crescent Photo)

Soldier Dies in Rope Experiment

Oshkosh Youth Found by Mother; Confusion First Indicated Murder

BY ALLAN EKVALL and JACK GLASNER
Post-Crescent Staff Writers

Oshkosh—Death of a 23-year-old Oshkosh soldier home on leave was ruled an accident last night.

Charles Lund was found by his mother with a rope around his feet, hands and neck shortly after 11 o'clock Wednesday morning in his bedroom. Authorities ruled he died while experimenting with the rope.

A series of conflicting statements from Oshkosh police and Winnebago county authorities kept the death a possible murder for most of Wednesday afternoon and evening.

Chief of Police Harry Guenther said that he, personally, was not notified until 1:30 in the afternoon when state crime laboratory personnel were on their way to the scene from Fond du Lac, where they had been testifying at a murder trial.

Lund's body was not removed from the Lund home until crime lab workers finished their investigation Wednesday evening.

Calls Husband

The youth's mother, after discovering the body, called her husband, Harry A. Lund, sales manager of Marine Products, Inc. He rushed to his home and cut the ropes from his son's body. A police ambulance was called about noon and the coroner, Dr. G. A. Steele, was notified.

Steele commented, "In my 22 years as coroner I have never seen anything like this." Beyond that and terming the cause of death strangulation, Steele would not comment.

Dist. Atty. Jack Stenhilber and state crime lab workers ruled out possibilities of foul play or suicide.

The youth's mother told police she entered her son's room

Council to List Achievements

Final Session of Year Tuesday for Community Group

Menasha — The Community Council of the Twin Cities will wind up its year of activity Tuesday noon at the Elks club with a program featuring a dozen people who will speak briefly on projects which got their start through the council this year and in past years.

The speakers will hit the highlights of such activities as the Golden Agers, Christmas giving program, guidance center, Rec for Rockets, retarded children program, dental clinic and several others.

Reservations for the year-end session can be made at the council office. The next meeting after Tuesday's will be in September.

Dunwiddie Elected President of Men Teachers' Group

Menasha — William Dunwiddie, social studies teacher at Neenah High school, was elected president of the Neenah Men Teachers' association at the group's meeting Wednesday night. Arlin Spiegelberg, social studies and arithmetic teacher at Kimberly Junior High school, was named vice president and Charles Buck, high school librarian, was elected secretary-treasurer.

The association voted to give a scholarship again this year to a senior boy interested in teaching. Tom Kuehl, class of '57, received the award last year.

Twin City Deaths

Mrs. Rose E. Webb

Neenah — Mrs. Rose E. Webb, 78, 726 Congress place, died at 8:30 this morning after a long illness. She was born Dec. 15, 1879 in Morgan county, Missouri, and resided in Neenah the last eight years. She formerly lived at Madison.

Private funeral services will be held Saturday at the Westgor Funeral home with the Rev. Arthur R. Tingley, pastor of St. Paul English Lutheran church, in charge. Burial will be in Oak Hill cemetery.

Friends may call at the funeral home from 7 to 9 o'clock Friday evening.

Survivors include one daughter, Mrs. Maynard Reiersen, Neenah; one son, Wilfred H. Neenah, and five grandchildren.

Drivers Fined on Traffic Charges

Neenah — Elwood J. Remme, 30, 650 Milwaukee street, Menasha, pleaded guilty of inattentive driving this morning before Police Justice Edmund P. Arpin. He was fined \$10 and costs.

Remme was arrested about noon on March 29 after an accident on N. Lake street.

Alvin F. Stratton, 50, 321 Sixth street, Menasha, changed his plea of innocent to guilty of speeding. He was arrested at 8:10 the evening of March 22 on First street. He was also fined \$10 and costs by Arpin.

VFW, Auxiliary Plan Installation

Menasha — Nicolet post No. 2126 of the Veterans of Foreign Wars and its auxiliary will have a joint installation at the Menasha Eagles hall Saturday night.

A dinner at 6:30 will precede the installation and showing of the movie of the 1957 Milwaukee Braves highlights which is set for 8 o'clock. The installation and movie showing are open to the public.

Earl Mork, Sixth district commander, will install Richard Gaertner as commander of the post and Mrs. William Campbell, a member of the national VFW auxiliary council, will install Mrs. Harold Klutz as auxiliary president.

NO MORE HAND SANDING!

with Porter-Cable's

New

Homemaster Sander

Model 136

Foundry Union To Vote on Strike

Special Meeting Called for Friday On Final Offer of Company

Neenah — Members of Local 121 of the International Molders and Foundry Workers union, AFL-CIO, will hold a special meeting at 2 o'clock Friday afternoon at the American Legion clubhouse here to decide if it will accept the final offer of the Neenah Foundry company.

The foundry employs about 340 persons and its last contract expired Dec. 31, 1957. The local union has received strike sanction from the international union but the local constitution requires that a strike vote must carry by at least a 75 percent majority.

Commissioner Arvid Anderson of the Wisconsin employment relations board has been assisting the parties in attempting to get a settlement of the dispute in which wages, time and one-half for Saturday and double time for Sunday work, union security and length of contract are the issues to be resolved.

The company is insisting on at least a 2-year contract while the union wants to return to a 1-year contract, according to F. J. Guerts, union president.

The union's international representative, Reginald Bigsby, is calling the special meeting and has been assisting in the contract negotiations with the company.

Smith Elected Head of DAV

Twin City Chapter Chooses Delegates For Conventions

Menasha — William Smith was elected commander of the Neenah - Menasha chapter No. 46 of the Disabled American Veterans at its meeting Wednesday night at the Menasha Eagles hall.

Also elected were Clifford Van Heukland as senior vice commander, John Nemec as junior vice commander, Alfred Goesser as adjutant - treasurer, Glenn Gillen as chaplain, Norman Johnson as sergeant - at - arms, Peter Steffens as officer of the day, Harold Zimmer as finance officer and Rola Weiss as service officer.

Delegates elected to the state convention are Goesser and Jim Wilson while the alternates will be Nemec and Smith. The convention will be at Beaver Dam in June.

Goesser and Wilson also were named delegates to the Third district conference at Sheboygan April 20.

5 Girls to Go to Youth Meeting

Neenah — Five Neenah High school girls will attend the 1958 State Youth conference at Fond du Lac on Friday, according to William Miller, Neenah recreation director.

Attending on the first day of the two-day session will be Mary Aderhold, Ellen O'Leary, Kathy Deutsch, Jill Harker and Dawn Perry.

Miller said that another group is expected to attend Saturday's session.

Twin City Births

Neenah — Theda Clark hospital today reported the following births:

Son to: Mr. and Mrs. Robert Maas, 311 First street, Neenah.

Daughter to: Mr. and Mrs. Clyde Hulbert, 235 Martin street, Neenah.

Traffic Club To Hear About Straits Bridge

New Mackinac Span Movies to be Shown At Menasha Dinner

Menasha — History and development of the Mackinac straits bridge will be told to the Fox River Valley Traffic club members at its dinner at 6:30 Tuesday night at the Elks club.

Herman D. Ellis, public information executive of the Mackinac Bridge authority of St. Ignace, Mich., will be the speaker and will show movies. Reservations for the dinner program are to be made by Friday with Earl Garfield, 410 Twelfth street, Neenah.

Ellis has combined public information duties with direction of photographic and motion picture production for the Mackinac Bridge authority and participating contractors.

Born in 1909 in Minnesota, he attended Battle Creek, Mich., High school and graduated from Milton college in Wisconsin. He also did graduate work at the University of Wisconsin.

Authored Book

Following eight years of teaching in high schools he was a wartime supervisor of instructors in the air force radio school at Madison. He also directed photographic instruction for the United States Armed Forces institute and authored the "Study Guide in Photography" which has been used as a text by the armed forces for many years.

After the war Ellis was director of the visual aids department for the Michigan Tuberculosis association and chief of the bureau of health education in municipal court this morning.

Weber had been placed on probation for embezzling \$784 while employed as a vacuum cleaner salesman for an Oshkosh firm between June 1, 1956 and Nov. 28, 1957.

Labor Group Scores County GOP Stand on 'Right to Work' Bill

Twin City Council Backs Draheim, Cane Opposition to Resolution at Caucus

Menasha — The Neenah-Menasha Labor council at its meeting Tuesday night expressed appreciation for the stand taken at the Republican caucus meeting Monday night by State Sen. William A. Draheim and Assemblyman Arnold J. Cane in opposing a resolution asking passage of a right-to-work law in the state.

The labor council also went on record as regretting the action taken by the county Republican party in approving such legislation. Draheim and Cane had spoken out against the resolution and urged its defeat.

A labor council delegate who proposed opposition to the county Republican party's stand felt that the great legislation which has been a tradition in the state of Wisconsin in the past has been forgotten.

'Improve Conditions'

He also felt that, with the present unemployment and other issues that confront the people of Wisconsin today, the efforts of both parties should be to improve conditions of the citizens rather than try to demoralize them.

With the fine labor relations that have existed in the state in the past, the labor council said that such fine labor relations can exist in the future if the "foolish or unmeaningful" legislation is passed which will deprive state citizens of their American privilege to a better livelihood.

"Can we promise our children a better education tomorrow?" Neenah force today.

Soldier Dies Experimenting With Ropes

Continued from Page B1
after he failed to answer her call or a knock on his door. She tried to loosen the ropes around

his hands, then called her husband. Lund and his daughter, Kathryn, who works at Marine Products, arrived and the police ambulance was called at 11:30.
Guenther said there was no evidence of violence in the youth's room. There were rope burns on the youth's feet and slight rope burns on the hands and neck.

Ropes Removed
It was impossible, state crime lab workers James E. Halligan, Jr., and Allan E. Wilimovsky said, to determine how the ropes were fastened, since both parents had tried to loosen them and the father had cut them from the body. Two types of rope—clothesline and marine—tied together were used, crime lab workers said.

Guenther said investigation could not determine how the rope was fastened to the body and it was assumed that the youth died while experimenting with knots in the rope. Just how cannot be determined.

Charles went to his room about 9 o'clock Wednesday night, the rest of the family at intervals until the mother retired about 11 o'clock, they said. A second sister, Mary, and Kathryn have a room adjoining Charles', and said they heard nothing during the night. The parents' room is directly beneath Charles', and they said they heard nothing during the night.

Although the family did not lock the house entry doors, an intruder would have disturbed other members on the way to Charles' room, police indicated.

Not Despondent
The youth had not been despondent and seemed satisfied with the army after his basilion.

Officers Are Elected By Society

Neenah — Officers were elected at the meeting Wednesday evening of the Sanctuary society of St. Margaret Mary Catholic church.

Mrs. A. J. Poellinger is prefect; Mrs. Paul Stordock, vice prefect; Mrs. Wayne Fellers, treasurer, and Mrs. Glen MacParlon, secretary. They will be installed at the May meeting when new members also will be received.

Mrs. Edward Farrell reported on the Oshkosh Deanery meeting scheduled for April 21 at St. Vincent church in Oshkosh. The event, which is open to all women of the Oshkosh deanery of the Diocesan Council of Catholic women, will begin with benediction at 1:30 in the afternoon.

The society's annual mother-daughter banquet will be at 6 o'clock Sunday, May 4, in the cafeteria and a rummage sale is planned for May 9.

Card winners at Wednesday's meeting included Mrs. Robert Mabie, Mrs. Robert Yost, Mrs. Pauline Nelson and Mrs. Francis King.

OES Chapter Holds Annual Inspection

Neenah — Mrs. Isabel Black, Kaukauna, was the inspecting officer at the annual inspection and dinner meeting held by Neenah chapter, Order of the Eastern Star, Wednesday evening at the Neenah Masonic temple.

Visitors attended from Kaukauna, Appleton, Oshkosh, Winneconne, Shawano, Menasha and Bessemer, Mich. Mrs. Norman Tornow was the soloist. Pouring at the reception following the inspection were Mrs. Harold Nooyen and Mrs. Ove Moller.

Named to the sunshine committee were Mrs. Earl Thompson and Mr. and Mrs. Leo Boehm. Chapter Adahs will be honored at the April 23 meeting. Invitations were read to attend friends night programs and inspections of neighboring chapters.

Reports Heard by VNA Board

Neenah — A total of 1,123 calls were made during March, Miss Aileen Remmel, nurse director, reported at the Wednesday morning meeting of the Visiting Nurse association board.

Four mothers' classes were held with 123 in attendance and 25 children attended the child health center.

Six members attended the VNA institute held recently in Madison, where Miss Remmel served on a panel. The institute is formed by the board members, directors and nurses of the 16 VNAs in Wisconsin.

Mrs. Robert Kuttig reported on dressings made by the VNA auxiliary and Mrs. Walter Dixon gave the Community Council report. Reports on the cancer institute were given by Mrs. Don Hruska and Mrs. John Suchodolski.

WSWS Names Plans, Committee Chairmen

Neenah — Program and committee chairmen were named at a meeting Tuesday evening at the 402 Fourth street home of Mrs. Edward Lamb of the executive committee of the Women's Society of World Service of the First Evangelical United Brethren church.

Mrs. William Peterson is June program chairman and in July the group will have a picnic and hear a report by the delegate to the state convention. Mrs. John Zick is chairman for August and in September Mrs. Jack Meyer will be in charge.

A guest night with the executive committee in charge is scheduled for October and Mrs. William Hayes is thank offering chairman for November.

Mrs. Ronald Hall is chairman of the Christmas, dessert luncheon and January and February program chairmen are Mrs. John Helms and Mrs. Gordon Westergard. In March Mrs. Jack Babbitt will direct the program and the executive committee will have the April meeting. Mrs. Hugo Erdmann will be in charge of the women's and girls' banquet in May.

Spiritual Life
Mrs. Meyer is chairman of the spiritual life committee, assisted by Mrs. Calla Meyer and Mrs. A. E. Schultz. Christian social relations will be under the direction of Mrs. Erdmann who will be aided by Mrs. Arnold Blank and Mrs. Ray Burt.

Mrs. Zick, chairman, Mrs. Babbitt and Mrs. Norman Schultz will direct missionary education activities and young peoples' work will be handled by Mrs. Peterson, chairman, Mrs. Ida Meyer and Mrs. Arthur Mielke. Mrs. Reuben Fahrbach is chairman of choir gowns.

Kitchen chairman for the men's and boys' banquet Tuesday is Mrs. Lamb and her committee includes Mrs. Burt.

room chairman, assisted by Mrs. Erdmann, Mrs. Blank and Miss Danke.
Mrs. Carl Behrens is kitchen chairman for the women's and girls' banquet May 21. Others on her committee are Mrs. Ida Meyer, Mrs. Burt, Mrs. Greinert, Miss Danke and Mrs. Hall. Mrs. Blank is dining room chairman and Mrs. Zick is ticket chairman.

Chairmen also were named for the society's fall supper and bazaar. They are Mrs. Hall, kitchen chairman, Mrs. Helms, dining room chairman, Mrs. A. E. Schultz, bazaar, and Mrs. Mielke, chairman of the white elephant and food sales.

Parents Club Awards Music Scholarships

Menasha — Music scholarships to the summer music clinic to be held at the University of Wisconsin were awarded to Amber Nyman and Sandra Dombrowski at the Wednesday evening meeting of the Menasha Music Parents club at Menasha High school.

Tryouts for the scholarships were held at the meeting with George Cox of the Lawrence college conservatory acting as judge. Vocal solos were sung by Elizabeth Rosenthal, Sandra Dombrowski, Sharon Ankland, and Geraldine Robinson. Amber Nyman played a piano duet with Sally Becker.

The winners of two band music scholarships will be announced after interested students have taken written tests.

Mrs. Joseph Gajewski and Mrs. Joseph Kubicka were named to a nominating committee to prepare a list of candidates for the May 14 election. At that meeting the grade school band will present the program.

Mrs. William Ritchie and

Mrs. V. I. Halversen will serve as co-chairmen of the forensic dinner. Mrs. Louis LaValle and Mrs. Melvin Holm were the hostesses.

Past presidents who were honored and received silver pins and gavels in recognition of service at the Wednesday noon luncheon of the Neenah Homemaker club at the Valley Inn were Mrs. Kenneth Harwood, Mrs. Fred Bentzen, Mrs. Oliver Baenke, Mrs. James Dyreby, Mrs. Harvey Larson, Mrs. N. C. Jersild, Mrs. Frank Merkley, Mrs. Paul Zemke, Mrs. James Dinius, Mrs. Lowell Zabel, Mrs. Robert Kellert, Mrs. August Schmidt, Mrs. Herman Kramer and Miss Lorraine Dennhardt.

The program was arranged by Mrs. Frank Raddu, vice president; Mrs. Gerald Llewellyn, secretary; and Mrs. Frank Miller, treasurer. Mrs. Irma Kyle installed the officers.

A busload of club members will leave at 6 o'clock Thursday morning from the Kimberly Junior High school to attend the state homemakers club conference in Madison. The day's program will include tours of the Governor's mansion.

Committee Is Named By Circle

Neenah — A nominating committee to name candidates for the May election was chosen at the Wednesday evening meeting of the Mother - Daughter circle of Trinity Lutheran church of Neenah. They are Mrs. Earl Bierman and Mrs. Roy Zuleger.

Co-chairmen of a rummage sale April 30 are Mrs. Ernst Huebner and Mrs. Walter Broas.

A rummage sale for April 22 was planned at the Wednesday evening meeting of the BBB sorority of the First Congregational church.

A guest night will be held April 23 and Mrs. Donald Olski will review Catherine Marshall's book, "To Live Again."

The Determined Workers Bible class of the First Evangelical United Brethren church met Tuesday evening and Mrs. William Hayes led devotions. Hostesses were Mrs. Fred Turner and Mrs. Reinhold Sommers.

Hostesses for the May 13 meeting will be Mrs. E. W. Schultz and Mrs. Ervin Schultz. A paper drive and rummage sale are also scheduled for April.

KD Circle Has Luncheon Event

Neenah — Service circle of the King's Daughters held a luncheon meeting Wednesday noon at North Shore Golf club with Mrs. T. C. Epps reporting on the homemaker services. Mrs. Walter Dixon will report on the homemaker service at the annual meeting of the Community council Tuesday.

The circle will sponsor a benefit dance with proceeds going to the homemaker service beginning at 9 o'clock Friday evening at North Shore Golf club. Mrs. W. H. Graebner is general chairman of the dance.

The May 14 meeting will be held at the home of Mrs. John Owen, 410 Park drive. Twenty-seven members attended the monthly party held at Winnebago State hospital.

Jefferson PTA To Name Officers

Menasha — Officers will be elected during the 7:30 Monday evening business meeting of the Jefferson school Parent-Teacher association in the school gymnasium.

The program will include a film, "The Angry Boy," followed by a talk by R. Harold Grable, clinical psychologist at Winnebago State hospital.

Trinity Church Will be Scene Of Ceremony

Neenah — The Rev. Gerhard Schaefer will perform the wedding ceremony at 6 o'clock this evening at Trinity Lutheran church for Mrs. Della Kraus, ent. and Mrs. Jeanette Thomas, 500 Lincoln street, and Frank H. Barbeau.

Attending the couple will be man of the achievement com. Mrs. Fred Lehman, Mrs. Kraus' cousin, and Mr. Lehman. Y Announces April Activities; Pan-American Day Observance

Neenah — April activities of the YWCA will include an open board meeting, a spring bridge class for beginning and intermediate players and a Pan-American day observance.

Mrs. Howard Angermeyer, board president, and Mrs. Walter Leffel, treasurer, delegates to the national YWCA convention held in St. Louis in March, will present their reports at the open board meeting to be held at 9:30 Tuesday morning in the Y lounge. Mrs. Lester Sehora, membership chairman, will outline plans for the 1958 membership campaign. A baby sitter will be provided.

The spring bridge class to be taught by Mrs. H. J. Weller, Appleton, will open at 7:30 Wednesday evening at the Y. Mrs. Weller teaches the Goren method. Registration is being accepted for the class at the Y office.

World Fellowship The world fellowship committee will sponsor the Pan-American day observance at 7:45 Thursday evening in the Y lounge. The program will include color slides of South America, including Peru, Ecuador, Bolivia and Brazil, shown by Miss Barbara Trachte, Appleton, a homemaker teacher at the Appleton Vocational and Adult school.

Mrs. James Dickson will speak on the Pan - American Union, which includes 21 countries and was organized April 14, 1890. Music and a social hour will follow the program. Mrs. Ronald Carter is general chairman of the event.

Members of the world fellowship committee assisting with arrangements are Mrs. G. W. Sisler, Mrs. T. H. Blake and Mrs. William Cerny, refreshments; Mrs. Robert DeVet, Mrs. Q. G. Ewen and Mrs. Royal Gooding, invitations; Mrs. Thomas Catlin and Mrs. David Osborn, reception.

Other members of the committee which is headed by Mrs. Albrecht Gross and Mrs. Dagobert Jaehning, Mrs. Miguel Wimer, Jr., and Mrs. Dickson. Members of the Y and other nationality groups have been invited to the program.

The local Y will join with

YWCA in more than 1,600 communities in the United States to observe national YWCA week, April 20-26. During the week, the program will be centered on the national theme, "A Bigger World for You — Join the YWCA."

Plans for the week include a party for prospective Y-Teens to be given by the seventh and eighth grade Y-Teens at 4 o'clock the afternoon of April 21. All sixth grade girls have been invited. On Tuesday of that week the Y will be host to the youth division of the Community Council for their monthly luncheon and on Wednesday a guest day program has been

City Officials Attend Clinic On Elm Disease

State Pathologist
Stresses Sanitation
As Best Control

Post-Crescent Oshkosh Bureau
Oshkosh — Representatives
of Neenah — Menasha and sur-

rounding municipalities took actual spraying of living trees part in a Dutch elm disease is generally not justified unless the disease is in the courthouse. There is a known case of Dutch elm disease in the street, elm disease in a nearby area. park, cemetery and employees. Unless we destroy dead elm wood which provides a place for the beetles responsible for the disease to live and reproduce, then spraying will not do a complete job, he said. In experiments conducted in northern Wisconsin, it was found that the European bark beetle has survived sub-zero temperatures. It is this beetle which is primarily responsible for the disease and then sprayed with a strong spread of Dutch elm disease. DDT preparation. He said the

beetle also is capable of spreading the disease. In 1937 all municipalities of Winnebago county received a street by street survey by state department officials. To this date no known cases of Dutch elm disease have been located in Winnebago county. A laboratory test is the only way in which a Dutch elm disease can be identified positively. Hafstad told the group which included Park Supt. Harry Kargus and City Engineer Melvin North of Menasha and Herman Achterberg, Neenah public works foreman.

Ask Bids for More Menasha Pool Equipment

Safety Fence
To be Put Up
In Bleachers

Menasha — Menasha recreation director Jerry Smith was authorized by the recreation board Wednesday night to advertise for informal bids on racing lane markers, starting platforms and a safety bar around the diving platform at the municipal swimming pool. Smith also was instructed to see the safety fence along the bleacher deck railing was installed by the time the pool opens.

The board accepted the resignations of Sharyn Miller, Richard Robinson, Paula O'Brien and Veryl Haass of the summer staff and hired three replacements. Two lifeguards were hired also.

A list of salaries for the summer staff in line with the 1958 budget was approved, and a picnic supper meeting will be held with the staff sometime in May or June.

The health department agreed to haul garbage at the pool this summer and the park board will continue hauling recreation equipment without charge. A charge will be made for long distance and special long hauls.

It was agreed to store playground and toilet equipment at Jefferson park during the summer.

A tape recorder donated by the "Blue Inn" committee was accepted by the board and a refrigerator was purchased from the water and light department for \$150. The refrigerator will be used at the pool concession stand.

County Police Extend Deadline for Highway Safety Poster Contest

Oshkosh — The highway poster safety contest for rural school pupils, which was to have ended last week, has been extended to the end of this week because of the Easter vacation, the sheriff's police, sponsors of the contest, announced today.

Judging will be Tuesday in the courthouse lounge room. Already 780 posters have been received. Judges are Mrs. Nile J. Behnke, chairman of the Oshkosh State college art department; Miss Elizabeth Oberton of the college faculty,

Final Booster Clinic Set For Neenah School Children

Neenah — The final booster clinic for whooping cough, diphtheria and tetanus for youngsters from kindergarten through sixth grade will be held Saturday morning at Kimberly Junior High school, Mrs. Thelma Davis, city health nurse, announced today.

This is the third in the series which began late in January. Letters advising parents of the booster clinic were mailed this week.

Youngsters who received the inoculation and the first booster shot are to report at separate times to avoid confusion, Mrs. Davis said.

Children from Roosevelt, Wilson, Hoover, Taft and McKinley schools will receive the boosters between 9 o'clock and 10 o'clock and those from St. Margaret Mary, Trinity Lutheran, Washington and Lincoln schools between 10 o'clock and 11 o'clock.

Only one injection, containing two or three serums, will be administered to each child. Kindergarten youngsters will get boosters against all three

Reports Theft of Equipment Used For Seining Fish

Post-Crescent Oshkosh Bureau
Oshkosh — The theft of seining equipment valued at \$1,500 was reported to the sheriff's department by Ben Zimmerman of Winnebago at 7:30 Wednesday morning.

Zimmerman, operator of Winnebago Fisheries, which has a permit to seine fish from the Fox river, said that 1,600 feet of seine, valued at \$1,000 and a nylon net bag, valued at \$500, were taken from the Fox river near Reighmoor.

Zimmerman said that about 25,000 pounds of fish in the seine were either stolen or set free. All wardens have been notified.

Put Out Fire in Roof Of Soo Line Rail Car

Neenah — Firemen extinguished a minor blaze in the roof of a Soo Line railway inspection car about 10 o'clock this morning. The fire was contained in the area of the car used for cooking and heating. The car was part of a train on a siding at the Sherry street crossing.

and Sharyn Miller and Jacqueline Peeters, college art students.

Irwin K. Hardtke is chairman of the poster contest for the county police association and is assisted by Roger Fugleberg and Wilbur Fuller.

Jay Pitchers Stop Brillion Without Hit

Snare 6-0 Win; Selbach Hurls First Four Innings, Konetzke Final Three, Crashes Home Run

BY GEORGE MANCOSKY
Post-Crescent Staff Writer

Brillion — The temperature was in the forties and a chilly wind whipped across the Brillion athletic field but Menasha hurlers Gordy Selbach and Ken Konetzke were in hot weather form as they combined to hurl a no-hitter at Brillion in a 6-0 win here Wednesday afternoon.

Selbach Konet
ed the Bluejays cause by belting a bases empty homer in the sixth inning.

Lefty Bob Hansen did well enough for Brillion until he ran into control difficulties in the fourth inning. He yielded three runs in the fourth and two more in the fifth before retiring. Gary Schreiber pitched the sixth and Marv Krahn hurled the seventh.

Selbach Walks
The Bluejays were held runless and hitless until the fourth inning and only one hitter reached base in the first three. They blew a scoring opportunity in the first when leadoff man Dave Neubauer walked and stole second and third but was left stranded there as the fast-balling Hansen fanned two hitters and forced the third to pop out to the infield.

With one out in the fourth, Selbach drew a walk. He took second when Don Nelson slashed a single between shortstop and third base for the game's initial bingle.

Selbach scored on Konetzke's single to center and both Nelson and Konetzke advanced a base on the throw to the infield.

Opens With Single
Hansen then cut loose with two wild pitches, the first scoring Nelson and sending Konetzke to third and the second bringing the latter home. Jerry Koslowski walked and got to third on a couple of passed balls but remained there as Hansen whiffed the final two hitters.

In the fifth, Jim Wilde opened with a single to right and went to third on Dave Neubauer's single.

wild pitch and Neubauer came home on Billy Gammey's infield out.

Konetzke opened the sixth with a long homer over the left fielder's head. Koslowski was safe on an error and Tom Remmel singled but the next three hitters were out.

Safe on Error
Brillion had men on the sacks in three of its seven innings. In the second, Dallas Wentzel walked with two out but died on first. Warren Belanger and Noel Zander walked in the third but didn't get any further than first and second and in the sixth Bruce Belanger got life when Dave Robinson threw high to first base on his ground ball and Lloyd Herwig walked but neither of the two got as far as third.

In his four-inning tenure, Selbach struck out seven, walked three and didn't allow the Lions to get a ball out of the infield. Konetzke fanned three and walked one. Three of his pitches were lofted into the outfield for outs, all in the sixth.

Make 6 Hits
Menasha made six hits off the three Brillion hurlers. Hansen allowed four hits and five runs, walked three and struck out 10 in five innings. Schreiber gave a run, two hits and whiffed one in the sixth and Krahn put down the three hitters in order in the seventh.

Menasha had two errors and Brillion one. All of the Jays runs were earned. The game was the season's opener for both clubs and they will meet in Menasha next Wednesday.

Boat Stolen
Post-Crescent Oshkosh Bureau

Oshkosh — Arnold Reinken, Winneconne, reported to the sheriff's department Wednesday morning that a 14 foot white boat with a blue bottom had been stolen from his dock.

Herb Crashes High Totals in Banta League

Monotype Snare Championship by Copping Last Game

Menasha — Don Herb rapped a 227 game and 555 series to pace the Banta Men's Bowling league as it closed its season Wednesday night at Menasha Recreation.

The championship was decided on the last game of the night with Monotype winning one of three games from Pressroom. The latter won the first two but Monotype copped the third 904-810 to take the title by a single game.

Monotype's final record was 46-35. Pressroom had 45-36. Layouts 44-37. Office - Errs 42-39. Offset Press 1-391. Linotype, 41-40. Maintenance 40-41. Time Cards 38-43. Offset Plate 37-43 and Office 30-51.

Women's Loop
Tom Zelinski bowled 204-553. Stan Penkala 217-537. Hank Horn 539. Denny Lauc 537.

"Pinky" Penkala 203 and Paul Zimmer 205. Clarence Miller picked a 5-10 split and Hank Horn the 3-7-8.

Linotype rolled a 957 game and 2,683 series to make a sweep of team laurels. Ola Lore posted a 214 game and Ruby Tuchscherer clouted a 505 series in the Wednesday night Ladies Bowling league at Menasha Recreation. The latter had games of 180 and 170.

Lois Klutz bowled 191. Jerry Arno 178 and Dolly Turner 170. Marv's Tap clipped 746 and Hafemeister's 2,159 for the best team scores.

Plateau leads with a 58 - 29 record. Hafemeister's has 55-32 and Linsdau's 50-37.

Mulzer Collects 561; Frakes 235 In Menasha Loop

Menasha — Don Mulzer collected a 561 series and Ralph Frakes had a 235 game in the Germania Bowling league Tuesday night at Menasha Recreation.

Frakes closed with a 541 series and Mulzer had the peak 213 game.

Bob Currie, Jr., missed series honors by one pin with his 560 count, which included a 224 game. Cliff Nyman had 532. Lee Schallie 206 and Earl Hoks 205.

Graf's clipped a 925 game 261-124 and Graf's 231-151.

Plans for the Neenah Lions Club's twelfth annual sportsmen's show, scheduled April 19 at the Neenah High school gym, were made at a committee meeting Tuesday night. Seated left to right are Charles Larson and John Kuester. Standing, same order, are Keith Hollander, John Nixon, club president, Ray Meyer and Fred Nickel. (Post-Crescent Photo)

11 Lettermen Bolster WHS Track Squad

Wolves Open Play At Home Tuesday Against Freedom

Winneconne — Coach Tobe Emerson's Winneconne High school track squad, bolstered by 11 lettermen, is preparing for its dual opener next Tuesday here against Freedom.

Tom Ehke, who compiled 31 points last year, is the top returning scorer. Other lettermen and their points include "Chuck" Bradley 23, Dick Hitchcock 22, Fred Krueger 20, John Buser 17, Elroy Angell 14, Don Lipske 13, Jerry Reetz 9, Jim Kiesow 7, and Malcolm Davis and Doug Korn, 6 each.

Krueger is the defending Little Nine conference pole vault champion while Bradley capped the league mile title last year. Ehke is a hurdler. Korn picked up all of his points with two third places in the dashes in the conference meet.

The Wolves had their string of 19 straight dual and triangular wins shattered by Omro last year and the Foxes also dethroned them as league meet champion after a five-year reign.

Winneconne has a home dual against Hortonville April 18 and entertains Shiocton and Omro in a triangular April 25. The Wolves will compete in an invitational at Beaver Dam on May 11, the conference meet is slated for May 9 and the sectionals are scheduled for the weekend of May 16-17.

'Bagoland League Decides to Make Player Awards

Post-Crescent Oshkosh Bureau
Oshkosh — The leading pitcher and hitter in the Winnebago League will be awarded trophies after the 1958 season. It was decided at a loop meeting earlier this week at Paygan.

The top pitcher must hurl 50 or more innings to be eligible for the award while provisions to determine the hitting trophy will be determined at a future meeting.

The next meeting will be held April 21 at Zion when the final schedule will be drawn up. League play opens on May 11. Five teams, Omro, Paygan, Eureka, Berlin and Winneconne, were represented at the meeting. Zion is the sixth entry.

Fire in Wheat Field

Post-Crescent Oshkosh Bureau
Oshkosh — The town of Vinland fire department was called to put out a fire in a wheat field near the Oshkosh-Vinland town line at 2:17 Wednesday afternoon.

Schmidt's 653 Set Tops Classic Play

Hall Clots High 235 Single; Eckholm Smacks 610 Threesome

Neenah — Louis Schmidt jolted a big 653 series and Irv Hall collected a 235 game to divide honors in the Fox Valley Classic Bowling league Wednesday night at Lakeroad.

Schmidt cracked games of 234 and 226 in his leading threesome while Hall closed with a 569 count.

Clarence Eckholm had the runnerup 610 series, which included a 219 game, while Clayton McKinnon closed with a 600 threesome and a 222 loner.

"Cash" Smarzinski bowled 590. Wally Christensen 582. Hilary Koslowski 211-580. John Oberweiser 572. Bob Burmeister 211-567. Harry Roek 565. Erv Mrotek 564. Erv Kuchenbecker 564. Carl Schmidt 211-563. Hilary Koslowski 211-559. Jim McDaniel 213-559. Jim Haack 555. Dave Sears 553. John Danielsen 224-553 and Doug Anderson 551.

Lakeland Realty posted a 967 game and McClone Lumber collected a 2,794 series for the high team scores.

Lakeroad leads with a 65-22 record. Melody Bar is seven games off the pace with 58-29 while Haase and Drews and McClone Lumber have 52-35 slates.

Haase-Drews Begins Defense of Crown in Neenah Dart Tourney

Neenah — Haase and Drews will open defense of its championship in the Neenah Municipal Dartball league's annual team tournament at 7:30 tonight at the Recreation building.

The H-D team, which this year won the men's division title, copped last year's meet with 14 points, the maximum total. It received two points for each of its seven victories.

Each team will play three matches tonight with the final played off.

Neenah Netmen Face Schedule Of 15 Matches

Rockets Tackle Five Opponents From Valley Wheel

Neenah — The Neenah High school tennis team, defending state champions, will play 15 dual matches including today's scheduled opener at Appleton. The Rockets entertain New London next Tuesday in their conference and home opener. They face three league foes in Lakeland Realty posted a 967 game and McClone Lumber collected a 2,794 series for the high team scores.

County DHIA Sets Record In Herd Tests

9,757 Milk Samples Checked in March for Production Report

Post-Crescent Oshkosh Bureau

Oshkosh — Holstein and Brown Swiss cows were among the 10 high butterfat and milk producing herds in Winnebago county for March, according to the county Dairy Herd Improvement association.

The county DHIA tested more milk samples for butterfat than in any other month in record of the association. A total of 9,757 samples were tested. This represents individual cows in 66 standard herds and 296 owner sampler herds plus 138 miscellaneous samples from dairy plants.

Lyle Beck had the top herd average of 1,496 pounds of milk and 57.5 pounds of butterfat for his herd of 22 registered and grade Holsteins of which one was dry.

Second high herd was the registered Holstein herd of John and Kathryn Bartlett which had 20 cows in milk that gave 1,448 pounds of milk and 55.2 of butterfat. Joe Scherer has a

grade Holstein herd of 18 in milk which yielded 1,336 milk and 48.9 fat.

The Brown Swiss herd was that of Walter Ryf of 24 head of registered and grade cows in milk that produced 1,075 milk and 44.8 fat as its average.

Other registered Holstein herds in the high group were Guy Grundy and Sons, 58 in milk, 1,575 milk and 55 fat; George Brennand, 36 in milk, 1,307 milk and 48.8 fat; and Earl Hughes, 21 head in milk, 1,335 milk and 48.6 fat.

Remaining Herds

The remaining herds in the high group were registered and grade Holsteins. The top of the entire group in milk production was the 31 cow herd of Everett Lewis, of which one was dry, that yielded 1,585 pounds of milk and 53.2 pounds of butterfat as its average. Next was Carl Basler and Son's farm No. 2 which had 50 cows in milk and averaged 1,333 milk and 47.6 fat. The 33 cows in the Loren Anderson herd averaged 1,333 milk and 46.2 fat.

The high butterfat producing cow was a registered Holstein, Reb Bev, of the Bartlett herd which gave 136 pounds of fat and 2,573 pounds of milk. Top milk producer was a registered Holstein, No. 175, of the Guy Grundy and Sons herd which was recorded at 2,682 pounds of milk and 110 pounds of butterfat.

The remaining top producing cows, all Holsteins, were Hilda of the Lyle Beck herd, 2,360

April Showers Bring May Flowers according to the old saying but at the D. C. Shepard, Sr., home at 824 E. Forest avenue in Neenah the crocus stole a march on the saying. Broadcast in a wooded area on the Shepard lot, the white, purple and yellow crocus are providing an early touch of spring with their colorful blooms. (Post-Crescent Photo)

milk and 118 fat; a registered cow in the Grundy herd, 2,589 milk and 104 fat; Marjorie of the Bartlett herd, 2,650 milk and 103 fat, and Reb Segis of the same herd, 2,430 milk and 95 fat; Hattie of the Beck herd, 1,842 milk and 103 fat; Clara of the Floyd Nelson herd, 2,635 milk and 97 fat; Esther of Dr. G. R. Anderson's herd, 2,290 milk and 96 fat, and No. 15 of the George Brennand herd, 2,080 pounds of milk and 96 pounds of butterfat.

Sheriff Says Jail No Place for Mental Cases

Rockford, Ill. — If Sheriff Leonard A. Friberg has his say, there'll be no padded cells in the Winnebago county jail. He spoke his piece after the grand jury recommended the sheriff seek an appropriation for at least two padded cells to facilitate handling of mental patients. He discussed the problem with County Judge Fred J. Kulberg. "A jail is no place for those people," said Friberg. "They should go to a hospital with a security section."

Guidance Center Group Organized As Corporation

Post-Crescent Oshkosh Bureau

Oshkosh — Articles of incorporation of the Winnebago County Guidance Center, Inc., have been filed with Register of Deeds Bernice L. Fuller. Office of the group will be in Neenah and the registered agent is Charles H. Velte of Neenah. Listed as directors are Miss Aileen A. Remmel of Menasha, Mrs. W. B. Bellack of Neenah and Frances K. Thomas and T. Lennard Eide of Oshkosh.

Purpose of the organization is "to establish, maintain and operate a non-sectarian community guidance center and clinic to provide psychiatric consultation, diagnosis, counseling and treatment in the area of mental health and related problems and to engage in charitable and educational activities leading to the promotion and conservation of mental health."

Winchester PTA Hears Discussion By Teacher Panel

Winchester — The Winchester Parents and Teachers club held its second meeting Tuesday evening at the new school's multi-purpose room with a half hour of visiting in the different rooms and conferring with teachers preceding the program.

First grade students under the direction of Miss Mary Huzar opened the program with a square dance. Taking part were Cathy Johnson, Shelley Olson, Kathy Breaker, Becky Armstrong, Mary Mathison, Sherry Carstensen, Paul Johnson, Gary Bucholtz, Paul Howman, Mike Thompson, Terry Meyers and Carl Schwerin.

The teachers presented a round table discussion to tell what each grade is trying to accomplish through the year in preparing the child for the following grade. The next meeting will be May 6.

Twin City Elks Seat Officers

Menasha — New officers of the Neenah - Menasha Elks lodge were installed Wednesday evening by a group of officers from the Appleton lodge.

Installed were George S. Nelson, Jr., as exalted ruler, William R. Giese as esteemed leading knight, Alton W. Gaertner as esteemed loyal knight, John G. Jagerson as esteemed lecturing knight, Milton H. Boehm as secretary, Richard Hill as treasurer, J. A. Fockel as tiler, Ray J. Fink as trustee, Safford W. McMyler as esquire, Robert G. Pagel as chaplain, Glen Reed as inner guard, E. J. Schuitheis as organist, and Richard G. Laemmrich as alternate to the grand lodge.

In the Top Photo Electrician Hubert Rebman installs new lights at Goodland field, future home of the Fox Cities Foxes. The bottom shot shows a view of part of the field and the stands, taken from the top of one of the light poles. Work on the park is about two weeks ahead of schedule, according to officials. The Foxes' home season opens May 3. (Post-Crescent Photos)

'Faith and Confidence'

Campanella Is Improving Slowly but Visitors' List Remains Very Small

BY JOE REICHLER

Glen Cove, N.Y. — Roy Campanella is still not permitted to have visitors, outside of his family and a few close friends.

His wife Ruth explained: "The doctor thinks it's best, and so do I. Roy would love to see his friends. He is so eager to talk about baseball and the Dodgers. But the doctor feels it might prove harmful. He shouldn't be talking much and you know Roy. He might flare up with all the excitement. And there's always the danger of catching a cold, a virus."

Mrs. Campanella had arrived at the Glen Cove Community hospital for the first of her three daily visits. She's been making those visits for the past 10 weeks, ever since Campanella was injured in an automobile accident. He remains paralyzed from the waist down.

The elevator stopped on the third floor. Mrs. Campanella walked down the length of the corridor and stopped outside Roy's door.

Moves Arms a Little
"Roy's making progress," she said. "He shows a little on the big track, a bit of improvement almost. Other cars were entered by each day. He still can't do Fred and Richard Sommer. In anything for himself but he did, and Leonard G. R. has become able to move his Smith of Speed Enterprises. Arms a little and he has be Mount Clemens, Mich.

gun to have feeling in the lower part of his body.

"His temperature became normal for the first time yesterday. His appetite has improved. He is just now beginning to feel the taste of food. He still can't feed himself. He doesn't have enough strength in his fingers to hold on to anything."

Inside the room, Campanella

Bob Christie Again Named to Drive In Indianapolis '500'

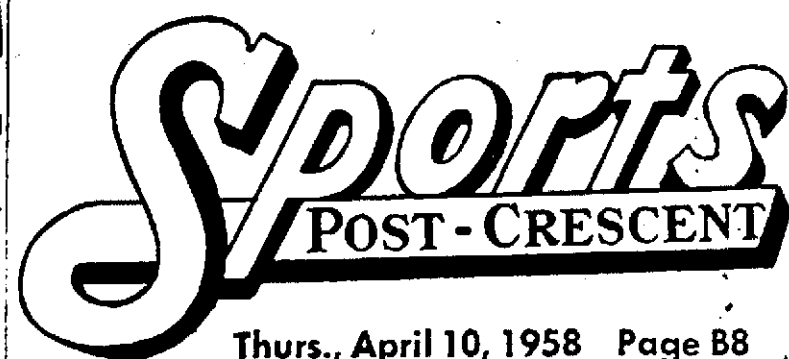

Indianapolis — Five cars were entered today for the 42nd 500-mile race at the Indianapolis Motor Speedway May 30, but drivers were named for only two.

Dan Lavine of the Federal Automotive Associates, Detroit, entered three cars with two drivers — Bob Christie of Grant's Pass, Ore., and Tom Pistone of Chicago.

Christie finished thirteenth in each of two previous Memorial Day starts. Pistone's experience has been largely in stock car competition and the United States Auto association. He will have to decide whether he has had enough experience to run.

Other cars were entered by each day. He still can't do Fred and Richard Sommer. In anything for himself but he did, and Leonard G. R. has become able to move his Smith of Speed Enterprises. Arms a little and he has be Mount Clemens, Mich.

Braves Win Spring Set From Dodgers

Foxes' Opening-Day Button Sales Soar

Goodland Field Sodding Finished; Knot-Hole Gang to be Organized

Early signs point to a huge turnout for the Fox Cities Foxes' home inaugural, May 2, against Cedar Rapids.

More than 2,000 opening-game booster buttons have already been sold, a Wednesday night directors' report shows. The booster buttons, on sale throughout the Fox Cities, are priced at \$1.

The directors also heard an encouraging report on the dress-up work at Goodland field, the home of the Foxes. The sodding job already has been completed, well ahead of schedule.

Work on the fences will begin in the next few days.

Directors decided to open three gates for ticket sales at the park this season.

Concession equipment has been ordered.

Directors received word that the Appleton Optimist club will sponsor knot-hole gang outings to some of the Foxes' games. Details of the program will be announced later.

Pancho Defeats Hoad, Leads by 7 Matches

Teaneck, N. J. — Pancho Gonzales beat Lew Hoad, 1-6, 6-3, 6-4, in their pro tennis tour and took a 30-23 lead.

Machen Closes Fast, Draws With Folley

Dull Fight Fails To Determine Clear Cut Challenger

San Francisco — Zora Folley got only a draw out of his 12-round heavyweight bout with Eddie Machen because of his manager's bad advice. At least, that's what Manager Bill Swift says.

Swift said he told his boxer to coast through the last round and that apparently cost Folley the decision Wednesday night.

"Going into the last round Folley was so far ahead, as I and everyone around me saw the fight, that I told him he had it won and advised him to coast," Folley did.

Referee Frankie Carter and Judge Jack Downey scored the first round, 10-9, for Machen and Judge Fred Apostoli saw it even.

The resulting draw failed by far to determine a clear cut title challenger.

'Biggest Robbery'
As a rematch appeared probable, Swift also shouted "That decision was the biggest robbery I've ever seen."

He said a protest will be made to the California Athletic commission but conceded he thought the decision would stand.

Most of the crowd of 11,759 at the Cow palace booed lustily at dull action on occasion. They seemed to side with Swift and his 190-pound underdog from Chandler, Ariz.

Boos greeted announcement of the card from the one official who voted for Machen.

A ringside check of sports writers indicated a 4-1 ratio for Folley over the 1911-

Turn to Page B10 Col. 8

Burdette, Willey Hurl 5-4 Victory

Dallas — The caprice of a crossfield breeze helped the Milwaukee Braves take a 5-4 victory Wednesday in their final spring exhibition game with the Los Angeles Dodgers.

The triumph gave the world champion Braves five victories against four losses in their pre-season duel with the Dodgers.

The Braves were ahead, 5-3, when Charlie Neal powered a long drive in the eighth inning with Gil Hodges on base.

The crossfield wind carried the ball and plopped it right on top of the center field fence, 377 feet from home plate.

Ball Bounces Back
Hodges scored, but the ball bounced back into the playing field and Neal was held to a triple instead of a home run.

Walt Alston, manager of the Dodgers, argued that the ball hit a signpost above the fence, but he was overruled.

Neal's triple was the only hit off Carlton Willey, who hurled the final three innings for Milwaukee. He relieved winning pitcher Lew Burdette, who gave up eight hits and three runs in the six innings he hurled.

Roger Craig, the loser, hurled just one-third of the sixth inning and surrendered three hits and three runs. Jackie Colman retired the side and pitched the seventh inning without giving up a hit. Rookie Larry Sherry had the Braves helpless in the final two innings.

The score was tied, 2-2, at the end of the fifth when starter Sandy Koufax left the game after giving up only two hits, one of them Henry Aaron's homer with no one on base in the second inning.

The only other hit off Koufax was Joe Adcock's fourth-inning single scoring Aaron, who had walked and reached second on a wild pitch.

Aaron singled home the first of the Braves' three runs in the sixth inning, pushing his spring-time RBI total to 25. The homer was his eighth.

Wednesday's victory was the Braves' thirteenth against 12 losses in spring exhibition play.

Giardello, Calhoun Sign for May 5 Bout in 'Frisco

San Francisco — Top contenders Joe Giardello and Rory Calhoun have been signed for a 10-round middleweight fight in the Cow palace May 5.

Matchmaker Bennie Ford, who announced the signing Wednesday, said the winner would be in line for a title fight with champ Ray Robinson.

Calhoun, from New York, is ranked No. 7 by the NBA. Giardello, from Philadelphia, is No. 3 challenger. He has won his last 14 fights.

Pro Basketball

St. Louis 102, Boston 100 (St. Louis leads series, 2-1).

Lawrence College Tennis Coach Chet Hill, right, talks with some of the leading candidates for this season's Viking team. Left to right are: Bill Andersen, Dan Schuyler and Tom Hurvis, sophomores, and junior Pete Walch, Hill's only returning letterman. (Post-Crescent Photo)

One Letterman Returning on Vike Net Team

Defending Midwest Conference Champs Open 1958 Drills

The talent which helped produce three straight Midwest conference championships is gone and Lawrence college tennis Coach Chet Hill thus finds himself in a "building" year as the Vikes prepare for 1958 play.

Gone from last season's powerful outfit are: 2-time conference singles champion Dick Rine; conference No. 2 champion Dick Weber; Dennis DeMets, who copped the No. 3 title as a junior; Bob Van Dale, conference No. 4 champ, and Kerry Ainsworth, who was the regular No. 5 man last season. The first four have graduated. Ainsworth has completed his eligibility.

Pete Walch Back
The only letterman back is Milwaukee junior Pete Walch, No. 6 man last season. Walch is also a Viking football and basketball player. Aside from Walch the only two netters who were members of last season's squad are: Bob Thurow, Woodstock, Ill., senior, and John Kehr, Wauwatosa junior.

Kenilworth, Ill., sophomore Dan Schuyler and Evanston, Ill., soph Bill Andersen — the No. 1 and 2 players, respectively on last season's freshman team — are among the leading candidates for this year's varsity.

Other varsity prospects are: Tom Hurvis, Whitefish Bay sophomore; Win Leadingham, Whitefish Bay sophomore; Jack Cooper, Kankakee, Ill., sophomore and Jeff Bowen, Grinnell, Ia., sophomore.

The Vikings opened regular daily practice Tuesday after informal workouts before Lawrence's spring vacation. They open their 1958 season with road matches at Carleton April 18 and at St. Olaf April 19.

Baseball Casualties Continue to Mount

Frank Robinson Suffers Concussion When Hit by Senators' Pascual

By The Associated Press

The crack of breaking bones is rivaling the crack of home run bats, and armica is becoming an essential commodity among major league baseball teams heading toward their home bases.

Frank Robinson, hard-hitting young left fielder of the Cincinnati Redlegs, was sent spinning to the dirt Wednesday when he was hit on the head by a pitched ball. He became the third casualty in as many days of a rather disastrous spring baseball period.

Monday, Harry "Suitcase"

Simpson, New York Yankee outfielder, suffered a broken right wrist when he was struck by a pitched ball. He will be lost to his team for three to four weeks.

Wrenches Kneee
Tuesday, outfielder Wes Covington of the Milwaukee Braves suffered a wrenched left knee when he collided with Los Angeles catcher "Rube" Walker at home plate.

Willie Mays, star center fielder of the New York Giants, got his arm clipped by a pitch which has handicapped his usefulness for a while. Duke Snider, the Los Angeles Dodger slugger, will not start the season because he is still bothered by the left knee which underwent an operation last winter.

Haywood Sullivan, Boston's rookie catcher, suffered a fracture of the right index finger. Then it was found he had a ruptured spinal disc which required surgery. He probably is lost for the year.

It Proves Nothing
Yogi Berra, the New York Yankees catcher, has a split hand. Al Smith, Chicago White Sox outfielder, has an inflamed tendon in his right leg. Ted Williams of the Boston Red Sox, the American league's leading hitter, is hobbling around on a bad left ankle.

Williams made his first appearance in a spring game yesterday, but it proved nothing. He went to the plate twice and twice walked as the Red Sox

Wisconsin and Notre Dame were within striking distance, with records of two victories and two losses, but rains cancelled Wednesday's fifth round. By agreement, the teams skipped the fifth round and decided to end the tournament with the sixth round today as originally scheduled.

The title is Florida State's third in the 3-year history of the meet. The Seminoles won the inaugural tourney and tied with Michigan State and Duke for the title last year.

Hawks Within One Game of 1st NBA Title

Take 3 to 2 Edge Over Celtics With 102-100 Win

Boston —(AP)—The St. Louis Hawks still feared the injury-riddled Boston Celtics today while one game away from their first National Basketball association championship.

"We aren't right yet and the Celtics still are a great ball club, even without Bill Russell," cautioned St. Louis Coach Alex Hannum Wednesday night after the Hawks' 102-100 victory for a 3-2 advantage in the best-of-7 series.

"I think maybe the Celtics are slowing up a little, but we're scared stiff of them whether they have Russell or not," declared former Kentucky star Cliff Hagan.

Leads by 15

With Russell sidelined with a severe ankle injury and backcourt ace Bill Sharman hobbled by a twisted knee, St. Louis built up a 15-point halftime lead, and then held on to win the vital fifth game.

The Celtics, refusing to quit in defense of their NBA title, fought from nine points behind in the final two and a half minutes, but couldn't overtake the Hawks.

Frank Ramsey, who took over the offensive burden and led the Boston scorers with 30 points, hit on a long set shot to draw the Celtics within a point — 101-100 — with seconds remaining.

Boston scored only 12 field goals in 51 attempts in the first half, which, coupled with poor foul shooting, proved too much to overcome. The Celtics connected on 32 of 106 from the floor in the game.

Bob Pettit hit for 33 points and helped control the St. Louis defensive boards.

Despite the close score, it was a loosely-played game before a sellout crowd of 13,909 in

Harrison Takes 3rd in Class C Of 'Wega Pin Test

Weyauwega—Russ Harrison, Poy Sippl, has moved into third place in Class C of the Radtke recreation's twelfth annual individual handicap bowling sweepstakes.

Harrison's 4-game total of 881, plus handicap, displaced a score of 867 by Menasha's Myron Drum. Drum dropped to fourth in the Class C (155 average and under.)

The top three keggers in the other divisions remained the same. Oshkosh's Joe Kukinski (top Class A (171 average and over) with a tally of 880. Larsen's LeRoy Hellock paces Class B (170 average and under) with a tally of 889. And Menasha's Mel Lowe heads the Class C pack on a mark of 912.

AHS Issues Net Schedule For 1958

A tentative schedule for the Appleton High school tennis team, which was to open its 1958 season against Neenah here this afternoon, has been released by Coach Ken Sager.

Two dates on the program are indefinite. They are April 24, Green Bay East here, and May 8, Appleton at East.

Sager says that in addition to the 10 dual matches already carded, matches may be slated with Kimberly and New London High schools.

The Fox River Valley conference meet will be held at AHS May 24.

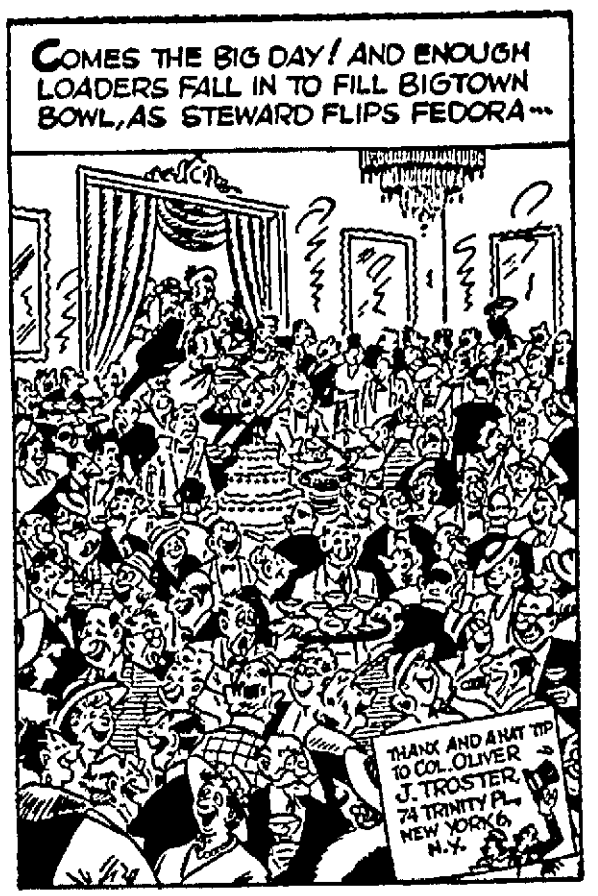

The schedule:

April 22 at Menasha.
May 1 Manitowish
May 6 West Green Bay
May 13 at Green Bay West
May 14 at Neenah
May 17 Fond du Lac
May 20 Menasha.
May 24 Conference meet (here).
May 31 Sectional meet.

The Boston garden. The series moves to St. Louis for the sixth game Saturday.

The Celtics will have to do better to extend the series to a seventh and deciding game set for their home court next Monday — if necessary.

They'll Do It Every Time

New Yorkers Should Draw 2 Million

Eck Predicts Pennant for Yanks, Picks Boston Over Chisox for 2nd

Eck's Order of Finish

1. New York	5. Cleveland
2. Boston	6. Baltimore
3. Chicago	7. Kansas City
4. Detroit	8. Washington

*Predicted tie.

BY FRANK ECK
Of the Associated Press

The New York Yankees figure to win their ninth pennant in 10 years. They have everything, and their big gun, Mickey Vernon, might even surpass his .365 for 1957. He has looked great this spring, so has Bill Skowron who hopes to play 140 big league games for the first time. A .314 lifetime hitter, he can do better. He has fully recovered from a back injury sustained last September.

Catcher "Yogi" Berra probably will hit fourth against right-handers with Skowron getting an occasional shot behind Mantle when Casey Stengel's rivals use southpaws.

Deep in Pitching

Norm Siebern in left, Tony Kubek on second and Jerry Lumpe batting Andy Carey for a full-time spot at third base make the Yankees stronger. They are deep in pitching headed by Bob Turley, "Whitney" Ford, Tom Sturdivant and Don Larsen. Behind them are John Kucks, Sal Maglie and Bobby Shantz. Bob Grim and Art Ditmar will relieve. Rine Duren, who missed at Baltimore and Kansas City, has a fast ball and a 13-2 Denver record. He's ready for the majors at 29 with powerful spectacles and better control.

As the only team in New York the Yankees will draw well over two million fans and might win as many as 103 games. Stengel's 1954 high. That figure is a Stengel sore spot for that year he was second to Al Lopez and Cleveland. 1st add 330 Eck predicts Sps Lopez says "the Yankees can

be had" and thinks better pitching will do it. That's why he got Early Wynn from Cleveland to bolster the Chicago White Sox staff. However, Boston has made more team improvements than Chicago and this writer favors the Red Sox for second place.

Mike Higgins has a determined Ted Williams going for him, a stronger infield and a catching rookie with promise in Haywood Sullivan. Don Budin is back from the Army to play short, and hit the long ball. Frank Malone is the best third sacker in the league and Bill Consolo wields a bat that may chase Ken Aspromonte off second base. First base will be shared by Dick Gernert and lefty hitting Pete Runnels. If outfielders Jack Jensen and Jimmy Piersall hit better the Red Sox could be the best hitting team in the league.

Pitching is their question. Higgins feels bonus lefty Frank Baumann is ready and that Leo Kiely, Ike DeLoach and Murray Wall will take care of relief chores. Starters Frank Sullivan, Dave Sisler, Will Nixon and Mike Fornieles might improve with the new look Red Sox. If the team can do better than 8-14 of 1957 in the season series with New York and Chicago, the Sox could take it all. But Ted Williams, 40 on Aug. 30, can't do it alone.

White Sox Hit Singles

Chicago will give the Yankees a dose of Early Wynn, Billy Pierce and Dick Donovan each time they meet in a series. But the White Sox have a thin staff behind this trio and a bunch of singles hitters.

Too much depends on Ron Jackson at first, Billy Goodman on third and Jim Landis in center. With Luis Aparicio on short, Nellie Fox on second and Sherm Lollar catching the team boasts great "down the middle strength" but the Sox will miss the bats of Minnie Minoso and Larry Doby. This might be the year Al Lopez finishes lower than second for the first time in eight efforts.

Martin Is Tiger Key

Too many Tigers are being counted on to lift Detroit out of fourth place. Billy Martin may solve Jack Tighe's shortstop problem but the bats of Al Kaline, Harvey Kuenn, Charley Maxwell and Ray Boone will have to ring out with many base hits. The team was sixth in runs batted in a year ago and has averaged only 77 wins a season under three different managers in the last five years. Detroit hasn't been higher than fourth since 1950. Manager Jack Tighe deserves a better fate especially since Jim Bunning became a 20-game winner under him. The Tigers need relief pitching to spell Bunning. Frank Lary, Paul Foytack and Billy Hoelt in the late innings. Catcher Jim Hegan, obtained from Cleveland, could get the pitching back in the groove.

Herb Score, apparently fully recovered from his eye injury of last May, should lift the Cleveland Indians into fifth place in Bobby Bragan's American league debut. But after that too much depends on arm weary Bob Lemon and converted relievers Don Mossi and Ray Narleski. Minnie Minoso and Larry Doby could help the attack, but first baseman Vic

Appraisal Says Mrs. Comiskey Left \$1,097,751

Fight Over Stock Between Dorothy, Chuck Continues

Chicago—(AP)—A tax appraisal setting the estate of Mrs. Grace Comiskey, principal owner of the Chicago White Sox, at \$1,097,751 was filed in Cook County court Wednesday.

Meanwhile, the court case between the principal beneficiaries of the will, Mrs. Comiskey's son and daughter, was continued until Friday after sharp debate by opposing attorneys.

Suing His Sister

Sox Vice President Charles Comiskey is suing his sister, Mrs. Dorothy Rigney, to gain release of stock, willed to both by their mother, president of the club who died Dec. 10, 1956.

Comiskey's attorney said "Dorothy Rigney doesn't want the stock distributed. It would ruin her attempt to ruin her brother."

Mrs. Rigney's attorney said she does not intend to vote the stock against Comiskey's interests but might want to expand the club's board of directors from four to five members. Mrs. Rigney is a Sox executive and also is estate executrix.

Mrs. Rigney received \$395,515 from her mother's estate. Comiskey received \$226,226.

The championship by a 1-game margin over Nelson's, which led going into the final session. Other honor scores: Dorothy Hinz, 185, 178; "Mickey" Paschke 188.

Knee Still Swollen

Wes Covington May Miss Braves' Opener

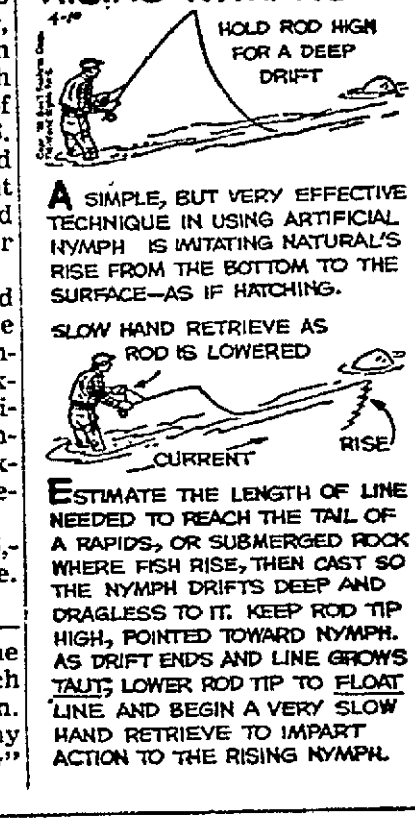

Milwaukee—(AP)—The Braves may open their 1958 season without hard hitting and sharp fielding Wes Covington, one of the key factors in Milwaukee's drive to the world championship.

The outfielder jammed his left knee while sliding home with the deciding run in Tuesday's game with the Los Angeles Dodgers in Austin, Tex.

He flew to Milwaukee Wednesday for an examination by orthopedic specialist Dr. Bruce Brewer, but the preliminary report was inconclusive.

It was Manager Fred Haney who said that Covington may miss the season opener against the Pittsburgh Pirates in Milwaukee County stadium next Tuesday. The manager would not speculate beyond that date.

SPORTSMAN'S DIGEST

Shearer May Stay

The announcement means the Braves will open without two starting outfielders, Covington and Bill Bruton who is still nursing a knee injury he received last August. That leaves Hank Aaron as the only regular in the outfield.

Replacements for Covington and Bruton must come from among Bob Hazle, Andy Pafko, Harry Hanebrink, a converted infielder, and Ray Shearer.

Even while hitting .295 Hazle and the Braves brass have not been on the best terms this season, and at one time Haney was actively seeking a replacement for him.

Covington's injury may have saved Shearer from a trip to the minor league. He wants to stay and the Braves would like to keep him, but up to the present he's hitting only .189. Pafko's batting average is only .130.

Hanebrink has tried the outfield several times but each time he's made the long walk he didn't do enough business to provide a test. He's not the only infielder trying it out, because Felix Mantilla played the last two innings in center field Wednesday.

Highly-Touted Buddy Bomar Pin Team Fails to Crack Top 10

Syracuse, N.Y. —(AP)—Buddy Bomar's highly touted Chicago team was disappointed in the American Bowling congress Wednesday night as the Jenny Five of Rochester, N.Y., took over first place in the open team standings with a 2,990.

Bomar's Munsingwear team which drew a SRO house, mustered only a 2,888, not good enough for the top 10.

Two Low Series

The North Canton Buicks of North Canton, Ohio, took over third place with a 2,964 as the Ben Duthler's of Grand Rapids, Mich., slipped to second. The Michigan team had led the open division since April 2 with a 2,975.

The Bomar outfit was hobbled by Stan Gifford and Bill

Bunetta who shot 524 and 526, respectively. Bomar saved his crew from complete oblivion by pouring in a 630 series.

Bill Lillard led off with 593. He is the only man ever to win three ABC titles in a single tournament—a feat he achieved in the 1956 show at Rochester.

John Olowski of Geneva, N. Y., who had never shot a 500 series in an ABC tournament before, clicked off 625-572-651 — 1,853 to take over fourth place in the all-events.

George Morrell of Lyndhurst, N. J., shot the first 700 series of the 12-day-old tournament, 703. His big set came in the open division where he got only 538 support from Bill Miller, Jr.

The pair's 1,241 gained seventh place in the 2-man action.

Chicago will give the Yankees a dose of Early Wynn, Billy Pierce and Dick Donovan each time they meet in a series. But the White Sox have a thin staff behind this trio and a bunch of singles hitters.

Too much depends on Ron Jackson at first, Billy Goodman on third and Jim Landis in center. With Luis Aparicio on short, Nellie Fox on second and Sherm Lollar catching the team boasts great "down the middle strength" but the Sox will miss the bats of Minnie Minoso and Larry Doby. This might be the year Al Lopez finishes lower than second for the first time in eight efforts.

Martin Is Tiger Key

Too many Tigers are being counted on to lift Detroit out of fourth place. Billy Martin may solve Jack Tighe's shortstop problem but the bats of Al Kaline, Harvey Kuenn, Charley Maxwell and Ray Boone will have to ring out with many base hits. The team was sixth in runs batted in a year ago and has averaged only 77 wins a season under three different managers in the last five years. Detroit hasn't been higher than fourth since 1950. Manager Jack Tighe deserves a better fate especially since Jim Bunning became a 20-game winner under him. The Tigers need relief pitching to spell Bunning. Frank Lary, Paul Foytack and Billy Hoelt in the late innings. Catcher Jim Hegan, obtained from Cleveland, could get the pitching back in the groove.

Herb Score, apparently fully recovered from his eye injury of last May, should lift the Cleveland Indians into fifth place in Bobby Bragan's American league debut. But after that too much depends on arm weary Bob Lemon and converted relievers Don Mossi and Ray Narleski. Minnie Minoso and Larry Doby could help the attack, but first baseman Vic

Trojans Swat 13 Homers

Experiment Shows Hurlers Can Expect the Worst in Coliseum

Los Angeles —(AP)—A lot of National league pitchers have been expecting the worst at the Coliseum this season.

It looks as if they are right. Developments in the past 24 hours indicate that pitching in the new home of the Los Angeles Dodgers is going to be about as pleasant as falling down an elevator shaft.

A college baseball team, the Southern California Trojans, went out to the Coliseum Wednesday to test the 42-foot-high left-field screen, which is just 250 feet from home plate at the foul line.

11 Over Screen

In the next half hour, the Trojans swatted 11 balls over the screen and put two more over the right field fence.

Johnny Werhas hit six of the homers in the experiment. His longest blow cleared the screen at about the 300-foot mark and landed in the 25th row. Four other righthanded swingers put one ball apiece in the stands.

Ron Fairly, a left-handed batter, drove two balls into the stands down the right field line—which runs into the wall about 300 feet from home plate. He also swung a little late once and knocked a ball over the left field screen.

Batting Practice

Of course, Wednesday's session was, nothing more than a batting practice, and the pitchers weren't trying to set any strikeout records. But when Trojan Coach Rod Dedeaux was asked what he thought about the Coliseum setup, he offered nothing calculated to set off celebrations in the pitching fraternity.

"I think they'll rain homers over that 'left-field screen,'" he said, "but round-trippers will be few and far between in right. I feel sorry for Duke Snider (a left-handed swinger)."

"The balls seem to have a strange carry in here. Some of those that went over or were caught deep didn't seem to be hit well enough to travel that far."

"It was uncanny."

In the Foreground of This Panoramic view of the Men's National Curling championships being held in Milwaukee is the Hibbing, Minn., rink, competing in the bonspiel's first round. Nick Jerulle, left, and Terry Kleffman, center, sweep the way for their stone as skip Francis Kleffman, right, watches its course. The Hibbing rink defeated the Seattle, Wash., quartet, 12-8. (AP Wirephoto)

Favored Hibbing Wins 2 Matches

Detroit and Utica Also Unbeaten In National Curling Championships

Milwaukee —(AP)— Rinks from Hibbing, Minn., Detroit and Utica, N. Y., held the upper hand today as the second annual Men's National Curling championships glided into the second day of action at the arena.

Each posted a pair of victories in as many matches Wednesday in the first two draws of the 4-day playdown.

Of the three, Hibbing was the most impressive. It rates the favorite's mantle without a doubt.

Skip Fran Kleffman, 49, and his rink-mates from the Gopher state threw a 5 at Seattle, Wash., in the tenth end in the afternoon draw for a 12-8 victory and then came back to smother Winchester, Mass., 17-2, at night.

Detroit Beats Winnetka

Detroit, with skip Ernest Slyziuk, 36, calling the shots, beat Winnetka, Ill., 12-6, and Nashua, N. H., 16-8. Utica, led by its 56-year-old skip, Fred Parkinson, walloped Fairbanks, Alaska, 16-4, and then defeated Seattle, 8-5.

Right behind the leaders with records of 1-1 were Winchester, Minn., Grafton, N. D., and Nashua, Fairbanks, Seattle and Wisconsin's standard bearer, Milwaukee, each dropped two matches Wednesday.

Winchester edged Milwaukee, 8-6, in the afternoon and Illinois did the same, 9-7, at night before a crowd of only about 300.

Kleffman and his vice skip, colorful 47-year-old Pete Beasy, the smallest and peppiest curler on the arena's artificial ice, deliver their stones with almost uncanny accuracy.

Both had accuracy averages of better than 70 per cent for the day. The accuracy average is based on a maximum of four points per man per end. It has nothing to do with the team score, but is a barometer of a player's value to his rink.

Beasy, who played on last year's national championship Hibbing team, connected for a 77 per cent accuracy average in both sessions. The current Hibbing team eliminated last year's titlists in the Minnesota playdowns.

Also on the Hibbing ring are 23-year-old Terry Kleffman, a University of Minnesota student and son of the skip, and 35-year-old Nick Jerulle, a barber.

"Everything we've done so far has been right," said the elder Kleffman. "But, I'll tell you this. The competition is tougher back home."

Zora Folley, Who Slipped in His corner in the tenth round, rests on his knee as referee Frankie Carter restrains Eddie Machen during their bout in San Francisco's Cow palace Wednesday night. The 12-round fight ended in a draw. (AP Wirephoto)

Machen Closes Fast, Draws With Folley

CONTINUED FROM PAGE B8

pound Machen, of San Francisco. Machen had won all his previous 24 fights.

Under California's 10 - must scoring system, Referee Frankie Carter favored Machen, 117-116. Judge Jack Downey scored it 115-115 and Judge Fred Apostoli saw Folley ahead 117-115. The Associated Press had Folley 117-116.

Former heavyweight champion Joe Louis opined: "It was a terrible fight. Machen wasn't sharp and Folley weakened."

Machen, rated the No. 1 contender, entered the ring a 24-1 favorite but in the early rounds seemed baffled by the potent left jab of the No. 2 challenger for Floyd Patterson's crown.

Eddie flurried to gain command in the closing rounds and that brought him from defeat. Even his manager Sid Flaherty conceded this.

Flaherty declared, "To clear the atmosphere these two boys ought to get together again."

"Sure, Folley will fight Machen again," said Swift. "But not in San Francisco."

Kubek Takes 'Personal' Air Trip to Milwaukee

Milwaukee —(AP)— The American league's rookie of the year in 1957, Tony Kubek of the New York Yankees, is a man of mystery this season.

In a surprise move the 22-year-old Jack-of-all-trades left the Yankee spring training caravan Tuesday and flew home. Efforts to discover the nature of his trip disclosed only that it was "personal," not connected with the draft or romance.

Kubek could not be reached but his father, Tony, Sr., a former ball player, furnished some information. He explained:

"It's a personal visit. He had business to take care of."

The senior Kubek also ruled out romance saying, "Tony doesn't even have a girl friend."

The young star arrived home by plane Tuesday night, had breakfast with his parents Wednesday and was away from home the remainder of the day.

His dad said he planned to leave today but he did not know whether his son would join the Yanks at Lynchburg, Va., or go on to New York to wait for the team.

Denver, Colo. —(AP)— The St. Louis Cardinals had a few, but not many, bright spots in their 10-6 loss to the Chicago White Sox here Wednesday.

Wally Moon hit a grand-slam homer in the fourth and started a 2-run rally in the sixth inning with another extra-base hit.

Pitcher Billy Muffett pitched 2-hit ball with no runs scored on him in his 3-plus innings.

But otherwise the Red Birds were just about as cold as the weather—a rainy 38 degrees.

Pitcher Larry Jackson was pushed around, giving up seven runs.

Jackson, a 15-game winner last year has not been doing well in training camp. Manager Fred Hutchinson had this to say about him Wednesday: "I don't intend to give up on Jackson, even if he hasn't looked sharp. I'll probably give him four starts or so during the early regular season."

Mesa, Ariz. —(AP)— Cub Manager Bob Scheffing says star hurler Moe Drabowski, confined to an Army hospital with a severe throat infection, may not be ready to pitch until mid-May.

Drabowski, who struck out 170 batters in a 13-15 season last year, was released from active duty with the Army Wednesday. Army officials said he would be in the hospital until at least Sunday.

The Army said the 22-year-old right-hander has lost considerable weight and is very weak.

"It looks to me as if he won't be ready before the first week in May," said Scheffing, "and it's more likely to be mid-May if he is so weakened he can't work hard for a time."

Denver, Colo. —(AP)— White Sox outfielder Tito Francona's hot bat has lifted his spring-time batting average to a torrid .373.

He lashed out four hits Wednesday as the White Sox beat the St. Louis Cardinals, 10-6, in a snowy drizzle.

Francona blasted a home run—his first—a double and two singles.

Ron Jackson hit his sixth home run in Grapefruit league competition and now has 47 total bases on 23 hits.

'Campy' Shows Improvement

CONTINUED FROM PAGE B8

Scott said. The tongs that held his broken back in place have been removed from his head, but the tube put into his throat after a tracheotomy is still there to help his respiration.

"Campy is convinced he's going to be able to walk again some day," Scott related.

"Throughout our conversation he kept saying 'I'm going to make it, I'm going to make it... the good Lord will see me through... Honest, he speaks with such faith and confidence that you get the feeling he will pull through.'"

Hopeful Signs

The doctors still cannot say what the future holds in store for Roy. There are hopeful signs.

There is an iron bar attached to the head of Camp's bed. Each day, Roy's fingers are wrapped around the bar and he is asked to try to lift his body. Roy has reached the stage where he can lift the upper region about an inch.

Mrs. Campanella came out to say goodbye. "Isn't Roy's spirit wonderful?" she asked. "He keeps all of us hopeful."

At the elevator, Ruth shook hands with the visitors and said "Roy and I thank you for coming."

Thank you, Mrs. Campanella, and good luck, Roy.

Frank Robinson Is Injured

CONTINUED FROM PAGE B8

beat Memphis of the Southern association, 10-1.

Robinson's injury occurred at Portsmouth, Ohio, where the Redlegs got little comfort from breaking a 3-game losing streak with a 2-0 triumph over the Washington Senators.

He was hit on the face by a pitch thrown by Camillo Pascual. A doctor said he suffered concussion but probably no fracture. He may be out only a few days.

Herb Score, the Cleveland Indian southpaw who almost lost an eye when he was cracked by a line drive last May, was charged with a 6-3 loss to the San Francisco Giants at Harlingen, Tex.

The Philadelphia Phillies banged the New York Yankees' aging Sal Maglie, 12-8, at Winston-Salem, N. C. The Chicago White Sox crushed St. Louis at Denver, 10-6, getting seven runs in the fourth inning. The Kansas City Athletics topped Little Rock, 8-3.

In a night game across the border, the Pittsburgh Pirates whipped Mexico City, 23-1.

Student Committee to Take Up Task of Ending Alleged Discrimination

Princeton, N.J. —(AP)— The student committee that governs the exclusive eating clubs at Princeton university has taken on the responsibility of ending alleged discrimination in the organizations.

The undergraduate interclub committee said Tuesday that it has a "moral responsibility" to try to eradicate any discrimination that may exist in the club system.

When the "bicker" or rushing period ended last February, the clubs had failed to take in 23 sophomores, about half of them Jewish. It was the first time in nine years that the clubs did not take in all members of the sophomore class.

Waukesha to Defend Volleyball Crown

Waukesha —(AP)— The Wisconsin Intercollegiate association volleyball tournament opens here Saturday for the six survivors of a record field of 170 schools.

Waukesha, the defending champion, will be joined in the round robin finals by Abbotsham, Hillboro, Whitehall, Madison West and Oondossagon. Waukesha won the state title five times in the nine previous tournaments.

Mendy Zussman Jars 647 Fraternal Series

Harold Council Raps 596 Set in Industrial Wheel

Mendy Zussman tied up a 647 kegling package Wednesday evening to lead the final edition of fraternal league bowling at Hahn's. He smashed games of 222, 223 and 202 for the Odd Fellows No. 2.

John Barta's 232 for the Moose Legion was the heartiest game. He wound up with a 542.

AAL No. 2 (58-32) won the circuit title by one game over Odd Fellows No. 2.

Harold Council's 596 was the solidest effort in the final session of Industrial league maple mauling at Hahn's. One of his singletons was a 221 for Knoke lumber (61-29), the loop champion. Appleton Coated was second, six games back.

Clarence Cartwright's 236 for Earl Litho Printing was the best solo. He wound up with a 547.

Other honor tallies:

FRATERNAL:

J. Boettcher 288, 540; W. Stranghorne 531; W. Hanson 519; R. Beelen 231; 538; R. Hahn 218; H. Vondere 215; 532; R. Jacoby 549.

INDUSTRIAL:

Kansas State Cager Jack Parr Becomes Violent in Hospital

Manhattan, Kans. —(AP)— Jack Parr, 22, star Kansas State basketball player, became suddenly violent Wednesday, thrashing doctors and nurses until he was subdued several hours later.

Parr, an above-average student and a Sunday school teacher, went berserk in his hospital room, demolishing furniture and slashing his wrists with broken glass. He lost considerable blood but his wounds were not considered dangerous.

The 6-foot-10, 200-pound giant chased hospital attendants off with a chair leg. Tear gas and hospital fire hoses failed to subdue him. Doctors then locked him in.

Finally Talked Out

Parr finally was talked out by County Atty. Richard D. Rogers and the Rev. Samuel S. George of the First Presbyterian church, his pastor.

After his wrists were treated,

he was given a sedative and taken to the state hospital at Topeka for safekeeping, accompanied by four husky policemen and an ambulance attendant.

Parr went into his frenzy when a nurse attempted to give him medication. He had been hospitalized since Tuesday night.

A senior, Parr was slated to graduate this spring. His coach, "Tex" Winter, said the Kansas State center had been under psychiatric treatment "since after last Christmas, but nothing like this has happened before."

Parr, whose home is in Richmond, Va., has been named to the Big Eight All-Conference basketball team for three straight years.

A physician who attended Parr said the tensions of "basketball had very little, if anything, to do with the present situation. If anything, basketball has helped some in therapy. Had it not been for basketball we might have gone through the same thing three months ago."

Poultry Lower, Counted As Weekend's Top Buy

Produce Counters Suffering From Slump Between Seasons, Should Pick Up Soon

Decreases in the price of chickens make the birds even more of a bargain than they have been for the last several months. It also gives them undisputed lead in the weekend's best buy listings at from 35 to 39 cents a pound.

Pork, on the other hand, has gone up a few cents during the week making it, along with most cuts of beef and veal, almost a luxury item.

A sampling of price tags shows picnic hams up 4 cents to 43 cents, ham roasts up 4 cents to 49 cents, pork steak up 6 cents to 65 cents and pork chops up 4 cents to 89 cents a pound.

Chuck roast ranges from 35 to 79 cents a pound, depending on quality, rib roast is fairly reasonable from 69 to 79 cents, round steak ranges from 85 to 89 cents, sirloin from 89 to 99 cents, veal loin roast is 69 cents, veal chops are 89 cents and veal shoulder steak is 79 cents a pound.

Eggs Good
Eggs are fair buys and command about the same price range they did before Easter. A dozen Grade A large range from 49 to 55 cents, while mediums are a few cents lower. The large sizes are considered a better buy, pound for pound. The between - season slump

Quality Standards Available Now for Breaded Shrimp

Quality standards for frozen breaded shrimp, recommended by the bureau of commercial fisheries of the U.S. Department of the Interior and issued by the U.S. Department of Agriculture, became effective for voluntary use on March 1.

These standards are the basis for controlling the quality of breaded shrimp and for inspection by the federal government. They are similar to the standards now in effect for fish sticks and some 130 other processed food products.

According to the government's description, "Frozen raw breaded shrimp are clean, wholesome, headed, peeled and deveined shrimp of the regular commercial species, coated with a wholesome suitable batter and breading."

Standards govern amount of loose breading or frost, ease of separation, uniformity of size, condition of coating, evaluation of damaged or fragmented shrimp. They are also based on the degree of deterioration, dehydration, number of black spots and condition of sand veins. The breaded shrimp will be graded U.S. Grade A, U.S. Grade B, and substandard.

This is the second fishery product for which quality standards have been set, following those for frozen fish sticks established Aug. 21, 1956. Producers, processors, distributors, as well as consumers, have long recognized the need for breaded shrimp standards, as this product represents over 12 per cent of all shrimp sold in the United States, and when breaded amounts to 50,000,000 pounds annually.

LEGAL NOTICES

STATE OF WISCONSIN, COUNTY COURT, OUTAGAMIE COUNTY, IN PROBATE
In the Matter of the Estate of ANNA DOUGLAS, Deceased.
Notice is hereby given that all claims against the said Anna Douglas, deceased, late of the Town of Black Creek, in Outagamie County, Wisconsin, must be presented to said County Court at Appleton, Wisconsin, on or before the 28th day of June, 1958, or be barred; and that all such claims and demands be adjusted and adjusted by the Court on that day, or as soon thereafter as the matter can be heard.

That notice thereof be given by publication of this Order for three consecutive weeks, once in each week, in the Appleton Post-Crescent, the first publication to be within fifteen days from the date hereof; and by mailing a copy of this Order to every interested person whose post office address is known or can with reasonable diligence be ascertained, at least twenty days before the hearing or proceeding.

Dated March 25, 1958.

Hear Objectors To Relocation Of Highway 41

Landowners Say
Proposed Route
Cuts Too Many Farms

About 100 people crowded the new courthouse annex meeting room this morning for a public hearing on relocation of Highway 41 north of Appleton, Little Chute and Kaukauna.

Despite approval by the governments of the three communities, town of Vandenberg and the Outagamie county highway committee, several landowners along the proposed route objected.

John Coenen, route 4, Appleton, said the proposed route, three-quarters of a mile north of the present roadway, cuts too many farms in half. He suggested relocating the highway one half mile north of its present location. This, he said, would place the route along more property lines, splitting fewer farms.

LeRoy Empey, Green Bay district highway engineer, said the roadway would take between 200 and 250 feet of right-of-way, depending on the section.

Highway commission members emphasized that the location was tentative and no detailed plans of construction have been started. The commission will study the record of the hearing, then make a decision on where the road should be located.

Other Objectors

Atty. Daniel Burns, representing Eugene Lambie, objected to moving the road three-quarters of a mile instead of a half-mile as did John Timmers, route 3, Appleton. Mrs. Henry Joosten, route 4, Appleton, and Bert Weyenberg, who lives near the county airport.

Anton Jansen, Little Chute, said he was speaking as a private citizen, adding that he urged the location of 41 further north when the present roadway was built. He commented that in 15 or 20 years the road

might have to be moved out again, so designers should consider putting the new 4-lane facility even further north now.

Statements Read
The meeting, conducted by State Highway Commissioner Harold Plummer, was prefaced with statements of the purpose of relocation by Plummer and Empey. Assisting in conducting the meeting were G. H. Baske, commission secretary; E. L. Rottinger, state highway engineer; and A. J. Feifarek, assistant attorney general.

Speaking for their municipalities were Mayor Robert L. Roemer, Appleton; Mayor Joseph Bayorgeon, Kaukauna; Pres. Paul Kostka, Little Chute; George Kroes, town of Vandenberg; and Fred Krause, chairman of the county highway committee.

VNA Schedules Coffee Hours

The Visiting Nurse association will hold a coffee from 3 o'clock to 5 o'clock Sunday afternoon at the VNA house for new Appleton physicians. VNA medical advisers, members of the advisory board and their wives and husbands.

Purpose of the event is to acquaint physicians with the VNA and its services. A movie picturing Appleton VNA activities will be shown.

Permits for Building 2 More Homes Issued

Eric Kirk and Leon Fischer Wednesday received permits from Building Inspector Walter Bogan for construction of new homes in Appleton.

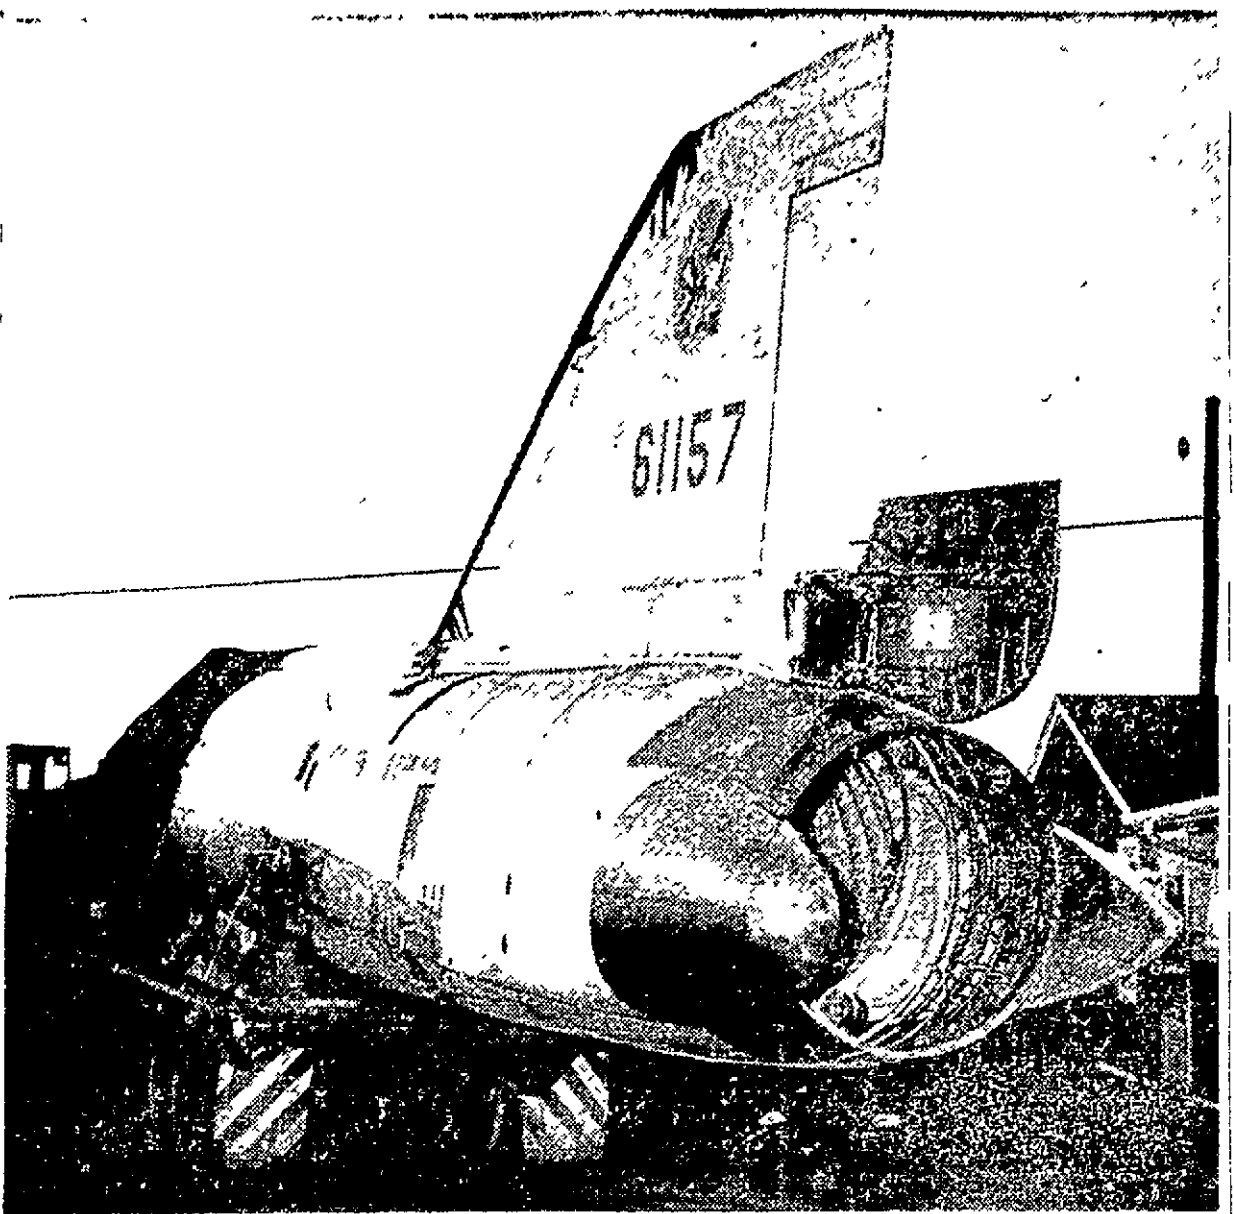

Kirk will build a 5-room house, with bath, at 430 E. McArthur street for about \$13,000. Fischer will build a 5-room house, with bath, at 630 E. Harding avenue for about \$12,000.

Birth Record

Appleton hospitals this morning reported the following births:

At St. Elizabeth:
Sons to:
Mr. and Mrs. Richard Fitzpatrick, 1217 S. Jefferson street.
Mr. and Mrs. Ronald Harvey, 1607 S. Walden avenue.
Mr. and Mrs. Gerald Larson, 813 Monroe street, Little Chute.

Daughters to:
Mr. and Mrs. J. Joseph Cummings, 715 W. Lorain street.
Mr. and Mrs. Orville Phillips, 311 E. McKinley street.
Mr. and Mrs. Robert Sosnovske, 1724 S. Bouten street.
At Appleton Memorial:
Son to:
Mr. and Mrs. George Wales, 114 Gardner's Row.
A son was born Wednesday to Mr. and Mrs. Clarence Meltz, Oshkosh. The paternal grandparents are Mr. and Mrs. Clarence Meltz, 1601 N. Morrison street.

Four Air Force civilian employees hauling the fuselage of an F-102 jet to San Antonio, Tex., for repairs stopped at an Appleton motel Wednesday night. The plane was damaged in an accident at Kinross Air force base, Sault St. Marie, Mich. (Post-Crescent Photo)

Yes, That Was A Wingless Jet on Truck

Fox Cities residents who noticed a strange object at a motel on Highway 41 east of Oneida street Wednesday night can rest easy—they really saw the fuselage of a jet plane in the motel parking lot.

The jet—an F-102—was damaged when it hit a patch of ice while landing at Kinross Air force base, Sault St. Marie, Mich.

Four air force civilian employees, hauling the plane to Kelly air base, San Antonio, Tex., for repairs stopped at the motel for the night before continuing their trip south. James Joyce, San Antonio, head of the group, said the Michigan base wasn't equipped to make the needed repairs. The wings have been shipped to Texas by plane.

The trip to Texas will take about two weeks, Joyce said. The fuselage is hauled on a special truck. The group is able to travel only about 200 miles per day. Special permits are required by many states enroute and the crew is forbidden to travel on weekends because of heavy civilian traffic.

Today's Deaths

Kenneth Fermanick

Kenneth Earl Fermanick, 2-year-old son of Mr. and Mrs. Victor Fermanick, route 2, New London, died about 6 o'clock Wednesday morning at Neenah after a short illness.

He was born Feb. 7, 1956, in New London.

Funeral services will be at 9:30 Friday morning at Most Precious Blood Catholic church, New London, with burial in the parish cemetery. Friends may call at the Cline and Hanson Funeral home, New London.

Samuel A. Trexell

Samuel A. Trexell, 88, who lived with his daughter, Mrs. Edward Archambeault, 1416 Kenilworth avenue, died Wednesday at Appleton. Born in the town of Dakota, Wauwasha county, Dec. 26, 1869, he formerly was a resident of the Neshkoro area near Wautoma.

Funeral services will be at 2 o'clock Saturday afternoon at the Raymond Methodist church near Wautoma. Burial will be in the church cemetery. Friends may call at the Hemphel Funeral home, Redgranite, after 2 o'clock Friday afternoon and until 9:30 Saturday morning and then at the church.

Survivors, in addition to Mrs. Archambeault, include another daughter, Mrs. Harvey Edgar, Oshkosh; one brother, Edgar, Neshkoro; two grandchildren and two great-grandchildren.

Joch Infant

Mitchell Anthony Joch, 1-day-old son of Mr. and Mrs. Orville Joch, town of Royalton, Wauwasha county, died about 6 o'clock Wednesday evening at Waupaca. He was born Tuesday.

Funeral services will be at 2 o'clock Friday afternoon at the Harrigan Funeral home, Weyauwega, with the Rev. Carl F. Luedtke, pastor of St. Paul Lutheran church, Manawa, officiating.

Mrs. Margaret Joslin Dies in Illinois

Mrs. Margaret Jane Joslin, 95, LaGrange, Ill., formerly of Appleton, died Wednesday in LaGrange.

Funeral services will be held at 2 o'clock Friday afternoon at the Wichmann Funeral home with burial in Riverside cemetery. Friends may call at the funeral home after 7 o'clock tonight.

Survivors include two daughters, Miss Raechel Joslin, Palatine, Ill., and Mrs. Guy Walde, Appleton; one son, Paul, LaGrange; and three grandchildren.

Burial will be in Baldwin's Mills cemetery. Friends may call at the funeral home after 7 o'clock tonight.

Among survivors, in addition to the parents, are the paternal grandparents, Mr. and Mrs. Crista Joch, town of Royalton.

William Zehren

William Zehren, 58, route 1, Clintonville, died this morning at his home. He was ill for some time with a heart condition.

The Heuer and Sievers Funeral home, Clintonville, is making arrangements.

He is survived by his widow; his father, John, route 1, Clintonville; one daughter, Mrs. Elmer Hartfield, rural Neenah; one son, Harland, Friendship; two brothers, Henry, route 1, Clintonville, and Rudolph, Appleton; three sisters, Mrs. Clara Lutzwog and Mrs. Lora McGlinn, both of Appleton, and Mrs. Arthur Roepke, Clintonville; and four grandchildren.

Schoenheide Services

Funeral services for Otto Schoenheide, 77, former town of Bear Creek resident, will be at 2 o'clock Friday afternoon at the Hoffmeister Funeral home, Watertown. Burial will be in Lebanon cemetery near Watertown.

Schoenheide died Tuesday at the home of his daughter, Mrs. Walter Becker, Johnson Creek. Survivors include two other daughters and five grandchildren.

Woman Takes Her Own Life

Despondent Since
Death of Husband,
Drinks Poison Mixture

The body of an Appleton woman who took her own life Monday was discovered by police Wednesday night in her home.

Mrs. Levi J. Buman, 52, 418 W. Hawes avenue, apparently died after drinking poison, Outagamie County Coroner Bernard H. Kemps said. An analysis of the poison is to be made.

Mrs. Buman, who lived alone since her husband's death last Sept. 9, had been despondent relatives told Kemps. Neighbors had seen no lights in the house since Sunday evening and called a relative, who accompanied police to the home.

A sister of Mrs. Buman took her own life last August at the Buman home, also by poison, Kemps said.

Mrs. Buman was born in Marathon county Sept. 28, 1905.

Funeral services will be at 2 o'clock Saturday afternoon at the Valley Funeral home, with burial in Highland Memorial park. The Rev. John M. Buran, assistant pastor at First Congregational church, will officiate. Friends may call at the funeral home after 2 o'clock Friday afternoon.

The only survivor is a brother, Paul Apitz, route 1, Menasha.

Woman Files \$2,000 Claim Against City

Mrs. Agatha Pegel, 1830 E. Glendale avenue, Tuesday filed a claim against the city for \$2,000.

She claims she injured her leg on a protruding parking meter base in the 100 block of Franklin street.

The claim will be read at Wednesday night's council meeting.

Wife of Kaukauna's Recreation, Relief Director Succumbs

Mrs. Robert Vanevenhoven, 43, 1410 Green Bay road, Kaukauna, wife of Kaukauna's recreation and relief director and assistant health officer, died this morning at her home after a long illness. She was born Oct. 13, 1914, in Kaukauna.

Funeral services will be at 9:30 Saturday morning at Holy Cross Catholic church, Kaukauna, with burial in the parish cemetery. Friends may call at the Fargo Funeral home, Kaukauna, after 7:30 tonight, where the rosary will be recited at 8 o'clock tonight and Friday night.

Survivors include the husband; her parents, Mr. and Mrs. Harry Watson, Kaukauna; two daughters and three sons, Julie Ann, Linda, Peter, Chris and Jimmy, all at home; two brothers, Clayton Watson, Kaukauna, and Harry, LaCrosse; and one sister, Miss Jeanne Watson, Kaukauna.

Winter Takes Sting From Bees

Bloomfield, N.J. — Winter took the sting out of millions of bees in hives across the state.

Paul Schindler, a beekeeper, said the extreme prolonged cold paralyzed the bees. Millions starved to death in hives when they were unable to reach honey, only inches away.

leg on a protruding parking meter base in the 100 block of Franklin street.

The claim will be read at Wednesday night's council meeting.

Arthur J. Geniesse Dies in Milwaukee

Arthur J. Geniesse, 67, Milwaukee, a former Appleton businessman and chairman of the board of trustees of the Wisconsin Elks association, died Wednesday in Milwaukee after a short illness.

He was born March 10, 1891, in Green Bay. He formerly operated a women's ready-to-wear store, the A. J. Geniesse company, on College avenue. He left Appleton about 1937. He later was employed by the internal revenue service in Milwaukee and was national secretary of the Internal Revenue Retired Employees' association.

Funeral services will be at 9 o'clock Saturday morning at St. John's Cathedral, Green Bay, with burial in the Allouez cemetery, Green Bay. Friends may call at the Mohr Funeral home, Green Bay, after 2 o'clock Friday afternoon.

Survivors include one son, Robert, New York City; one brother, George, Wilmington, Del.; and one sister, Miss Ida Geniesse, Green Bay.

Lutheran High Sets Registration Saturday

Fox Valley Lutheran High school students for next year will register at the school Saturday. Upperclassmen may register all day and prospective freshmen will register from 1 o'clock to 4:30 in the afternoon.

Freshmen will be given placement tests to aid in their choice of subjects, according to the Rev. Harold Warnke, principal.

Jobs-for-Residents Policy Beaten Again at Informal Council Session

A city-jobs-for-city-residents resolution was turned down Wednesday night as the new city council informally discussed changes in its official rules.

Ald. Robert Stumpf, who introduced a similar resolution last year only to have Mayor or Robert L. Roemer break a tie council vote to turn it down, reintroduced it Wednesday night.

He explained that he would have the rule apply to all employees hired in the future. It would not be retroactive. Policemen and firemen, if they live out of town when hired, are required to move into the city within six months, the probationary period, he said, and that should apply to all future employees as well.

Some aldermen pointed out the city might not have to worry about finding employees now, but in other years such a rule would have made employment problems tough.

Police Plan

Chief of Police Walter J. Hendricks will shortly present a reorganizational plan for his department to the Mayor, the fire and police commissioners said.

At that time, commissioners suggested, the council ought to go over the plan. Hendricks has the plan nearly complete, it was said.

The information staved off more detailed talk of police procedures and attitudes, although the commission did report it would press for an upgrading of public relations by both the police and fire departments to correct what was termed aloofness.

Commissioners were lavish in praise of Fire Chief Paul Neumann and said they believe Hendricks will be as dedicated in his job.

\$1,000 Available

The testing method by which policemen and firemen are hired was explained. Ald. Roy Pointer, Allan Sonkowsky and Donald Mueller urged the commission not to wait for groups of seven or more applicants to gather before giving the tests. Time is lost, they said, during which a prospective employee may take another job. Pointer said the high standards of the departments need not be lowered — if a lone applicant fails, he fails, but if he passes, he would be available a lot sooner.

Commissioners revealed that a city service club has offered \$1,000 to the commission for advanced training of Chief Hendricks. They said, however, that the expense ought to be borne by the city. There is a possibility of Hendricks attending a 6-week FBI course in Washington. The question is, they said, whether Hendricks can be spared. Overall, commissioners said, the council probably will find more policemen will get better training than in the past.

The commissioners revealed that a card system will be kept by the police department of repairs to vehicles whether by department mechanics or outside garagemen. The cost of repair of police vehicles by outside garagemen worried the finance committee for a time last year.

Commissioners said they moved to correct the situation as soon as they were aware of it. They suggested that the council retain that policy, acting through the mayor to give initial orders to the department and then through the commission if orders are not carried out.

3-Week Vacations

Commissioners also suggested an annual inspection of both departments by either the mayor or alone or the mayor and an undetermined group of officials.

Whatever actions the commission takes outside the realm of hiring, firing and promoting, it was said, are done in an advisory capacity only. Police policies, the commission said, are up to the council.

Mueller made a plea for 3-week vacations for policemen and firemen after 15 years of service and it was suggested that he take the plea to the budget committee next fall.

The plea came after it was said policemen and firemen will have to abide by the council rule which limits vacations to one week after one year service and two weeks after two years' service. Policemen and firemen now receive 2-week vacations after 1 year. The new rule will apply only to future hires.

Discussion showed some aldermen would oppose the 3-week vacations for a select group of city employees.

Sick Leave Rule

The sick leave rule for employees was rewritten. Employees will receive five days emergency or sick leave each year. The emergency leave will be subtracted from the sick leave and only the sick leave will accumulate to a total of 60 days. Both types of leaves will be granted by department heads, instead of an attending physician. The present rule makes no provision for emergency leave and grants five days of sick leave a year, accumulative to 60 days.

Councilmen decided against putting a new provision in the rules which would require a secret ballot in confirming all appointments made by the mayor. Mitchell said he will give the council advance notice of all appointments.

Ald. Kenneth Priebe asked the council to return to the practice of standing for a moment of silence before each council meeting. Mitchell said he would attempt to get city clergymen to be on hand for each meeting.

Mitchell made his promised request for a committee of aldermen to pick the council's four standing committees, but he was turned down. Aldermen said they would prefer the old rule under which the mayor made all appointments. Mitchell said he would have the council itself elect the committee on committees.

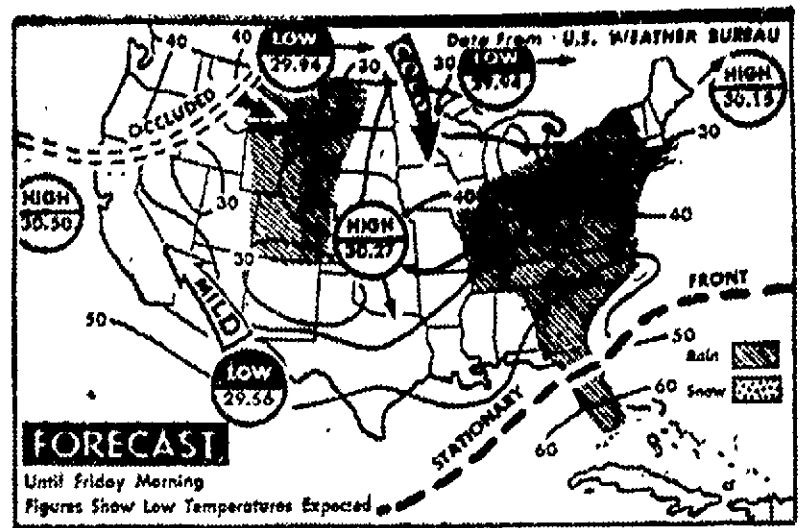

Revamp Office Hours

Office hours of city hall were changed to 8 o'clock in the morning to noon and 1 to 5 o'clock in the afternoon Mondays through Thursdays and 8 o'clock in the morning to 8 o'clock at night on Fridays. Treasurer Ray L. Feuerstein will be asked to keep his office open through the 5 o'clock closing time. He closed at 4 o'clock during tax collection time to straighten his balances, it was said.

It was suggested that the chairman of the street and sanitation committee, a job which requires about two full days a week, receive additional pay. The matter will be taken to the budget committee next fall.

The rule governing absence from city hall by officers and employees was rewritten. Officers will not have to report to the mayor unless they are leaving the city. Employees, will have to report to their department heads when they leave city hall during working hours.

All of the rule changes ordered will be presented to Tuesday night's council meeting as a committee of the whole report and be voted upon officially at that time.

Rain Is Forecast Tonight for the middle and south Atlantic states, the Ohio and Tennessee valleys and Illinois as well as in the northern plains. Snow is a possibility in New York and western Pennsylvania. It will be cooler in western Washington and Oregon, in the northern plains and in Virginia and West Virginia. (AP Wirephoto)

Wind Off Lake Keeps Eastern Areas Cool

Winds off Lake Michigan continued to chill the eastern edge of Wisconsin today, but the west and north enjoyed comparatively mild temperatures.

Appleton had a high of 44 Wednesday followed by an overnight low of 28, according to the weather station at the Wisconsin Michigan Power company. The temperature at 10:45 this morning had climbed back to 40, with the winds from the northeast at 11 miles an hour.

Milwaukee, Wednesday was in the rare position of being the second coldest spot in the United States, outside of the mountain areas. The mercury reached a high of only 36 during the day. Grand Marais, Mich., was the coldest community with 35.

Most other Wisconsin maximums Wednesday were in the 40s and low 50s, topped by Grantsburg's 55. The state low overnight was 22 at Grantsburg.

State Forecast

The state forecast calls for partly cloudy in the north and mostly cloudy in the south tonight and Friday. There will be little change in temperature. The low tonight will be from 25 to 35. The high Friday will be mostly in the 40s.

The Associated Press reported the early spring brand of wet and chilly weather continued to dominate wide areas of the nation today.

A broad precipitation belt extended across the southern part of the country east of the Rockies. More snow flurried in northern New England. Snow again fell in the northern Rockies and rain continued in the Pacific northwest, mostly along coastal areas of Oregon and Washington.

Food Producing Firm Ends Best Quarter in History

New York — The January-February-March quarter was the biggest in his company's history, Charles G. Mortimer, president of General Foods corporation, said today.

Mortimer said sales of the leading food producing firm topped \$1 billion for the first time in history in the fiscal year ended March 31.

He said General Foods had records for the year in volume and dollar sales, and in profits before and after taxes.

"We have just reviewed our projected plans for our 1959 fiscal year and have every reason to hope that, in all respects, it will be as good or a bit better than the year just concluded," he said.

Mortimer talked about General Foods' results at a news conference in which the Advertising Council launched a nationwide "Confidence in a Growing America" campaign.

Share Prices Drift Lower

Small Declines Prevail in Early Afternoon Trading

New York — The stock market backed away in full trading early this afternoon. Small losses were the rule for most key stocks.

Steels, motors, chemicals and nonferrous metals declined. Leading rails were slightly ahead on average. Utilities were fairly firm. A few stocks moved more widely.

The market was resuming a downturn interrupted by a day and a half of technical rebound following a general decline that lasted nine sessions.

Lukens Steel fell about 3 points. Eastern Corp. jumped well over a point. Lorillard lost about a point.

Youngstown Sheet dropped around a point. Fractional losses were the portion of U. S. Steel, Bethlehem and Republic Steel.

Chrysler was down a good-sized fraction while General Motors eased. Du Pont was off around a point. Standard Oil (NJ) lost a fraction.

Small losses also were taken by Anaconda, Kennecott, United Aircraft, Union Carbide, American Tobacco and Southern Railway. Boeing and Consolidated Natural Gas were slight gainers. New York Central, Southern Pacific and Chesapeake & Ohio were steady.

U. S. government bonds were steady to a shade higher.

Meat, Milk Dealers Get Reminder Letter To Renew City Permits

Letters reminding meat and milk dealers they must renew city permits before July 1 have been mailed by the city health department.

Deputy City Health Officer Claude N. Greisch said restaurants and stores which sell milk must pay \$2 for a permit. Milk plants pay \$50 and \$4 for each delivery truck. Dairy farmers selling to local companies are \$50; dairy heifers utility to commercial \$4 each. Truckers who haul milk between farmer and steady, commercial 21.00-22.00; plant are charged \$4 for each truck.

Retail meat stores and restaurants are charged \$1 for a permit. Slaughterhouses pay \$10.

Milwaukee Livestock

Milwaukee — Livestock market 10:30 quotations:

Hogs 800; steady to 50 higher; U. S. No. 1 butchers 200-220 lbs. 21.75; U. S. No. 1 and 2, 180-270 lbs 20.75-21.25; sows 425 lbs and down 18.50-19.75; 450 lbs and up 17.00-18.50; stags 12.00 - 15.00; boars 11.00-13.00.

Gullibles Rise to Bait, Says Pegler

Columnist Receives Protest After Using Reuthers' Letter From Russia

BY WESTBROOK PEGLER

I expected a few gullibles that had devoured millions. As would take the bait of the letter that Walter Reuther and his lesser brother, Eugene Lyons wrote in his after- years, "Whether three million or five or seven makes little difference."

Vic, wrote from Russia in 1933, exhorting Lyons wrote in his Red Dec- their friends to "ade, "a greater famine than fight for a So- any in Russia's history de- vict America. tated the humanity of the Uk- The joyous de- scription of raine, north Caucasus and cen- life in the tral Asia. It was not an act of workers' para- dised as seen by God but an act of man, a plan- dised as seen by God but an act of man, a plan- two carpetbag bachelors was ned famine. We all saw it com- strangely barren of personaling. We all knew that the gov- ernment could head it off by ily life. But this has been at- spending a few million dollars claimed by a few members for Canadian or American of my personal intelligentsia, grain.

The rest are yet to be heard from, but, as I apprehended when I proffered this cold- blooded text as the political testimony of an ominous moun- tebank, the letter was more persuasive than repulsive.

"What," I am asked, "was wrong with the Reuthers' de- light over the great new free- dom of the faceless, impersonal dolts of the empire suddenly come alive with humanity and toiling at their own lathes in the workers' paradise?"

Lack Strength

To state this challenge in de- tail would be to repeat in full an overlong document now eas- ily available in many newspa- pers and public documents. So I claim your permission to skip all that and jump to the point that Americans either do not know or remember the grisly truth or lack the spiritual strength to object to massacre. It might be the latter. Even Hitler's inhumanity, 10 years closer to our time than the horrors which somehow made no impression on Wal and Vic, is treated more and more as epi- sodes of "the past." It is plain, however, that Hitler's indiffer- ence to anguish and sorrow was based on precedents set by Stalin.

The Reuthers, Walter, or "Wal" as this gruesome doc- ument called him, and Vic, had entered Russia by special ac- commodation not available to persons incapable of admiring the regime and ignoring the worst slaughter in all history. Wal exulted amid a holocaust

South Africans Will Vote Amid Racial Tension

Voters Must Decide If Nation Party Is to Hold Power

Johannesburg —AP— South Africa will elect a new parlia- ment April 16 amid racial ten- sion unusual even for this race- conscious nation.

More than one million white voters are expected to choose 150 house of assembly mem- bers. Their choice will deter- mine whether the national party government of Prime Minis- ter Johannes Strijdom will re- main in power.

The government has canceled all police leaves until after the

balloting to make sure the full force is on tap in case of trou- ble.

A demonstration is planned by the African national con- gress and allied organizations in protest against racial dis- crimination.

The demonstration is slated to begin Monday with a "stay-at-home" protest and run through election day. It seeks to bypass legislation which makes it a crime for Africans to strike or advocate a walkout.

Prove Embarrassing

If effective, the move could prove embarrassing for the gov- ernment — known internation- ally for its apartheid measures designed to separate South Af- rica's three million whites and 11 million blacks.

Most of the nation's heavy labor is done by Africans. If any large number stay home two or three days, it would seriously disrupt the life of the nation.

The nationalists' main oppo- sition is the united party head-

Declare Tests Contaminated Much of North Pacific Area

Tokyo—AP—A Japanese sci- entist said Tuesday almost all the western half of the north Pacific has been contaminated by radioactive fallout from the big U.S. H-bomb blast at Biki- ni in 1954.

Speaking for a 3-scientist team, Prof. Yasuo Miyake of Tokyo's University of Education told the Japan Oceanography society it was estimated waters in the area west of Hawaii to Japan show a level of man- made radioactive contamina- tion about 10 times that of the Atlantic ocean.

Miyake claimed the radioac- tivity is showing no sign of decreasing with the passage of time. He said the contaminat- ed waters reach Japan a year after American nuclear weap- on tests are conducted at Biki- ni atoll.

Niyaka and two other scien- tists—Miss Katsuko Saruhashi

Thursday, April 10, 1958 Appleton Post-Crescent B 20

of the Weather Research Insti- tute and Kazuhisa Kameda of the Atomic Research Institute —conducted an exhaustive sur- vey of radiation distribution in Pacific waters resulting from the 1954 blasts.

Miyake said their report is based on findings of a Japa- nese observation mission in 1954, surveys by the U. S. atom- ic energy commission in 1955 and results of a joint Japan-U. S.-Canada study on north Pa- cific waters the same year.

The professor said polluted waters were gradually washed westward through the north- east coast of Japan in August 1955, one year after the experiments. He added that radioactive ele- ments scattered by both the 1954 tests at Bikini are now being carried by the current in a circle linking Hawaii, the Philippines and Japan.

Use Tranquilizers to Slow Deer for Study

Columbus, Ohio —AP— How fleet is a scared deer? Fleet enough for state veteri- narians, who are studying dis- eases among wild animals, to use tranquilizers to calm them down.

And the tranquilizers worked, reports Dr. James R. Hay, state director of agriculture. "The wild deer in captivity calmed down to the tameness of a domestic animal," he said. The animal industry labora- tory of the Ohio department of agriculture was the scene of the temporary taming of a small herd of deer so they could be examined.

Sand Spreader Bears 'Made in Appleton' Label

Fox River Tractor Company Has Sold More Than 100 Units

A sand spreader designed and manufactured in Appleton has found a nationwide market.

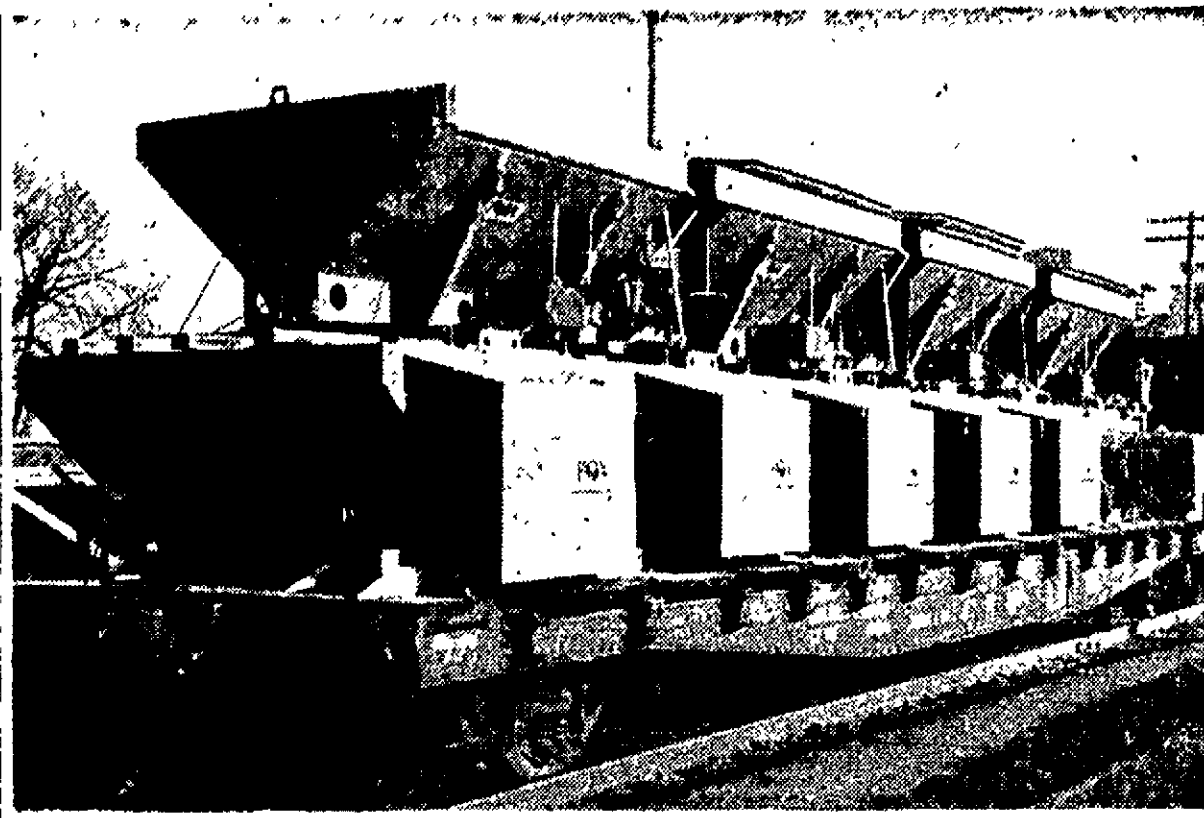

The Fox River Tractor company has sold more than 100 of the spreaders since it began producing them over a year ago, according to Erwin Sailer, secretary-treasurer of the firm.

Idea for the unit was conceived by Merritt and Allen Stabe, employees of the Appleton street department. Merritt Stabe now is a salesman for the tractor firm.

Quickly Mounted
The spreader can be mounted on a truck in 15 minutes or less. The unit is operated by one man, who uses a manual control lever to start and stop the flow of sand.

Custom spreaders with electric controls are available. Sand is spread evenly and uniformly in a width that can be adjusted from 8 to 32 feet. Spinner height is adjustable to four levels, allowing the spreader to operate in traffic without damaging passing vehicles.

Sand is spread in front as well as behind the truck's rear

Sand Spreaders Designed and Built in Appleton now are sold throughout the United States. The flat-car shown above is carrying four of the spreaders from the Fox River Tractor company assembly line. (Post-Crescent Photo)

wheels for greater efficiency on hills.

The spreader operates at speeds from 5 to 40 miles per hour, according to company officials.

3 Models Offered
Three models are available with capacities of 5, 5½ and 6½ yards when heaped. The box is 10-gauge steel with 2-inch oak guard planks. A screen of 3-inch by 3-inch mesh is mounted on a hinged frame.

All bearings are mounted in self-aligning flanges and sealed from mud, gravel and snow. Moving parts are easy to reach for service.

Nehru Asks Approval For Proposals by Ike and Khrushchev

New Delhi, India —

Prime Minister Nehru said Wednesday acceptance of President Eisenhower's atom-for-peace proposal and Russia's announcement on banning nuclear tests would create an atmosphere for easing world tension and establishing peace. Nehru told parliament that neither of these proposals taken alone would solve world problems but if accepted together

their cumulative effect would facilitate other measures toward world peace.

Nehru also rejected a demand from communist members of parliament for a second Bandung conference of Asian nations. He said the time is not ripe for such a conference because of developments in Indonesia and the Middle East. He turned down, too, a communist suggestion that India withdraw the dispute with Pakistan over the divided state of Kashmir from the United Nations. He said it was not within India's power to do this.

State Printing Under Scrutiny

Report to Inquiry Committee Shows Lack of Organization

Post-Crescent Madison Bureau

Madison — An inquiry committee of state legislators learned that state printing activities are "disorganized" and that no one person or office can estimate accurately the cost to the state or volume of material.

The first staff report was presented to the sub-committee studying state printing and considering possible ways to improve printing policies and procedure. Sen. William A. Draheim, Neenah, heads the committee.

According to staff researchers borrowed from the budget bureau, the state's printing activities are "fragmented and disorganized."

\$1,800,000 in 2 Years
"The staff has found no one person and no one office in the government that possesses a complete accounting of the publishing activities of the state," the legislative group was told.

A tentative and incomplete figure, according to the report, showed nearly \$1,800,000 spent for printing of various kinds during the last two years. The report emphasized some major exclusions, including major publishing enterprises of the University of Wisconsin and some of the larger state agen-

cies, which made it obvious that the total figure, once computed, will be vastly larger.

The preliminary study also showed that 90 per cent of the state-published materials are provided free to the public, that there is no coordinated policy on duplicating service or equipment, and that state agencies have long since circumvented the constitutional rule that all state "printing" shall be let on contract to private bidders.

Various new reproduction processes have been held to be other than "printing," the legislators were told.

Herbed Fish Fry

Anytime you have leftover raw fish, cut in small pieces, dip in batter seasoned with crumbled basil leaves and fry in deep fat until brown. Serve on toothpicks with cocktails or tomato juice.

Golden Fritters Can Vary Meals

Golden brown fritters served with your favorite meat dish — what could be a finer combination?

Tonight's Fix Corn - Pimiento Fritters, made with canned whole kernel corn and diced pimientos. Another time make them with canned crushed pineapple or chopped canned apple slices. The fruit fritters are good served for dessert, too.

Corn - Pimiento Fritters
1 egg
1 cup milk
1 cup drained canned whole kernel corn
1 cup diced pimiento
1 cup packaged biscuit mix
Mix beaten egg, milk, corn and pimiento. Add biscuit mix and stir until well blended. Drop by spoonfuls into hot deep

Appleton Post-Crescent C 1
Thursday, April 10, 1958

fat (350 degrees) and cook until golden brown, turning once. Drain on absorbent paper. Serve hot, plain or with maple syrup. Makes about 10 fritters.

Meat Stuffed Potatoes

Slice tops off baked potatoes and remove the centers. Mash, season with hot milk, butter, salt, pepper and paprika. Mix with chopped, cooked meat. Refill shells, dot with butter and return to oven to brown.

Nation's Educators Find Fault With Teenagers but See Hope for Future

BY EUGENE GILBERT

Week after week we've listened to teenagers tell what they think about their parents, teachers, the local police force, and nearly everyone else within their constantly expanding world.

Now, for once, let's turn the tables.

How do adults feel about the current crop of teenagers?

One group in a good position to know are the teachers. Not only do they have a deep interest in teenagers and their problems but they also have responsibility for steering youthful energy and enthusiasm into proper channels. To their professional care is entrusted the future of America.

Will the coming generation be able to measure up to the challenge? Or will juvenile delinquency and increasing disregard for authority dissipate our greatest raw material: youth?

Optimistic, But...

In a nationwide survey of more than 400 teachers, ranging from kindergarten to high school, we found that school personnel are unfailingly optimistic about the future of today's teenagers, but at the same time they are frankly worried about the growing problems of youth.

Nine out of every 10 teachers contacted said the future was

in good hands, but 6 out of 10 thought juvenile delinquency was increasing and less than 1 out of 10 thought it was decreasing.

to the teachers: "Do you feel that today's youngsters are the same or different from yourself at that age?"

Different, answered 63 per cent of the teachers. "Home conditions are so different," explained Stella C. Klopp, a Los Angeles high school teacher. "There is less parental control and training, less love, less respect for elders."

She was not alone in shifting the blame back onto the parents. Many teachers blamed broken homes, working mothers, a general letdown in parental authority and "too much drinking in the home" for the rebellious attitude of today's teenagers.

More Homework "They appear to be more socially mature," said grade school teacher Marian Smith of Phoebus, Va. "They date, wear makeup, drive cars and do a lot of things that I never did at that age."

The heaviest indictment came from a Lauderdale, N. C., teacher who declined to give his name: "They do not have a desire to do good in any field."

An overwhelming majority of the teachers were in favor of making teenagers knuckle down to their school work as one answer to the problem. And although it undoubtedly meant more work for the teacher, 85 per cent went on record in favor of increasing the amount of homework given, while only 15 per cent would decrease the amount.

"Increase it," insisted high school teacher Beatrice Miller of Springfield, Mass. "It will foster individual responsibility and achievement."

Teachers were dead set

Thursday, April 10, 1958

against using homework as a punishment but regarded it as essential to the child's educational development.

"Homework should not be increased merely as a chore assignment," said a Los Angeles supervisor. "It must be purposeful. It can become a creative activity."

But, added a Kansas City teacher, "It must be work. There's no getting around that second word. It's the work that molds scholarship."

Finally, what do teachers think of the manners of today's teenagers? Are they worse than, the same as or better than teenagers of say 10 years ago? Answers to this question were confined to teachers who had been in the field at least 10 years.

Worse, answered 50 per cent. About the same, said 34 per cent. Only 16 per cent saw any improvement over the years.

"They are not taught respect for anything," complained a Defiance, Ohio, grade school teacher. "Freedom of expression is the thing of the present. They are frank, bold and impertinent."

Basic Goodness

Said a Hornell, N. Y., teacher: "They reflect the manners of their parents and the manners of the general public. Both are poorer today."

Most teachers who saw no change or sensed an improvement regarded manners as a social grace that changes with the times. "Actually they are better," insisted an Elkins Park, Pa., teacher. "Modern standards of behavior have become more tolerant."

INSTANT LAUNDRY STARCH

...with purchase of regular size

BOOSTER ACTION Climalene

USE CLIMALENE WITH SOAP OR DETERGENT FOR 20% CLEANER CLOTHES...

USE NIAGARA INSTANT LAUNDRY STARCH And Get Perfect Results Every Time

For perfect home laundering, just follow these three steps:

1. Pour your favorite soap or detergent into the wash water.

2. Then sprinkle in Booster-Action Climalene—let your automatic continue its normal wash cycle. Climalene works two ways to get 20% more dirt out of the problem parts of your wash... knees and elbows of playtogs... grease and grime in work clothes... stubborn stains in linens. Here's what happens: Climalene pre-softens and conditions water so soaps and detergents do a better job. Then, Climalene adds a special power that washes out 20% more deep-in dirt. Result—cleaner and whiter clothes!

3. Next, when ready to starch, use Niagara for perfect results quickly and economically. No hot water necessary... just swish in cold water... Niagara dissolves in an instant. Buy this thrifty Climalene-Niagara combination package today.

Niagara

NO COOKING ready to use in COLD WATER

INSTANT LAUNDRY STARCH

Ready to use in cold water and so easy.

NIAGARA INSTANT STARCH FOR ONLY 1¢ A QUART*

You'll love the ease of making Niagara Instant Laundry Starch. Just swish in cold water... it's ready! Dissolves instantly... stays dissolved. No spots or white streaks. Niagara gives a wonderful "like-new" look to all your cottons. So thrifty, too. Instant Niagara starch saves time, saves work... gives results beyond compare. BUY THE 12 OZ. OR GIANT 24 OZ. ECONOMY SIZE.

*Medium starch solution

Fresh Snap Beans Bring Spring to Dinner Table

The pretty green snap bean, so delicate-crisp that in its fresh, uncooked stage it actually does snap when broken, lends itself to ideas that are particularly spring-looking and spring-tasting.

How's this for a freshly different Sunday night supper main dish—Hot Snap Bean Salad? In it, cooked fresh snap

beans and diced potatoes are tossed lightly with chopped onion and bacon crumbles in a mayonnaise dressing zested with dry mustard, black pepper and fresh lemon juice.

Fresh Snap Beans in Onion Butter, which is a lemon butter spiked with minced onions and a hint of dill seed, is very gourmet, and not at all hard to make. Another delectable creation tosses distinctively flavored fresh snap beans, cut French style, in a mixture of melted butter and toasted almonds. For color complement, top with diced red tomatoes.

There are the many simple but piquant cold salads in which fresh snap beans, cooked just enough to make their texture tender crunchy, are combined with such fresh raw vegetables as shredded carrots, tomatoes and celery.

One cup of green beans contains more than one-sixth of the daily recommended requirement of vitamin A; one-fourth of vitamin C; one-tenth of the daily requirement of iron. It also provides other vitamins and minerals as well as cellulose, which is important for digestion.

Hot Snap Bean Salad

4 medium potatoes (about 1 pound), peeled and diced
1-inch boiling water in saucepan
1 teaspoon salt
1 pound fresh snap beans, cut into 1-inch pieces
1 tablespoon mayonnaise
One-third cup vinegar
2 tablespoons fresh lemon juice

1 teaspoon salt
1/2 teaspoon ground black pepper
1/2 teaspoon garlic powder
1/2 teaspoon powdered dry mustard

1 cup chopped onion
4 slices crisp bacon
Cook potatoes with 1-inch boiling water and one teaspoon salt in a covered saucepan for five minutes. Add beans and continue cooking until potatoes and beans are tender. Drain.

Combine bacon fat with mayonnaise, lemon juice and seasonings. Heat. Pour over cooked vegetables. Add onion and toss lightly. Crumble crisp bacon over the top.

Vegetable Salad

1/2 pound fresh snap beans, cut French style (2 cups)
1 cup finely shredded cabbage
1 cup finely shredded carrots
1 cup diced fresh tomatoes
2 tablespoons diced onion
2 tablespoons mayonnaise
2 tablespoons sour cream
1/2 teaspoon ground black pepper

1 tablespoon fresh lemon juice
Head Lettuce
Radish Roses
Combine first five ingredients. Mix mayonnaise with sour cream, seasonings and fresh lemon juice. Pour over vegetables and toss lightly. Serve on head lettuce. Garnish with radish roses.

Fresh Snap Beans, Cooked Lightly to tender crispness, are tossed with diced potatoes, minced onion and bacon crumbles for a flavorful hot main dish salad.

Recipes Given for Shrimp Cocktail And Coral Sauce

Shrimp with their pink, fresh look on beds of fresh, crisp greens add their own spring-time touch to the spring dinner table.

Shrimp Cocktail
Depending on the size of shrimp, plan on four to six shrimp for each cocktail. Clean shrimp before or after cooking, whichever you like. For every pound of shrimp, heat one quart of water in a large saucepan.

Add a teaspoon of pickling spices and a teaspoon of salt for each quart. (Or, add a slice of onion, slice of lemon, celery leaves, peppercorns, salt to the water.) Let simmer for about five minutes.

Add uncooked shrimp. Let water come to boil again, and cook shrimp two to five minutes, depending on size, never longer. Drain and chill.

Serve on shredded lettuce or other greens, in seafood cocktail glasses or sauce dishes. On the shrimp or in a bowl serve plenty of your favorite seafood cocktail sauce, or this Coral Sauce.

Coral Sauce

To one cup mayonnaise or salad dressing add one-third cup chili sauce, two tablespoons vinegar, one-half teaspoon salt, one-fourth teaspoon sugar, pepper to taste, one-eighth teaspoon onion salt, and (if desired) two tablespoons sour cream. Blend well. Makes one and one-half cups sauce, or enough for about six cocktails.

Fish Stick Variety

Some fish sticks are made of haddock, others of fish allied to the cod family. This is because fish preferences are different in various parts of the country.

bles and toss lightly. Serve on head lettuce. Garnish with radish roses.

Bean Casserole
2 cups cooked snap beans, cut in 2-inch pieces
4 large tomatoes, cubed
3 slices bacon, chopped
1/2 cup chopped onion
1/2 teaspoon salt
1/2 teaspoon ground black pepper
1/2 cup grated cheese

Combine beans and cubed tomatoes. Fry bacon and remove from pan. Sauté onion and bacon fat until just tender.

Combine onion, beans and tomatoes, salt and pepper and bacon.

Place in greased casserole, top with cheese and bake in moderate, 350-degree oven until cheese is brown.

Refutes Report

Cost of Living Didn't Go Up, Says Economist

Washington, D. C. — The cost of living didn't go up after all, according to Carlos Campbell, economist, who is executive secretary of the National Consumers association.

Campbell took issue with the recent reporting of the bureau of labor statistics monthly cost-of-living index.

"It isn't often that newspapers, TV and radio commentators make the same error in reporting news but nearly all of them declared erroneously that the cost of living had increased 3.5 percent over last year," he said.

"What really happened was that the price of some food items advanced precipitously, chief among them the fresh vegetables obtained at this season of the year from Florida. Heavy freezes in that state destroyed this supply and prices soared to a record level," he stated.

Campbell contends that you don't measure cost of living by price changes alone. "It does not follow that the housewife pays out more money for her food needs merely because the prices of a few items increase, particularly when other foods, equally nutritious and desirable, did not increase measurably in price. In recent months canned vegetables, prices of which remain relatively stable, have replaced a large part of the fresh vegetable items in the housewife's food basket. The shopper is thus supplying the vegetable needs of her family for fewer dollars."

Continuing Process
This goes on all the time, Campbell said, even when the relationship between fresh and canned is normal. If the price of the fresh item goes up by only a small percentage there is little change in the comparative quantities purchased in the two forms. If, however, the price of the fresh item goes up as much as was reported last week, the housewife turns to the canned product.

Evidence of this tendency is contained in the February, 1958, issue of the National Food Sit-

uation published by the U. S. Department of Agriculture which shows that per capita consumption of fresh vegetables has declined from 120.4 pounds during the 1947-49 base period to 106 pounds for the year 1957. Canned vegetables during this same period increased from 39.2 pounds to 43.5 pounds.

Fresh vegetables that cost a dollar during the 1947-49 base period were selling at prices about one-third higher after the Florida freeze, but the canned vegetables which cost the housewife a dollar in the base period were selling at only \$1.06 last month.

Thus her outlay of money for that particular vegetable is actually less than it was before the price of the fresh went up. "Consequently, the cost of food may actually have gone down rather than up as a result of the Florida freeze," Campbell asserts.

Quick Fix Apple Tray

An easy way to entertain guests is the "quick fix" tray. Arrange unpeeled crescents of fresh apple on a tray, and serve with one or two jars of your favorite creamy cheese spread, or a yoghurt dip. The latter, in combination with fresh apple slices, will be a favorite of dieters.

Hard-Cooked Eggs Fashion Baked Tepees

These are wonderful croquettes made with hard-cooked eggs. Easily done, too, because they're baked in the oven rather than being fried in deep fat — take note calorie counters!

These crusty croquettes are gay with white rice, green parsley and red pimientos! They can be made ahead and stored in the refrigerator.

Baked Tepees

Two-thirds cup uncooked white rice
one and one-third cups water
1 teaspoon salt
1/2 teaspoon cayenne pepper
2 tablespoons finely chopped parsley
one-third cup chopped pimientos
4 hard-cooked eggs, chopped
1, 10 1/2 oz. can condensed cream of mushroom soup
About 1 cup rice cereal crumbs

1/2 cup butter
1, 10 1/2 oz. can condensed cream of celery soup
one-third cup milk

Put the rice, water and salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat down low. Cover with saucepan with a lid. Simmer over the low heat 14 minutes. Remove the saucepan from the heat but leave the lid on 10 minutes.

Stir the pepper, parsley, pimientos, hard-cooked eggs and 1 cup of the mushroom soup into the hot rice. Cool. Cover and chill in the refrigerator.

When the mixture is cold, form into eight tepee-shaped croquettes using 1/2 cup of the mixture for each croquette.

Put cereal in a paper bag to crush easily. Melt butter in a pan large enough to hold the croquettes. Roll the croquettes in the melted butter, then coat thoroughly with the cereal. Place in the pan used for

melting the fat. Cover well. Store in the refrigerator until meal time. Store overnight, if desired.

At meal time, bake in a preheated 425 degree oven 20 minutes. Serve with a sauce made by heating together the rest of the mushroom soup, celery soup and milk.

Electronic Microscope Examination of Human Tissue Seeks Cancer

Dallas — Dr. Joseph Beard of Duke university said Tuesday night the study of ultra thin sections of human tumors under a powerful electron

microscope may show whether viruses cause cancer in man.

He said many instances of virus-induced cancers are known in animals, but "the cause of human cancer as it occurs under natural conditions is presently unknown."

He said in a speech at the University of Texas southwestern medical school, "fortunately, electron microscopy has provided a means for prospecting likely growths for the presence of virus. This is feasible by cutting ultra-thin sections of tumors."

Barbecue Sauce Without Tomatoes

This barbecued frankfurter recipe may come as a surprise to those folks who are familiar with a barbecue sauce that contains tomatoes — this one is tomato-less!

The frankfurters are slashed and heated in a sauce that is piquant with onions, lemon juice, vinegar, paprika, brown sugar, Worcestershire sauce, and dry mustard.

Barbecue Sauce

- 1 pound frankfurters
- 1 small onion minced
- 2 tablespoons butter
- 1 cup water
- 2 tablespoons lemon juice
- 2 tablespoons vinegar
- 3 tablespoons Worcestershire sauce
- 2 tablespoons brown sugar
- 1 teaspoon salt
- 1/2 teaspoon each, pepper and paprika
- 1/2 teaspoon dry mustard
- 2 tablespoons minced parsley

Make several diagonal slashes in each frank. Cook onions in melted butter for three minutes. Stir in water and seasonings.

Cover and cook over low heat 15 minutes. Heat frankfurters in sauce 10 minutes.

Dessert Topping

An easy and delightful spring dessert may be made by adding one-half cup of crushed peanut brittle to one cup of apple sauce, then topping your favorite ice cream with this tangy, crunchy combination.

heat until thoroughly mixed. Add wine and let simmer 15 to 20 minutes until wine is absorbed. Add cream, chives, salt and paprika to taste, and reheat.

Soft Ginger Cookies

- 3 cups sifted flour
- 1/2 teaspoon salt
- 1/2 cup sugar
- 1 1/2 teaspoons ginger
- 1 1/2 teaspoons cinnamon
- 1 cup shortening
- 1 egg
- 1/2 cup molasses
- 1 1/2 teaspoons baking soda
- 1 cup hot coffee

Sift flour, salt, sugar and spices together. Add shortening, unbeaten egg, and molasses. Dissolve soda in the hot coffee. Add to mixture and beat until thoroughly blended.

Drop by spoonfuls, two inches apart, on greased baking sheets. Press raisin in center of each cookie.

Bake in moderately hot oven about 10 minutes.

(Copyright 1958)

Asparagus Can Be Served in Many Ways

It seems as if the early asparagus has never been so sweet and tender as is this year. Most of the asparagus crop has been immune to frost, as the shoots can be cut soon after they come from the ground.

This vegetable is important as an accessory to meat, but nothing makes a more satisfactory lunch or Sunday night supper than asparagus served on hot buttered toast with plenty of a rich cream sauce. There should be plenty of toast, also, if this is to serve as a whole first course at a meal. At dinner, we may choose lemon-flavored plain butter or browned butter, or Hollandaise or sour cream sauce.

After experimenting with several other methods of preparing the asparagus itself, the skillet method proves most satisfactory. The stalks should be thoroughly washed in running water, and the toughest ends of the stalks removed with a sharp knife. Then, about one inch of salted water is allowed to come to boiling in a large skillet. The stalks are arranged in this and covered. After the water returns to boiling, the heat should be lowered just above the simmering point. The thickest stalks may be tested with a fork and when tender, the water should be drained from them.

Another favorite method for preparing asparagus is to cut each strip in diagonal slices. These are placed in a basket and lowered into boiling salted water. When just tender, they may be dressed with hot cream.

Fresh Spring Asparagus

Trim tough ends of stalks, and wash thoroughly in running water. Bring 1-inch salted water to boil in large skillet. Arrange asparagus in this and cover. Bring to boil, lower heat to simmering, and cook just until tender. Drain and arrange on buttered toast.

Rich Cream Sauce

- 1 stick butter
- 1/2 cup flour
- 1/2 teaspoon salt
- 1 teaspoon paprika
- 1 1/2 cups milk
- 1/2 cup cream

Mince chives or parsley, if desired.

Melt butter and stir in flour, salt and paprika. Stir in one cup of the milk and continue

The Skillet Method Is a Quick and easy way to cook asparagus. Serve over buttered toast with a rich cream sauce for a good Sunday night supper.

stirring over low heat until mixture thickens. Add remaining milk and cream, and continue stirring until sauce is smooth and thick. Pour over asparagus that has been arranged on buttered toast, and sprinkle with minced parsley or chives, if desired.

Sandwich Fillings

Wonderful sandwich filling: pimiento-stuffed green olives and walnuts put through the fine blade of the meat chopper and mixed with cream cheese and a little mayonnaise. Try this on white or brown bread.

A Tempting Country Buffet of glazed ham, hominy, cabbage salad and soft ginger cookies is as easy to prepare as it is to serve.

Wholesome Food

Country Buffet Supper Can Be Adapted to Urban Meals

BY EDITH M. BARBER

Everything on the table for a country supper can be served just as well in urban or suburban life! To follow out the theme, checked tablecloths may be used or any other cloth with an informal design.

Twice recently, once in Michigan and once in New York, this type of buffet meal was served. It was easy to prepare and to serve, and how that aftermath of dishwashing was cut down! For one meal, boiled tongue was chosen and for the other, a glazed ham. The latter was purchased ready to eat and was full of flavor, as it was smoked out in Wisconsin by a special process.

For the hot dish, there was canned whole hominy, or samp as it is often known. It needed only to be stirred into melt-

ed butter, after which sherry was added. After simmering over low heat until the wine was absorbed, a small amount of heavy cream and a rather liberal portion of minced chives were added before the final heating.

A good old-fashioned cabbage salad goes very well with a meal of this sort. There was also spicy apple butter, and heated loaves of French bread. Of course, corn bread or corn sticks or flaky hot biscuits would be just as good.

The dessert, already on the table, consisted of good-sized, soft ginger cookies of which there was a liberal quantity. This added the final touch to this country supper.

Buffet Hominy
3 No. 24 cans hominy
1 stick butter
1 cup sherry or Marsala wine
1 cup heavy cream
1 bunch chives, minced
Salt
Paprika

Drain hominy. Melt butter, add hominy and stir over low

BEECH-NUT carrots are pickin' time fresh!

Pickin' time is the time when carrots are at their very best—rich in vitamins and natural-sweet flavor. Beech-Nut takes extra care to keep all the goodness of pickin' time in every jar of fruit or vegetables.

No wonder babies prefer Beech-Nut Baby Foods. They can taste the freshness, and so can you.

BEECH-NUT—the most babied food in the world

The first and only food for dogs who don't get enough exercise!

New Rival is specially made for today's less active dogs. It's low in fat, and highest in protein of all leading brands.

Read what kennel owners say about new Rival Dog Food

"Most dogs today don't exercise enough. That's why we suggest feeding plenty of protein, but not too much fat. The only dog food I know of that's made this way is Rival." Larry Canfield, Pet Ranch Kennels, Chicago.

"Inactive dogs can't burn up excess fat. That's why new Rival is such good nourishment for dogs who don't get enough exercise. It's low in fat, and highest in protein, too." Art Hess of the Hessian Kennels, Cincinnati.

Low in fat...highest protein of all leading brands

Annexation Delays

We hope one of the first problems the new city administration tackles will be the matter of how requests for annexation to Appleton are being handled at city hall.

Annexation requests are now on file that are more than a year old. In other words, people who own land that is contiguous to the city have gone through the necessary legal procedure to bring that land into the city, pay city taxes on it, extend the city's boundaries and thus provide room for the city to grow. All that is needed to consummate this highly desirable (from the city's point of view) transfer is city council action on the annexation.

The excuse is given that the city must not let annexations take place until it has figured out how it is going to serve the new areas with sewers, water mains, street extensions and the like. This means that engineering studies must be made, and we are told that such studies have had to be delayed because the city's engineers are too busy on other work to get at them right away.

While we are sympathetic with the city's problem of doing the many things that are

demanded of it with manpower and other resources limited by the budget under which it must work, it seems to us that expediting annexation matters should be given a very high priority. Many cities today actually go out and invite annexation petitions; some of them have separate departments that do nothing but whoop up the cause for annexation and process the requests. Certainly the officials of such cities would find it hard to understand why Appleton should follow a policy that makes annexation difficult to accomplish.

Nothing could be more dangerous to a growing city like Appleton than dawdling on the matter of annexation. With suburban areas developing rapidly the city is constantly in danger of being surrounded by an "iron ring" of self-sufficient suburban municipalities which in turn means that the taxpayers of the city and suburbs alike become burdened with the extra costs of duplicate facilities, offices and services. Appleton is fortunate to have people asking for annexation; the city government certainly should exert itself to process such applications as rapidly as possible.

Hot Cargo Battle on Again

The Supreme Court of the United States recently heard arguments on "hot cargo" clauses in labor contracts. This is regarded as the most important labor matter to come before the court this term. The matter was well defined in the arguments before the court. The Taft-Hartley act makes it an unfair labor practice for a union to coerce an employer not to handle another company's products.

However, the question now before the court is whether employees and employers can agree in advance on such boycotts. This question comes up as a result of a strike by the International Association of Machinists. During the strike the Machinists and the Teamsters both urged employees of trucking firms to refuse to handle goods from the struck plants, and the employees complied.

The Court of Appeals for the District of Columbia upheld the National Labor Relations Board finding of an unfair labor practice against the Machinists, but it said the Teamsters were free to boycott the struck goods because they had "hot cargo" clauses in their contracts with the carriers. The Machinists now have their case before the high court.

During the arguments Justice John

Marshall Harlan suggested that if Congress' sole intention in banning boycotts were to protect the secondary companies, there would seem to be no prohibition against such companies voluntarily bargaining away their rights. However, Dominick L. Manoli, representing the NLRB, argued that Congress intended to protect customers and the public generally as well as the secondary company. He said Congress surely didn't intend to let the companies contract away the rights of the public.

Herbert S. Thatcher of Washington, attorney for the Teamsters, declared the case would stand or fall on Manoli's contention that Congress wanted to protect public interests, not just those of the secondary employer. However, he contended that Congress had shown no such intention. He noted that Congress permits strikes and other union activities without regard for their effect on the public.

However, it should be noted that Justice Harlan discussed only the voluntary bargaining away of the employer's rights to protection from the boycott. What would happen if a union called a strike to secure such a clause in its contract? Would such a strike be coercion and therefore an unfair labor practice?

Are Americans Naturally Rebellious?

There was a time not so many years ago when to say a man "didn't drink or smoke or chew" was to set him aside from most males, unless he were a member of the clergy or a school teacher.

The expression is not heard so often now. Chewing is no longer popular but drinking and smoking have spread to the clergy, the pedagogs and beyond to the women and children. Considering the many arguments against both drinking or smoking, one must wonder why such habits gain. People certainly do not embrace them as the result of logical thinking, and there is some evidence that they actually spread most rapidly against opposition.

The American experiment in the prohibition of alcoholic drinks had the effect of increasing drinking. Now the campaign to reduce cigaret smoking because it is suspected of being a cause of lung cancer appears to have resulted in more smoking. Of course the medical discussion of the effects of cigaret smoking is not a prohibition,

but it is another form of opposition and seems to be having a similar result.

The Department of Agriculture reports that Americans smoked a record number of cigarets, 409 billion, in 1957. That represented an increase of 5.1 per cent over the number smoked in 1956. During 1957 state, city and federal taxes on cigarets reached \$2.2 billions which was a new record and nearly 5 per cent more than the collections for 1956.

The tax represents about 45 per cent of the money spent on cigarets. Thus the smokers flouting the warnings of some doctors are not only advancing the smoking habit against this form of opposition, but are spending a pretty penny to do so.

The increase in cigaret consumption was general across the nation with declines being noted only in Montana and Nebraska. The increases in consumption ranged from 1 per cent in the district of Columbia to 11 per cent in Florida and Arizona.

A good way to spread a habit in America, apparently, is to forbid it either directly or indirectly.

People's Forum

Neenah Has Plan; Should Build Facilities Now

Editor, Post-Crescent:

To you who voted "Yes" on the police station referendum, may we of the Future Planned Growth of the City of Neenah group say "Thanks."

To you, may I say as chairman of that group we do not have to pledge support of any sort—we have it. The administration of Mayor Kalfahs had a plan; the administration of Mayor Loehning had a plan; the administration of Mayor Sande had a plan. The administration of Mayor Bell has a plan that can be changed only by rezoning.

It is fitting and just that the august body of the Chamber of Commerce is awakening. They have been in their slumber too long. They beat Rip Van Winkle by 10 years or more. It is time that they sit together and introduce new large businesses into our great city of Neenah so the inhabitants can leave over \$6 million dollars annually to our local merchants and not chase our business to the north or south. As taxpayers and

citizens we do not want our main street of Neenah like a ghost town either.

May I say our churches, our parking meters, their locations and the silence, is water over the dam, as they say. The time to build the Neenah police station is now and not wait another three or four years and the taxpayers will have to dish out double \$270,000 for planning and construction. The city council bought and paid for the land that the new police station will stand on and they knew what they were doing. It is not proper or just that the purchase of new land be forced on the taxpayers at between \$500 to \$1,000 per foot. It is not proper or just that the Future Planned Growth of the City of Neenah, the Chamber of Commerce or any pressure groups impede the great or natural growth of our great city of Neenah. We are just suffering by the sins of our fathers who said Neenah won't grow on account of its lack of water power.

Wilmot A. Houpt

517 S. Lake St.
Neenah

What Others are Saying

What Is It?

From the Electric Company's The Outlet

It pays most of the taxes.
It provides most of the jobs.
It has always done most to raise wages.
It has given us all our factories and shops.
It has built our ships and railways.
It develops inventors and business build-

It originated the principles of efficiency.
It has done most to lower costs and prices.
It created the whole structure of business.
It alone can raise our standard of living.
It is the hope of the human race.
Yet—Karl Marx said it must be destroyed.
What is it? It is Private Enterprise.

Bear Hug

These Days

Cheryl Crane Should be Symbol of What Happens in a Crazy Society

BY GEORGE SOKOLSKY

(Copyright, 1958)

In these days when committees are organized in defense of all sorts of causes,

persons, spies and traitors, I should like to organize a committee in defense of Cheryl Crane, the child of tragic parents.

It is only too often in the very complex society of our city life that lonely but rich women latch themselves on to indecent men, gigolos, who live on their bounty.

But there also are men who permit, even invite, other men, simpering men to latch on to them. It is not the other way around. It is never that the gigolo goes after the women. He is not only a coward but a professional. He never takes a chance. He goes where the dough is. He goes where loneliness is. He goes where a woman has lost confidence in her charms.

He plays the game in three stages — the up-stage in the course of which she regains a sense of being wanted. She has an escort to take her places. True, she pays. Then comes the down-stage when the gigolo knows that the dame is his but that time is running out. He must get the dough fast. He must have presents. He must be master of her purse which he has measured and judged.

Threatens to Leave
It is then that he abuses the poor thing. He disgraces her in public. The threat of leaving her is potent, for after him, who will have her? Give! Give! He shrieks and if she holds back, he slaps her down.

The final stage is Who? Yeah! I once knew somebody by that name. You don't say. Well, I'm busy. I got a date.
There are lonely men, too — men who are afraid to be out in the dark. Give them an escort and they play big. They rule the world. So they permit the same types to latch onto them. Men who dress well, eat in the best restaurants, look attractive but serve as backdrops. Racketeers — on — the — make, politicians — on — the — rise, movie actors in their prime,

Safety Device Proves Hazard

Dayton, Ohio — "Tin policemen" have flunked out after one semester at five schools here.

The metal replicas of policemen, placed in the street to warn motorists of a school zone have, on occasion, been obstacles to traffic, frozen to the ground, rolled downhill in a heavy wind and placed an added burden on school custodians, the Dayton School board says.

such genera seem to need the support of little men in their public appearances.

Again, when the employer is on the up-grade, the escorts move to be in. They get known about town as being in the in. The smart ones pick up bits of side dough but nothing to embarrass the boss. They also make side connections but not too overtly. You never can tell when things might change. They are loyal enough but also know where untaxed money is hidden, where out-of-the-country bank accounts are placed. Where the boss has made a slip here or there, has cheated with a dame, etc., etc.

Give Public Job
Comes the day when the boss has arrived. He is on top. The law of life is that whatever goes up, comes down. The smart escort begins to try to cash in. It is a slower process than with women, because the cement kimono is still a way of retribution. However, there are some who pay off and pay off for a long time. The politician has it easy. He can always settle a bum in a public position. Soon enough, they meet on equal terms and the past is forgotten.

Out of such a situation has come the aphorism concerning some men, particularly political lawyers, that first they get on; then they seek honor; and finally they become honest. Only old newspapermen remember the hoary past, and who cares? The days of the muck-raker are past and who needs a controversial reporter?

The curse of all this is what it does to the children. Lana Turner has had four husbands and this horrible gigolo whom her child quite heroically murdered. The child knew all about her mother's boy friend. She hated him, obviously. One can imagine what the language of this ex-henchman of Mickey Cohen's was like. The child heard him threaten her mother. How many times before had this happened? How many nightmares had this child gone through?

Sure her mother was great. But actually she was only her mother. Nobody else's. And this great big beast of a gigolo was probably slapping her mother around. So the child put a kitchen knife in his gizzard. It is the least a child can do for a mother.

Let's form a committee to defend children who teach parents that the wage of sin is death.

Looking Backward

Two Fire Steamers Called Out

79 YEARS AGO

Quoted from the Appleton Crescent for the week of April 12, 1879.

The Second Ward Engine bell rang an alarm on Thursday morning last, caused by the burning out of a chimney in Mrs. Hamilton's residence in First Ward.

Both steamers came out. The wind was blowing a gale from the northeast at the time of the alarm and had a fire got well started it would have made short work of any building.

25 YEARS AGO

Thursday, April 6, 1933

John Frank, winner of the Heiss oratorical contest at Appleton High school, took second place in the Fox river valley contest at West Green Bay. His oration was "The Fifth Horseman."

Robert Gergen was elected president of the Dale 4-H club.

chairman of the council camp committee.

Mrs. A. M. Johnson was elected president of Appleton branch, American Association of University Women, at the meeting at the home of Miss Ruth Saecker, Appleton. Miss Kezia Manifold was named vice president.

Miss Helen Ornstein, Appleton, was to sing a number of selections over station WMAQ, Chicago, Friday night.

10 YEARS AGO

Thursday, April 8, 1948

Mrs. Ben Goldin and Mrs. Philip Schlude, Kaukauna, were reelected president and vice president of the Nicolet School Parents and Teachers association.

Four scouts were given tenderfoot ratings, one became second and another first class at a court of honor held by Troop 8 at the Congregational church. Don Cole, council commissioner, presided over the court of honor. Boys becoming tenderfoot scouts were Clarence Kramlich, Richard Jacobson, James Chudacoff and Carl Solberg, Jr. Clark Olson became a second class scout and John Mielke was advanced to first class.

Dr. A. Roy Eckhardt, assistant professor of religious education at Lawrence college, was to discuss "The Basis for Church Unity" at the meeting of the Appleton Ministerial association. Miss Clothilda Thelen was

Under the Capitol Dome

Automobile Increases Local Tax Problems

BY JOHN WYNGAARD

Madison — Every time municipal money problems in Wisconsin are examined by a reasonably objective group, it becomes obvious that the automobile is one of the principle causes of local government financial worries.

It also becomes patent upon cursory observation that the motor vehicle in most situations is in an advantageous situation, with respect to tax liability, as against all other forms of real and personal property. In short, the motor vehicle is a very poor bargain for the municipal treasuries of Wisconsin.

The topic came up again the other day, as it comes up with wearying regularity, during discussions of the interim commission of legislators and citizens considering the problems of municipal growth and expansion, and what the legislature could do to accommodate state laws to those problems and needs. But having come up, it was promptly dropped again. That is also in the usual pattern. There is a political poison in this situation that has discouraged many other inquiring groups of students and policy makers.

HOW IT GOES

The typical Wisconsin motor vehicle owner will buy a \$3,000 automobile and house it in a \$1,500 garage.

But in most jurisdictions he will pay a higher tax on the garage, as property, than he will pay on the automobile as property. In Madison, to illustrate, he would pay around \$40 to the city treasury as property tax on the garage, according to current assessment to value ratios, while the owner would pay a \$16 registration fee to the state motor vehicle department.

Moreover, all of that \$40 is retained by the city treasury for the financing of municipal services. Only a small portion of the \$16 is returned to the locality by the state, under ancient and obviously out-dated arrangements entered into many years ago when the automobile was young and unsure as a part of the individual's life.

It is true, of course, that the automobile owner pays motor fuel taxes for the privilege of driving that car over the public roads, and that a share of those tax payments are returned to his home town. But those slices paid to local treasuries are far below what is actually spent on local road improvements for the benefit of the motor vehicle user. The general property taxpayer, and more particular-

ly, the abutting property owner through special assessments, pays more in the typical town than does the man for whom the road is built, the operator of the motor vehicle.

WHY NOTE?

Yet the quickest survey of any representative Wisconsin community will show what the automobile is costing local treasuries today — in traffic law enforcement, in other police patrols, in street maintenance aside from construction, in parking accommodations, and many others.

Why is this discriminatory system permitted to continue? Mainly because the motor vehicle owner is a very sensitive fellow, politically. The merest suggestion of change sets up a clamorous howl. In Madison are thousands of youngsters driving cars who have no awareness of tax matters in general. But they would react violently to any idea of taxing their heaps. So would their parents, for the adult who has some painful appreciation of other tax burdens has become skeptical.

He doesn't, and won't, see in such auto tax revisions the promise of relief from other levies, but, rather, a new and additional levy piled upon the old.

Fletcher Knebel

Potomac Fever

Ike will throw out the first baseball of the big league season. This is the only joyful event scheduled for April 14th — otherwise known as black income tax deadline eve.

Republicans may erect election signs along new federal highway construction. Instead of the customary "caution," they'll read: "Hurrah! Men working!"

Colorado's Gov. McNichols is named to the Democratic advisory committee. Democrats love the committee. Nothing makes a Democrat happier than having some official advice to ignore.

Treasury Secy. Anderson urges congress to go slow on a tax cut. The Eisenhower team seems to be suffering a bit of a recession in anti-recession ideas.

The Cuban revolt is unique. It's one of the few in the world where both sides get more enjoyment out of bashing each other than denouncing John Foster Dulles.

The nation faces its greatest teacher shortage this fall. Lack of combat pay and failure of class-room disarmament talks are forcing teachers into peace-time pursuits.

Kids roll Easter eggs on the White House lawn. One Washington father says this always costs him \$29. Fifty cents for the kids's eggs — and \$28.85 for mama's new hat.

A Real Threat

Columbus, Ohio — Ordinary warnings about cars being towed away pale in comparison.

Delta Upsilon fraternity at Ohio State University has this sign on its chapter house parking lot: "Cars Parked Illegally In This Lot Will Be Disassembled."

LIFE'S LIKE THAT

By Fred Neher

"It's things like this that keeps Edwin carrying his lunches."

Lesson in English

BY W. L. GORDON

WORDS OFTEN MISUSED: Do not say, "Do you ever expect to go?" You don't really mean "Do you EVER EXPECT." You mean, "Do you mean EVER TO GO?"

OFTEN MISPRONOUNCED: Artificer. Accent second syllable, not the first.

OFTEN MISPELLED: Amateur: "eur," not "uer."

SYNONYMS: Permission, allowance, authority, consent, leave, liberty, license, permit.

WORD STUDY: "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day.

Today's word: indubitably; unquestionably; certainly. "This is indubitably the course we should take."

Escapes Accident But Not for Long

Tipton, Ind. — Mrs. Bryce Burkhalter of nearby Sharpville had some good luck the other day—but it didn't last very long.

She escaped unhurt when her car skidded into a ditch. Then, while waiting for a towtruck, she stepped into a hole and suffered a broken ankle.

3 Killed When Car Crashes Into Truck

Detroit — Three persons were killed when their car swerved into a truck on the Ambassador bridge here Tuesday night.

Patrolman Robert Peterson estimated the car was traveling 80 m.p.h. when it smashed into the halted semi-trailer truck. The impact of the collision peeled the top off the car. Glancing off the truck, the car continued another 200 feet before hitting a guard rail.

The trucker, Thomas Boyce, 31, of Windsor, Ontario, said he had pulled to the side of the roadway and stopped when he saw the car approaching. He was not injured seriously.

Dead are Clarence Hart, 53, Willie Johnson, 37, and Mrs. Arlene Buchner, 32, all of Detroit. Police said Hart was the driver.

Another passenger in the car, Miss Lola Henderson, 23, of Detroit, was injured critically.

Teacher Reinstated In Segregation Case

Lakeland, Ga. — Mrs. A. B. Baskin, veteran Lanier county teacher who said she was forced to resign over a segregation incident, has been reinstated.

The reinstatement was voted by the county board Tuesday at a meeting attended by state school officials. It was effective Feb. 1, the date of her resignation, and means she will lose no salary because of absence from the classroom.

Mrs. Baskin allowed a white school boy, whose own bus had left, to ride home in a Negro school bus. She claimed that she was put under pressure to resign. County board members, however, maintained that she quit voluntarily when the incident was discussed with her.

Wallace Thigpen, county school board chairman, said that state school authorities recommended that she be taken back as a teacher. She had appealed to the state board an earlier refusal of the county board to reinstate her.

Fire Station Burns

Camp Davis, Utah — A fire destroyed the fire station at this Utah National Guard training camp. It was unattended at the time.

House on Display in Arizona Shows Uses of Solar Energy

BY JOE LEWIS

Scottsdale, Ariz. — Some day this may be the scene in your home:

The solar alarm clock buzzes in your bedroom. You get up, check the thermostat to make sure the solar heating system is pumping warm air in a solar-powered car.

to offset the winter cold outside. You shave with your solar-powered razor.

Meanwhile, your wife makes breakfast on her solar-powered stove, listening to the solar radio. Then you drive off to work in a solar-powered car.

Sounds improbable? Not to the merchants, builders and industrialists who have contributed time and material to the construction of the first solar-heated and solar-cooled house. The Association for Applied Solar Energy explains that while there are other solar houses, they don't have integrated cooling systems.

Ready for Inspection
The house is scheduled to go on public display here Sunday. It was built without charge by the Phoenix Association of Homebuilders for the solar group, which has its headquarters in nearby Phoenix.

The solar association is a private organization dedicated to studying and promoting ways of harnessing the sun's power efficiently and economically. Solar energy, it believes, will help answer the future problem of dwindling conventional fuels to power industries and heat homes.

The house was designed by Peter R. Lee, a University of Minnesota student, who won \$2,500 in an international architectural contest which drew entries from a score of countries.

Ranch-Style Home
At first glance, the house resembles other ranch-style homes in the fashionable Scottsdale Desert area. Basically, it consists of two rectangular sections connected by a glass-enclosed walkway dividing an outdoor patio. The house is shaded by concrete masonry screen walls along the sides and insulation in the inner walls and ceilings and built-up

wooden roofs provide additional protection from excess heat. The house utilizes 16,000 square feet of glass. Price tag: \$50,000 or more. But the association is quick to note that this is merely an experimental luxury version and that cheaper solar houses can be and have been built for much less.

In the rear lawn is buried a 2,000-gallon water tank, one of the key components of the \$5,000 solar heating system. The other main essentials are a series of louvers, containing water pipes, located at the front and rear of the house and over the central outdoor court.

How System Works

Here's how the solar heating system works:

In winter, the louvers are adjusted so their blackened copper sides face upward to catch the sun's rays, which warm the water piped through the louvers. The heated water is pumped back to the storage tank by a conventional pumping system, which also circulates hot air given off by the pipes through a series of underground copper domes. The hot air enters the house through grill-like openings in the floor.

In summer, the louvers' aluminum backs are turned toward the sun to throw off heat and the louvers themselves are used as shade. Air flowing from the pumping system is circulated through a refrigerator and the cooled air is sent through the underground domes back into the house. If the water in the tank gets too hot, it is pumped out to an adjacent pool, which acts as a reserve storage tank for cooling.

Less Efficient in North
Because of the amount of Arizona sunshine, says John I. Yellot, executive vice president of the association, the solar house can supply year round heating and cooling needs. Elsewhere in the northern hemisphere, the solar house would supply less of the heat.

Can't Deduct Losses After Firm Merger

Court Says Parent Company Not Eligible To Use Carry-Over

Madison — A corporation's right to deduct losses from past years in computing state income taxes does not apply after it is taken into another firm in a merger, the state supreme court held today.

The parent corporation in the merger therefore is not entitled to any of the tax carry-over privileges which the absorbed firm would have been able to use in income tax computation.

Firms Absorbed
The case involved the Fall River Canning Co., Fall River, which appealed a \$16,000 state tax department assessment for additional corporation income taxes for the year ending March 31, 1951.

The Fall River firm in 1950 absorbed the Cambria Canning Corp., the Stoughton Canning Co., the Blair Packing Corp., and the Dorchester Canning Co.

ing needs the farther it is from the equator.

And therein lies its biggest drawback at present.

In Denver, a similar house would supply about 75 per cent of heating needs. In Seattle, only 50 per cent. And in Alaska — where fuel is especially costly — winter brings long nights and little sunshine, so not enough solar energy could be stored to do the job.

There are solar batteries today but their use in homes would be prohibitively expensive. Yellot predicts, however, that someday a cheap and sufficient method of storing solar heat will be discovered.

Co. The tax department claim! State law, the court held, is upheld by the State Board of Tax Appeals and by acting as Circuit Judge Edward Fairchild in Dane county. Net business losses from previous years which the Fall River firm tried to carry over from the other firms totaled \$218,118.
